Corporation of Calcutta.

LOAN NOTIFICATION.

TENDERS FOR RUPEES 34 LAKHS OF 4 PER CENT. DEBENTURE LOAN OF 1912-13.

THE Corporation of Calcutta are prepared, with the sanction of the Governor-General in Council, given under section 128 of Act III (B.C.), 1899, to open a Debenture Loan for Rs. 34,00,000 (thirty-four lakhs) on the security of the rates, taxes and dues imposed and levied under the Calcutta Municipal Act, 1899.

2. The debentures will have a currency of 30 (thirty) years from 1st November 1912, and will bear interest at the rate of 4 per cent. per annum, payable on the 1st May and on the 1st November, each year.

3. The form of the Debentures will be that given in the sixth Schedule of Act III (B.C.) of 1899.

4. Debentures will be issued only for multiples of Rs. 100.

5. Tenders for the whole, or any part, of the above loan of Rs. 34,00,000 will be received by the Secretary to the Corporation, up to 12 noon (local time) on Saturday, the 14th September 1912.

6. Each tender must be made out in the form annexed to this Notification, and enclosed in a sealed cover, addressed to the Secretary to the Corporation, and superscribed—"Tender for Municipal Loan of 1912-13."

7. Each tender must be accompanied by an earnest deposit, in Government Promissory Notes, Calcutta Municipal or Port Trust Debentures, Currency Notes or Cheques, for not less than 3 per cent. of the amount tendered.

8. When a tender is accepted, the earnest deposit, when made in Currency Notes or Cheques, will be held as a payment in part of the amount tendered, and will bear interest at the rate of 4 per cent. per annum from the date of acceptance of the tender, provided that the whole amount tendered is paid up in the manner hereinafter prescribed; but no debenture will issue for the amount of the earnest deposit so long as the entire amount of the tender is not paid, but debentures may be issued for each instalment paid in full, the earnest deposit not being included in any but the last instalment.

9. The earnest deposits on tenders which may not be accepted will be returned on application, and no interest will be payable on such deposits. If an allotment after being made is not taken up, or the full amount allotted is not paid as hereinafter prescribed, the earnest deposit shall be forfeited.

10. The rate at which a tender is made must be specified in rupees, or rupees and annas, but not in any fraction of an anna. If a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna. A tender in which the rate is not specified in rupees or rupees and annas will be rejected as null and void.

11. The whole amount of each allotment will be divided into three equal instalments as follows, payable into the Bank of Bengal :—

Instalment	I—As near as possible * to	⅓	payable on	20th	September 1912.
Ditto	II Ditto	⅓	ditto	27th	ditto.
Ditto	III Ditto	⅓	ditto	4th	October 1912.

(Earnest deposit is taken into account, if in Currency Notes or Cheques, only in connection with the third instalment.)

* *N.B.*—The words as "as near as possible" are used in this paragraph for the purpose of making each instalment an exact multiple of Rs. 100.

12. Parties whose tenders are accepted will have the option of paying all or any of the instalments before the dates specified above, and will receive interest from the date of such payment.

13. Anticipation interest will be paid on all instalments, from the respective dates on which such instalments are paid into the Bank of Bengal, to the 31st October 1912.

14. Tenders will be opened by the Finance Special Committee of the Corporation at 12 noon on Saturday, the 14th September 1912, at the Municipal Office.

15. The Corporation do not bind themselves to accept the highest or any tender.

C. C. CHATTERJEE, Secretary to the Corporation.

Municipal Office, Calcutta, the 2nd September 1912.

FORM OF APPLICATION FOR DEBENTURES.

I hereby tender for Rs. of the Municipal 4 (four) per cent. Debenture Loan for 1912-13 and agree to pay for the same at the rate of Rupees annas for every hundred rupees allotted to me, subject to the conditions stated in the Notification.

I enclose as earnest deposit (1) Government Promissory Notes, (2) Calcutta Municipal Debentures, (3) Calcutta Port Trust Debentures, (4) Currency Notes, (5) Cheque for Rs.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

AUSTRALIA, EAST COAST—MORETON BAY.

New bar cutting, Brisbane river.

No. 421 (first publication).—The Portmaster, Brisbane, has given Notice (No. 8 of 1912) that on and after 1st October 1912, the dredged cutting giving entrance to the Brisbane River hitherto will be abandoned, and the new cutting will be open to use. This new cutting is on the same alignment as the cutting from the West Beacon inwards past Luggage Point. Its bearing is S. 23° W. magnetic.

The new cutting has a bottom width of 400 feet and a net depth of 24 feet at low-water springs.

It will be marked by five red triangular beacons to starboard and five square black beacons to port when entering; the outermost beacons are on a depth of 9 feet at low water, and all beacons are 150 feet off the edge of the cutting. The marks to indicate the centre line will be two lighthouses on Bulwer Island, transferred from Fisherman Islands. By night a white light will be shown from the back tower and a red light from the front or nearer tower, these lights being the same as those marking the present entrance cutting. In addition the small floating white light now marking the outer end of the present cutting will be transferred to mark the outer end of the new cutting, and will be moored on the west side thereof in a depth of 24 feet at low water, distant 450 feet from the line of lights. It will bear N. 72° E., distant 1¾ miles from the Pile Lighthouse.

The main light and the tidal signals shown from the Pile Lighthouse will be continued as hitherto until the new Pile Lighthouse is erected, of which due notice will be given.

The small white light shown from the west beacon will be discontinued.

DIRECTIONS.

By Day.—Vessels from seaward will steer for the Pile Lighthouse as hitherto until the floating lightboat is plainly visible, when a course is to be steered to pass 450 feet to eastward of it, bringing the two lighthouses on Bulwer Island bearing S. 23° W. in line ahead. Keep them so passing six red beacons to starboard, including the present west beacon, and five black beacons to port, after which continue on the same line until past Luggage Point and the floating lightboat is neared, when proceed as before.

By Night.—Vessels from seaward will steer for the Pile Light as hitherto until the small floating white light at the outer end of the cutting is visible, when steer to pass it on the starboard hand 450 feet distant, and bring the red and white lights on Bulwer Island bearing S. 23° W. in line ahead. Keep them so passing Luggage Point until the small floating light marking the turn into the Pelican Bank Cutting is approached, when proceed as before.

The New Pile Light will bear N. 62½° E., distant 13,800 feet from the existing Pile Light, and will be 450 feet to the eastward of the line of marks for the new cutting, in a depth of 30 feet at L.W.S.

During erection wooden piles will be driven, from which at night two green lights vertical will be exhibited.

Dated Calcutta, the 28th August 1912.

RESOLUTION.

READ—

Resolution No. 853 *I.*, by the Government of Bengal, Public Works (Irrigation) Department, dated the 28th June 1906.

Resolution No. 1829 *I.*, by the Government of Bengal, Public Works (Irrigation) Department, dated the 22nd July 1911.

Minutes of the proceedings of a special meeting of the Standing Committee for waterways held on the 3rd July 1912.

OBSERVATIONS.—In accordance with the Resolutions quoted above, a Standing Committee was appointed to inspect periodically the natural and

artificial waterways between Calcutta and Eastern Bengal and Assam, and to suggest measures of improvement. The reasons which led to the appointment of this Committee in the first instance were mainly of a professional and technical nature, and the Committee itself was composed of three officials chosen from the two provinces of Bengal and Eastern Bengal and Assam, with the addition of a representative of the two Steamer Companies principally interested. It soon became apparent, however, that it was desirable to give fuller representation on this Committee to the commercial interests of each of these provinces, and to develop the activities of the Committee, converting it, from a departmental Committee constituted for inspection purposes and for the determination of professional questions, into a general advisory body which could be consulted by Government in all matters connected with the utilisation and improvement of the waterways of the two provinces. It was accordingly determined, in 1911, to add three members to the Committee to represent the Port Commissioners of Calcutta and the commercial interests of the province of Bengal and the province of Eastern Bengal and Assam respectively.

The situation has now been materially changed by the recent territorial adjustment which has brought almost the whole of the more important waterways connected with the lower courses of the Ganges and the Brahmaputra rivers under the jurisdiction of the Government of Bengal. At the same time the experience which has been obtained of the working of the existing Standing Committee for waterways has shewn that such a Committee can be of much assistance to Government, especially in view of the development of public opinion as to the importance and value of the waterways in Bengal and the desirability of ensuring that full advantage is taken of them in the interests of the commerce of the country.

Proposals have also been formulated recently in the public Press and elsewhere for the constitution of a Trust which would take charge of and administer the whole of the waterways in the Presidency, and also for the formation, in the alternative, of a Department of Government to control these waterways. The question of the constitution of a Trust will be dealt with in communication with representatives of the interests specially affected, and the formation of a Waterways Department of Government is also under consideration.

In the meantime, and subject to such orders as may be passed as to the constitution of a Trust, the Governor in Council has accepted the recommendation made at the special meeting of the Standing Committee for Waterways which was held on July 3rd for the purpose of considering the present situation, that the existing Committee should be enlarged and strengthened, and His Excellency is prepared to make full use of the help which he is confident that he will receive from the members of the newly-constituted Committee.

RESOLVED.—(1) That a Standing Committee be appointed to advise Government on the subject of the measures to be taken for the maintenance and improvement of the waterways of the Presidency of Bengal and for the regulation of traffic on those waterways, and that the said Committee be composed of the following members with such additional members as may be appointed by Government, from time to time :—

President :

The Member of the Executive Council in charge of the Public Works Department portfolio.

Members :

The Chief Engineer to the Government of Bengal.

An official member to be nominated by Government, to advise the Committee on financial matters.

The Superintending Engineer, South-Western Circle.

A representative of railway interests to be nominated by Government.

The Vice-Chairman, Port Commissioners, Calcutta.

A member to be nominated by the Calcutta Chamber of Commerce.

A member to be nominated by the Bengal National Chamber of Commerce.

A member to represent the commercial interests of Eastern Bengal, to be nominated by the Narayanganj Chamber of Commerce.

A member to be nominated by the Managing Agents of the India General Navigation and Railway Company and the Agents of the Rivers Steam Navigation Company, acting jointly.

(2) That the Government of Bihar and Orissa and the Administration of Assam be asked to assist the Committee, when occasion shall arise, by deputing their Chief Engineers to advise the Committee upon such matters as may come under its consideration, which directly affect the waterways situated in those provinces.

The Under-Secretary to the Government of Bengal, in the Irrigation Department, will act as Secretary to the Committee and the records will be kept in the Bengal Secretariat.

ORDER—Ordered that this Resolution be published in the *Calcutta Gazette* and that a copy thereof be submitted to the Government of India, Public Works Department, for information.

Ordered also that copies of the Resolution be forwarded to the Secretary, Railway Board; the Government of Bihar and Orissa, Public Works Department; the Administration of Assam, Public Works Department; the Financial Department of this Government; Superintending Engineer, South-Western Circle; the Vice-Chairman, Port Commissioners, Calcutta; the Secretary, Bengal Chamber of Commerce, Calcutta; the Secretary, Narayanganj Chamber of Commerce; the Secretary, Bengal National Chamber of Commerce, and the Managing Agents, Steamer Companies (India General Navigation and Railway Company and Rivers Steam Navigation Company), Calcutta, for information.

By order of the Governor in Council,

H. H. GREEN,

Offg. Secy. to the Govt. of Bengal.

RESOLUTION ON THE ANNUAL REPORT OF THE PORT OFFICER, CALCUTTA, FOR 1911-12.

No. 2147Marine.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT.

MARINE.

Dated Calcutta, the 2nd September 1912.

RESOLUTION.

READ—

Letter from the Port Officer, Calcutta, No. 5894, dated the 8th August 1912, submitting the Annual Report of the Department for 1911-12.

THERE were four casualties during the year—two branch pilots retired from the service, and one died; two leadsmen apprentices were recruited from England during the year; one appointment was offered to local candidates, but no application was received in response. The total strength of the service was 58 pilots and 14 leadsmen.

2. An increased number of vessels visited the port, viz., 1,708 with a gross tonnage of 6,765,071 against 1,670 vessels with a gross tonnage of 6,375,298 in the previous year. One thousand seven hundred and four vessels with a gross tonnage of 6,750,128 left the port, against 1,666 vessels with a gross tonnage of 6,388,041 in 1910-11. Pilotage receipts amounted to Rs. 14,76,000, as against Rs. 14,37,370 in 1910-11, and Rs. 13,67,388 in 1909-10.

3. Of the vessels entering the port. 285 drew over 21 feet while 1,077 vessels drawing over 21 feet left the port during the year. No sailing ship of this draught visited the port or left it during 1911-12.

4. No vessel was neaped, inward or outward bound, during the year under report, as there was always a sufficient depth of water over the bars of the river. In 1910-11, five vessels were neaped at Diamond Harbour. For want of pilots, five vessels were detained at the Sandheads against two in the previous year. Twelve officers were carried on to the next port of call in June owing to bad weather at the Sandheads against two in 1910-11.

5. Twenty-three groundings occurred against twenty-six in the previous year, and two collisions against three in 1910-11. Eight of the groundings were accidental and three were due to an alteration in the channel of the river. In ten cases, the pilot was held to be free from blame, while in the remaining two, the groundings were attributed to his imprudence or error of judgment. The pilots in fault were suitably dealt with by Government. As regards collisions, the enquiries held showed that one case was due to an error of judgment, and in the other the pilot was not to blame.

6. No court under Act XII 1859 (an Act for the trial of pilots) was held during the year under report.

7. Eighty candidates appeared at the examination for the grant of Colonial and Home Trade certificates of competency, of whom half the number was successful. There were 653 candidates for examination for the grant of certificates of competency as master, serang, engineer and engine-driver under the Inland Steam-vessels Act, 1884, of whom 194 passed. One license as a steam-tug pilot was granted to a successful candidate.

8. Mr. G. Robertson continued as first Engineer and Shipwright Surveyor throughout the year.

Engineer C. F. Laslett, R.I.M., was second Engineer and Shipwright Surveyor up to 18th October 1911, when he reverted to the Royal Indian Marine, making over charge of his duties to Engineer A. A. Macdonald, R.I.M., Engineer W. G. Horley was appointed as third Engineer and Shipwright Surveyor on the same date.

Commander C. J. C. Kendall, D.S.O., R.I.M., was Port Officer throughout the year, except for four months when he was on privilege leave, and Commander C. B. Henley, R.I.M., who was Deputy Port Officer and Deputy Shipping Master throughout the year, carried on the current work of the Port Officer's Department in addition to his own duties. Lieutenant O. Goldsmith, R.I.M., was Assistant Port Officer and Deputy Shipping Master during the year. The acknowledgments of Government are due to Commander Kendall for his efficient supervision of the work of the Department during the year under review.

By order of the Governor in Council,

H. H. GREEN,

Offg. Secy. to the Govt. of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE FIRST QUARTER OF THE YEAR 1912-13.

FINANCIAL DEPARTMENT.

SEPARATE REVENUE BRANCH (SALT).

Dated Calcutta, the 29th August 1912.

THE following report on the state of the salt market for the first quarter of the year 1912-13, comprising the months of April, May and June 1912, in the Presidency of Bengal as constituted on the 1st April 1912, is published for general information.

2. The quantity of salt of every description cleared during the quarter amounted to 3,366,227 maunds (including 1,554,605 maunds issued under the credit system), as compared with 3,572,010 maunds (including 1,312.059 maunds issued under the credit system) in the previous quarter and 3,422,074 maunds (including 993,683 maunds issued under the credit system) in the corresponding quarter of the previous year. The net amount of duty levied was Rs. 28,91,713 (including Rs. 13,76,910 adjusted under the credit system), as against Rs. 31,25,138 (including Rs. 11,15,973 adjusted under the credit system) in the previous quarter, and Rs. 29,98,699 (including Rs. 7,96,191 adjusted under the credit system) in the corresponding quarter of the previous year.

3. The subjoined table I shows in detail the importations into the port of Calcutta and the total clearances of sea imported salt during the quarter, compared with the figures of the corresponding quarters of the two previous years :—

* Inclusive of 1,554,605 maunds of salt issued under the credit system. Besides this quantity, 18,410 maunds of salt were issued under the credit system to inland bonded warehouses.

Compared with the corresponding quarter of the previous year and the same quarter of 1910-11, importations were greater by 30·01 per cent. and 28·2 per cent., respectively, but clearances were less by 2·2 and 4·9 per cent. As compared with the corresponding period of the previous year, the increased imports from Spain, Aden, Massowah and the United Kingdom and the decreased imports from Hamburg and Bremen and Port Said are specially noticeable.

4. Table II shows the quantity of sea-imported salt remaining in the warehouses at the close of the quarter as compared with the preceding four quarters :—

The stocks remaining in the *golas* at the close of the quarter were considerably greater than those of the preceding four quarters.

5. The figures showing the despatches of salt from Calcutta by different routes during the quarter under report will be published as usual in the *Calcutta Gazette* by the Director-General of Commercial Intelligence when they are available.

6. The quantity of salt despatched during the quarter by the East Indian Railway to stations beyond Buxar was *nil*, as against 622 maunds in the previous quarter and 2,207 maunds in the corresponding quarter of the previous year.

7. The quantity of saltpetre salt excised in the refineries of Bengal during the quarter amounted to 140 maunds, as compared with 240 maunds in the previous quarter, and 280 maunds (inclusive of 20 maunds of *sitta*) in the corresponding quarter of the previous year.

8. The shipments of Liverpool salt during the quarter for the port of Calcutta according to the published market reports amounted to 51,066 tons. It is reported that the vessels named in the margin are on the sea bound for Calcutta with cargoes of salt from Hamburg and Bremen. The quantity given against each ship is approximate only.

RETURN OF JOINT-STOCK COMPANIES FOR THE YEAR 1911-12.

No. 113, dated Calcutta, the $\frac{1st}{3rd}$ July 1912.

From—RAI KRIPA NATH DUTT BAHADUR, Registrar of Companies, Bengal,

To—The Inspector-General of Registration, Bengal.

I HAVE the honour to submit the annual report on the working of the Indian Companies Act VI of 1882 and the Societies Registration Act XXI of 1860 in Bengal for the year 1911-12 with the ten statistical tables prescribed by the Government of India.

2. Under instructions from the Government of Bengal this report has been prepared for the province as it stands after the 1st April 1912. The figures for the districts now forming the province of Bihar and Orissa have been excluded, and those of Eastern Bengal now transferred to this province have been included.

3. The number of companies registered during the year was 126 against 68 of the preceding year, of which 124 were limited by shares and two were limited by guarantee against 66 limited by shares and two limited by guarantee of the previous year.

4. The Star of India Insurance Company, Limited, with a nominal capital of Rs. 1,00,000, was registered on the 11th April 1911, and went into liquidation on the 23rd September of the same year; it was accordingly not shown in the statement of new companies.

5. Classified list of companies limited by shares registered during the year of report and the preceding year :—

Classification	1911-12	1910-11
Banking and loan	8	7
Insurance	56	12
Trading companies	41	29
Mills and presses	5	4
Tea and other planting companies ...	8	9
Mining and quarrying	5	5
Land and Building	1	...
Total ...	124	66

6. Classified list of companies limited by guarantee registered during the year of report and the preceding year :—

Classification	1911-12.	1910-11
Insurance	1	...
Trading companies	1	2
Total ...	2	2

7. Fourteen companies ceased to work during the year of report against 24 of the previous year, and six companies that went into liquidation in previous years submitted their final reports during the year. As far as could be ascertained all the above companies were wound up for their liabilities.

8 During the year of report 137 companies limited by shares increased their capitals against 129 of the previous year, and four such companies reduced their capitals against five of the previous year.

9. The total number of companies limited by shares working at the close of the year was 745 with an aggregate nominal capital of Rs. 82,69,60,700 and paid up capital of Rs. 26,47,57,634 against 635 companies with an aggregate nominal capital of Rs. 80,20,15,200 and paid up capital of Rs. 25,65,18,576 of the previous year.

10. From the classified list of new companies in paragraph 5 of this report it appears that there were increases in almost every branch of trade, but those under the heads of "Insurance" and "Trading companies" were very marked and require explanations.

11. The increase under the head of "Insurance companies" is believed to have been due to the introduction of the Insurance Bill in the Council of His Excellency the Viceroy stipulating the deposit of a large sum of money in Government securities with the Comptroller-General before commencing to carry on the business of life assurance. To avoid the payment of the deposit money for some time, a number of insurance companies with nominal capitals varying from Rs. 1,000 to Rs. 10,00,000 were ushered into existence only a few months, and in some cases a few days, before the passing of the Insurance Act, 1912. It is feared a number of these companies will not be able to carry on the business of life assurance successfully.

12. The increase in the number of trading companies may be explained by the fact that the *swadeshi* spirit among the more sensible and well meaning sections of the native community is assuming a definite shape by way of practical endeavours for the development of the trade and industries of the country.

13. There was a decrease under the head of "Tea and other planting" companies during the year of report as compared with the previous year, and it may be explained by the fact that in some quarters it is believed that any further attempts to increase the cultivation of tea would lead to the increase of supply over the demand.

14. The idea of floating new joint-stock companies limited by shares received special encouragements from the Indian community, as out of the 124 new companies, 95 were promoted by Indians, 14 jointly by Indians and Europeans and 15 by Europeans. It must be admitted, however, that in Bengal the number of companies floated and successfully managed by Indians is still in a minority.

15. The increase of paid-up capital during the year was distributed among the different classes of companies as shown below:—

	Number of companies	Increased capital
		Rs.
Banking and loan	16	2,25,995
Insurance	12	3,57,890
Trading companies	53	55,26,422
Mills and presses	9	7,16,735
Tea and other planting companies ...	11	9,22,580
Mining and quarrying	20	13,40,887
Land and building	2	6,26,860
Sugar manufacturing	1	307
Other companies	3	10,190
Total ...	127	97,27,866

16. The following table shows the number of papers registered during the year:—

Memorandum of association	130
Articles of Association	88
Notice of situation and removal of registered office ...	138
Balance sheets	775
Summaries of capital and lists of share-holders ...	580
Special resolutions	49
Miscellaneous papers	69

17. The total amount of fees realized during the year of report was Rs. 23,868-4, but the total expenditure cannot be correctly shown, as the office of the Registrar of Joint-Stock Companies, Bengal, is amalgamated with that

of the Registrar of Assurances, Calcutta. The cost of the sanctioned establishment for the office of the Registrar of Joint-Stock Companies Bengal, was Rs. 1,117-4-4 during the year of report, but the establishment being quite inadequate for the work assistants under the Registrar of Assurances, Calcutta, had to be employed continually for bringing up arrears.

18. The papers required to be filed under the Indian Companies Act were generally filed in time, with the exception in the case of the Rajmahal Stone Company, Limited. The Managing Director of this company was repeatedly asked to submit the balance sheets and lists of share-holders, but he failed to do so, and an application was made to the Inspector-General of Registration for sanctioning his prosecution; but before such sanction could be obtained, one of the shareholders of the company instituted proceedings against the Managing Director of the company in the Court of the Chief Presidency Magistrate of Calcutta under section 74 of Act VI of 1882, by whom he was convicted and fined Rs. 50.

19. No company availed itself of the provisions of the Indian Companies Branch Registers Act, IV of 1900.

20. From personal enquiries made and reports received from Magistrates of districts, it was found that the provisions of sections 69 of Act VI of 1882 were complied with in all cases during the year.

21. The following six societies were registered under Act XXI of 1860 during the year :—

1. The National Council of Young Men's Christian Association of India and Ceylon.
2. The Industrial Home and School for Blind Children.
3. The Maju Public Library.
4. The Gandhabanik Databya Sabha.
5. Noakhali Town Hall.
6. Dacca Orphanage Society.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 2nd September 1912.

Summary.—During the week light rain fell throughout the province. The heaviest fall recorded is that from Jalpaiguri. It only amounted to 6·39 inches. The harvesting of *aus* paddy is nearly finished and the transplantation of *aman* paddy is well forward. Although the prospects of the rice crop are favourable, there is still a slight tendency for prices to rise. The average price of the previous week was Rs. 4·428 per maund; but for the present week under report the price has risen o Rs. 4·448 per maund. Small outbreaks of cattle-disease are reported from Nadia, Murshidabad, Khulna, Burdwan, Midnapore and the Chittagong Hill Tracts.

(*b*) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy raiyat, non-occupancy raiyat, or under-raiyat, and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;

(*c*) the situation and quantity, and one or more of the boundaries of the land held by each tenant or occupier;
(*d*) the name of each tenant's landlord;
(*e*) the name of each proprietor, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of the lands, if any, which are his private lands as defined in Chapter XI of the Act;
(*f*) the rent lawfully payable or deliverable in money or kind by each tenant at the time the record-of-rights is being prepared;
(*g*) the mode in which that rent has been fixed, whether by contract, by order of a court, or otherwise;
(*h*) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
(*i*) the cess lawfully payable by each tenant to his landlord at the time the record-of-rights is being prepared;
(*j*) the rights and obligations of each landlord and tenant in respect of:—
(1) the use by tenants of water for agricultural purposes, whether obtained from a river, jhil, tank or well or any other source of supply, and
(2) the repair and maintenance of appliances for securing a supply of water for the cultivation of the land held by each tenant, whether or not such appliances be situated within the boundaries of such land;
(*k*) the special conditions and incidents, if any, of the tenancy;
(*l*) any right-of-way or other easement attaching to any land for which the record-of-rights is being prepared;
(*m*) if the land is claimed to be held rent-free, whether or not rent is actually paid, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and if so entitled, under what authority.

PUBLIC WORKS DEPARTMENT.

MIS. PUBLIC IMPROVEMENTS.

The 10th September 1912.

No. 2M.P.I.—Notification.—In exercise of the power conferred by section 3 of the Indian Electricity Act, 1910 (IX of 1910), the Governor in Council is pleased to grant to the Calcutta Electric Supply Corporation, Limited, the following license to supply electrical energy in the area specified in the said license :—

THE CALCUTTA RIVER LICENSE, 1912.

License for the supply of energy granted by the Government of Bengal under the Indian Electricity Act, 1910, to supply electrical energy in the area with the powers and upon the terms and conditions specified below.

SHORT TITLE.

1. This license may be cited as "The Calcutta River License, 1912."

INTERPRETATION.

2. The several words, terms and expressions to which, by the Indian Electricity Act, 1910, or by the rules thereunder, meanings are assigned shall have in this license the same respective meanings, provided that in this license—

(1) the Act shall mean the Indian Electricity Act, 1910;
(2) the expression "the licensees" shall mean and include the said Calcutta Electric Supply Corporation, Limited, and their permitted assigns; and

(3) the expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Public Works Department, and by the applicants under the name and style of the Calcutta Electric Supply Corporation, Limited.

AREA OF SUPPLY.

3. The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as follows :—

By a line drawn across the river Hooghly at the centre of the Belgharria Feeder Road from high water mark on the left bank to high water mark on the right bank; thence southwards along the high water mark on the right bank of the river Hooghly to a line drawn due north and south from the right bank to the left bank of the river Hooghly at the centre of the Nimackmahal Ghat Road; thence along the high water mark on the left bank of the river Hooghly to the Belgharria Feeder Road.

The boundaries whereof are delineated in the deposited map.

POWER TO LAY MAINS OUTSIDE AREA OF SUPPLY.

4. The licensees may lay down or place electric supply lines for the conveyance and transmission of energy from a generating station situated or to be situated at Cossipore (outside the area of supply) to the boundary of the area of supply.

LIMITS OF PRICE TO BE CHARGED IN RESPECT OF THE SUPPLY OF ENERGY.

5. The prices to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely :—

For lighting purposes—For any quantity up to 20 units, Rs. 20 only, and for each unit over 20 units annas eight only,

For purposes other than lighting—annas four per unit,

or, in the case of a method of charge approved by the Local Government in accordance with clause X of the Schedule to the Act, such maxima as the Local Government may fix on approving the matter.

PURCHASE OF UNDERTAKING.

6. (1) The option of purchase of the undertaking given by section 7 of the Act shall be exercisable on the 20th day of October 1918 and at the expiration of every subsequent period of ten years, and the terms of purchase to which the previous sanction of the Governor-General in Council has been obtained shall be similar to those contained in the Calcutta Electric License, 1907, that is to say, they shall be such as are prescribed by section 7 (1) of the Act, omitting the provisoes to such sub-section and with the addition immediately after the words "such value to be" in the concluding sentence of the substantive portion of such sub-section of the words "calculated on the basis of the value of the undertaking as a going concern and to be."

(2) In accordance with section 3, sub-section (2), clause (*d*) (*ii*) of the Act, it is hereby declared that the generating station to be used in connection with the undertaking shall not form part of the undertaking for the purpose of purchase under section 5 or section 7.

ADDITION TO, VARIATIONS FROM, AND EXCEPTIONS FROM THE SCHEDULE TO THE ACT.

7. In pursuance of section 3, sub-section (2), clause (*f*) of the Act, it is hereby expressly declared that clauses I, III, V, VI, VII, VIII, IX and XII of the Schedule to the Act shall be excepted from incorporation in this license.

DRAFT.

RULES FOR THE EXAMINATION OF STOKERS FOR CERTIFICATES OF COMPETENCY.

Examinations.

1. The Bengal Smoke-nuisances Commission may grant certificates of competency to persons as stokers and shall hold examinations for the purpose of granting such certificates.

Time and place of examination.

2. Examinations shall be held in the office of the Commission on the second Wednesday of every month, and shall be continued from day to day until all the candidates who have presented themselves and whose names appear on the list on the day of the examination have been examined.

Certificates.

3. Certificates of competency referred to in Rule 1 may be granted in two grades, viz.—

(*i*) higher grade or certificate of competency as tindal-stoker, and
(*ii*) lower grade or certificate of competency as ordinary stoker.

Applications and Testimonials.

Application for examination.

4. All applications for examination shall be made on Form I in the Appendix. This form, duly filled in, together with the candidate's testimonials and the prescribed fee, shall be presented to the Secretary to the Commission at least three days before the day of the examination.

Testimonials of character and service.

5. No candidate shall be eligible for examination unless—

(*a*) he produces satisfactory testimonials as to sobriety and good conduct during at least the last twelve months' service preceding the date of his application, and

(*b*) he shows satisfactory service as a stoker within the six months immediately preceding the date of his application :

Provided that if references of doubtful authenticity be submitted by a candidate, proof of their genuineness may be required on his affidavit.

Record of service.

6. All testimonials of service shall ordinarily be based on the employé's records, and any break of service shall be satisfactorily explained.

Date of birth.

7. Should any doubt exist as to the age of a candidate, he shall be required to produce a satisfactory certificate as to the date of his birth.

Physical defect

8. A candidate suffering from any physical defect which in the opinion of the Commission is likely to interfere with the duties of a stoker shall not be eligible for examination.

Qualifications for Ordinary Stokers.

Age and past service of candidate.

9. No person shall be eligible as a candidate for a certificate of competency as ordinary stoker unless he has attained the age of 18 years and has served for at least six months as stoker or assistant stoker.

Nature of examination.

10. A certificate of competency as ordinary stoker shall not be granted to a candidate unless—

(*a*) he passes a satisfactory *viva voce* examination before the Inspectors regarding—

(1) the uses and working of steam-boilers and their fittings ;
(2) the management of the different types of furnaces ;
(3) the use of the various stoking tools ;
(4) the effect of opening and closing dampers ;
(5) the effect of too much or too little air-supply ;
(6) the description of the various arrangements of flues and chimneys ;
(7) the classification of the various kinds of coal and coke used, and their distinctive peculiarities as to steam-raising and general heating efficiency ; and
(8) the prevention of smoke, and

(*b*) he proves by practical test, to the satisfaction of the Inspectors, his ability to stoke various types of furnaces, and to apply any other test to which he may be subject.

Qualifications for Tindal-Stokers.

Age and past service of candidate.

11. No person shall be eligible as a candidate for a certificate of competency as a tindal-stoker unless he has attained 20 years of age and has served for at least twelve months as a stoker with an ordinary stoker's certificate.

Nature of examination.

12. A certificate of competency as tindal-stoker shall not be granted to a candidate unless—

(*a*) he passes an advanced *viva voce* examination before the Inspector in the subjects specified for the examination of an ordinary stoker in clause (*a*) of rule 10,

(*b*) he explains to the satisfaction of the Inspector the working of steam-engines and boiler feed apparatus, and

(*c*) he shows by practical test to the satisfaction of the Inspectors his ability to be in charge of a range of furnaces.

Practical test.

Fees.

Fees.

13. Fees for examinations held under these rules shall be payable as follows :—

	Rs.
(*i*) For examination of a candidate for a certificate as ordinary stoker	5
(*ii*) For examination of a candidate for a certificate as tindal-stoker	8

Payment of fees.

14. No applications for examination or re-examination under these rules shall be considered unless the same is accompanied by the payment of the prescribed fee. and no part of any fee once paid shall be returned to the applicant under any circumstances :

Provided that any applicant whose past service is not sufficient to entitle him to be examined, or whose testimonials are unsatisfactory, may present himself again for examination without payment of any further fee, when he has fulfilled the requisite service or is able to produce satisfactory testimonials, as the case may be.

Re-examination.

Failure.

15. If a candidate fails in his examination, he may not present himself for re-examination until he can produce proofs of at least three months' further satisfactory service as a stoker.

General.

Form of certificates.

16. Every certificate of competency as ordinary stoker and tindal-stoker shall be made out and issued in Forms II and III, respectively, in the Appendix.

Issue and record of certificates.

17. Every certificate granted under these rules shall be made out in duplicate, one copy being delivered to the person entitled to the certificate, and the other being kept and recorded in the office of the Commission.

Grant of copies of certificates.

18. If the holder of a certificate of competency, granted under these rules, proves to the satisfaction of the Commission that he has, without fault on his part, lost or been deprived of such certificate, the Commission may grant to him a copy of the certificate on payment of a fee of Rs. 5. Such copy shall have the same effect as the original certificate.

Suspension or cancellation of certificate.

19. Any certificate of competency granted under these rules may be suspended or cancelled by the Commission if it is proved to their satisfaction, on enquiry, that the person holding the certificate has become careless in his duties as a stoker or is otherwise considered undeserving of the certificate.

RULES FOR THE GUIDANCE OF PRIVATE CANDIDATES FOR THE MATRICULATION EXAMINATION, 1913.

THE following rules for the guidance of private candidates for the Matriculation examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term private students includes *bonâ fide* school masters.

3. Private students must appear at the test examination of one of the following institutions on the dates mentioned against it :—

Name of school.	Date of examination.
Rajshahi Collegiate School ..	On the date fixed by the Principal of the College.
Jalpaiguri Zilla School ...	2nd December 1912.
Rangpur Zilla School ..	
Bogra Zilla School ..	
Pabna Zilla School ..	
Malda Zilla School ..	
Darjeeling High School ...	

Each private student will pay a fee of Rs. 2 to the head of the institution at which he appears for the test examination. The balance after the payment of expenses (stationery, etc.) will go to the Examiners as remuneration. No private student will be admitted to the test examination unless he is accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

4. Applications for permission to appear must be sent in time to reach this office not later than the 7th November 1912. The information to be given and the documents to be appended in original are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate in original granted to the candidate by the Head Master of the school in which he last read; or

(*c*) in the case of a candidate who previously appeared at the Matriculation examination the Registrar's receipt in original for the fee paid.

(*d*) Age of the candidate. No candidate who has not completed the age of 16 years on the first day of the Matriculation examination will be allowed to appear at it.

(*e*) In the case of school masters a certificate of good conduct from the Secretary or proprietor of the school in which he is serving or from the Deputy Inspector of the district concerned.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation examination.

(*g*) A statement by the candidate giving the following facts :—

(*i*) Residence
(*ii*) Father's name.
(*iii*) Second language besides English.
(*iv*) Vernacular language from which translation is to be made into English in the first English paper.
(*v*) Which of the following subjects he has taken up :—

(*i*) Additional Mathematics.
(*ii*) Additional paper in the classical language
(*iii*) History.
(*iv*) Geography.
(*v*) Elementary Mechanics.

[*N.B*—A student who failed to pass the annual examination for promotion to the first class at the end of the session 1912 and then left the school can, under no circumstances, be allowed to appear at the examination.]

5. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission to the test examination.

6. The head masters of the institutions named above should direct private students who satisfy the test to appear before them in due time with their applications for admission to the Matriculation examination and to sign them in their presence. They will then grant the necessary certificates and forward the application to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

7. In no circumstances should the fee for the Matriculation examination be sent to the Inspector's office. It should be sent to the Registrar by the candidates themselves together with the countersigned applications.

8. Private students must understand that the test examination of any school other than those named above will not be accepted by the Inspector.

9. The Matriculation examination will be held on the 3rd March 1913 and the following days. The applications and fees must reach the office of the Registrar on or before the 18th January 1913.

BANK OF BENGAL.
Calcutta, the 5th September 1912

(1562—1)

Notice to Tenderers.

(See A. R. I., Vol. III, paras. 135 and 136.)

I.—Sealed Tenders for the supply of the undermentioned stores from 1st November 1912 to 31st March 1913 will be received by the Superintendent, Remount Depôt, Calcutta, up to 4 P.M on the 15th September 1912.

II.—Forms of "Tender" and "Schedules" (I. A. F. Z. 2120, 2121 and 2122) of the stores for the supply of which tenders are invited are obtainable on payment at the rate of Re. 1 per set on application in writing, and samples of the articles to be supplied can be inspected at the Depôt Godown, Remount Depôt, 25, Garden Reach, Calcutta, any day (Sundays and holidays excepted) between the hours of 10 A.M. and 2 P.M.

III.—Tenders will only be received in accordance with the conditions on these printed forms, which must be submitted in English and should specify in words as well as in figures the rate at which each description of article named in them will be delivered. Fractional parts of pies in rates will not be accepted. Tenders must be duly signed and completed in accordance with the instructions they contain.

IV.—Tenders should be accompanied by a deposit in the form of a $\frac{\text{Presidency Bank}}{\text{Treasury}}$ Receipt or Government Promissory Notes, Provincial or Municipal debentures, or Port Trust bonds, as earnest-money, at the rate of 2 per cent. on the total value of the stores tendered for, subject to a minimum of Rs. 25, which deposit will be returned on acceptance or rejection of the tender. In the case of Promissory Notes being furnished they must remain in the name of the depositor.

V.—No security or deposit which the tenderer may have furnished in connection with a previous contract or on any other account can be accepted as earnest-money.

VI.—The approval or rejection of tenders rests with the Quartermaster-General in India, who reserves to himself the right of rejecting any tender, or any items in a tender, without cause assigned. The lowest tender will not of necessity be accepted.

VII.—Tenders will be opened at this office at 12 A.M. on Monday, the 16th September 1912. Tenderers are invited to attend.

VIII.—Parties tendering are particularly requested to give their addresses in full.

IX.—Any further information required can be obtained on application to this office between the hours of 10 A.M. and 4 P.M (Sundays and holidays excepted).

X.—Tenders must be sent under a strong cover securely fastened, sealed with a distinctive device and conspicuously marked "Tender for the supply of grain and fodder," and addressed to the Superintendent, Calcutta Remount Depôt, Babugarh (U. P.), and not to any officer by name.

XI.—Tenders which do not comply with the above conditions will be rejected.

J. BRUCE, CAPTAIN,
Superintendent, Remount Depôt.

Corporation of Calcutta.

LOAN NOTIFICATION.

TENDERS FOR RUPEES 34 LAKHS OF 4 PER CENT. DEBENTURE LOAN OF 1912-13.

THE Corporation of Calcutta are prepared, with the sanction of the Governor-General in Council, given under section 128 of Act III (B.C.), 1899, to open a Debenture Loan for Rs. 34,00,000 (thirty-four lakhs) on the security of the rates, taxes and dues imposed and levied under the Calcutta Municipal Act, 1899.

2. The debentures will have a currency of 30 (thirty) years from 1st November 1912, and will bear interest at the rate of 4 per cent. per annum, payable on the 1st May and on the 1st November, each year.

3. The form of the Debentures will be that given in the sixth Schedule of Act III (B.C.) of 1899.

4. Debentures will be issued only for multiples of Rs. 100.

5. Tenders for the whole, or any part, of the above loan of Rs. 34,00,000 will be received by the Secretary to the Corporation, up to 12 noon (local time) on Saturday, the 14th September 1912.

6. Each tender must be made out in the form annexed to this Notification, and enclosed in a sealed cover, addressed to the Secretary to the Corporation, and superscribed—"Tender for Municipal Loan of 1912-13."

7. Each tender must be accompanied by an earnest deposit, in Government Promissory Notes, Calcutta Municipal or Port Trust Debentures, Currency Notes or Cheques, for not less than 3 per cent. of the amount tendered.

8. When a tender is accepted, the earnest deposit, when made in Currency Notes or Cheques, will be held as a payment in part of the amount tendered, and will bear interest at the rate of 4 per cent. per annum from the date of acceptance of the tender, provided that the whole amount tendered is paid up in the manner hereinafter prescribed; but no debenture will issue for the amount of the earnest deposit so long as the entire amount of the tender is not paid, but debentures may be issued for each instalment paid in full, the earnest deposit not being included in any but the last instalment.

9. The earnest deposits on tenders which may not be accepted will be returned on application, and no interest will be payable on such deposits. If an allotment after being made is not taken up, or the full amount allotted is not paid as hereinafter prescribed, the earnest deposit shall be forfeited.

10. The rate at which a tender is made must be specified in rupees, or rupees and annas, but not in any fraction of an anna. If a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna. A tender in which the rate is not specified in rupees or rupees and annas will be rejected as null and void.

11. The whole amount of each allotment will be divided into three equal instalments as follows, payable into the Bank of Bengal :—

Instalment I—As near as possible * to	⅓	payable on	20th	September 1912.
Ditto II	Ditto	⅓	ditto	27th ditto.
Ditto III	Ditto	⅓	ditto	4th October 1912.

(Earnest deposit is taken into account, if in Currency Notes or Cheques, only in connection with the third instalment.)

*N.B.—The words as "as near as possible" are used in this paragraph for the purpose of making each instalment an exact multiple of Rs. 100.

12. Parties whose tenders are accepted will have the option of paying all or any of the instalments before the dates specified above, and will receive interest from the date of such payment.

13. Anticipation interest will be paid on all instalments, from the respective dates on which such instalments are paid into the Bank of Bengal, to the 31st October 1912.

14. Tenders will be opened by the Finance Special Committee of the Corporation at 12 noon on Saturday, the 14th September 1912, at the Municipal Office.

15. The Corporation do not bind themselves to accept the highest or any tender.

C. C. CHATTERJEE, Secretary to the Corporation.

Municipal Office, Calcutta, the 2nd September 1912.

FORM OF APPLICATION FOR DEBENTURES

I hereby tender for Rs. of the Municipal 4 (four) per cent. Debenture Loan for 1912-13 and agree to pay for the same at the rate of Rupees annas for every hundred rupees allotted to me, subject to the conditions stated in the Notification.

I enclose as earnest deposit (1) Government Promissory Notes, (2) Calcutta Municipal Debentures, (3) Calcutta Port Trust Debentures, (4) Currency Notes, (5) Cheque for Rs.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

New bar cutting, Brisbane river.

No. 421 (second publication).—The Portmaster, Brisbane, has given Notice (No. 8 of 1912) that on and after 1st October 1912, the dredged cutting giving entrance to the Brisbane River hitherto will be abandoned, and the new cutting will be open to use. This new cutting is on the same alignment as the cutting from the West Beacon inwards past Luggage Point. Its bearing is S. 23° W. magnetic.

The new cutting has a bottom width of 400 feet and a net depth of 24 feet at low-water springs.

It will be marked by five red triangular beacons to starboard and five square black beacons to port when entering; the outermost beacons are on a depth of 9 feet at low water, and all beacons are 150 feet off the edge of the cutting. The marks to indicate the centre line will be two lighthouses on Bulwer Island, transferred from Fisherman Islands. By night a white light will be shown from the back tower and a red light from the front or nearer tower, these lights being the same as those marking the present entrance cutting. In addition the small floating white light now marking the outer end of the present cutting will be transferred to mark the outer end of the new cutting, and will be moored on the west side thereof in a depth of 24 feet at low water, distant 450 feet from the line of lights. It will bear N. 72° E., distant 1¾ miles from the Pile Lighthouse.

The main light and the tidal signals shown from the Pile Lighthouse will be continued as hitherto until the new Pile Lighthouse is erected, of which due notice will be given.

The small white light shown from the west beacon will be discontinued

DIRECTIONS.

By Day.—Vessels from seaward will steer for the Pile Lighthouse as hitherto until the floating lightboat is plainly visible, when a course is to be steered to pass 450 feet to eastward of it, bringing the two lighthouses on Bulwer Island bearing S. 23° W. in line ahead. Keep them so passing six red beacons to starboard, including the present west beacon, and five black beacons to port, after which continue on the same line until past Luggage Point and the floating lightboat is neared, when proceed as before.

By Night.—Vessels from seaward will steer for the Pile Light as hitherto until the small floating white light at the outer end of the cutting is visible, when steer to pass it on the starboard hand 450 feet distant, and bring the red and white lights on Bulwer Island bearing S. 23° W. in line ahead. Keep them so passing Luggage Point until the small floating light marking the turn into the Pelican Bank Cutting is approached, when proceed as before.

The New Pile Light will bear N. 62½° E., distant 13,800 feet from the existing Pile Light, and will be 450 feet to the eastward of the line of marks for the new cutting, in a depth of 30 feet at L.W.S.

During erection wooden piles will be driven, from which at night two green lights vertical will be exhibited.

RESOLUTION.

READ—

The Administration Report of the Commissioners for the Port of Chittagong, for the year 1911-12.

Ordinary income.—The income of the ordinary Port Fund during the year 1911-12 amounted to Rs. 1,89,128 against Rs. 1,34,928 in the preceding year, showing an increase of Rs. 54,200 or 40·17 per cent. The increase was shared by all the sources of revenue with the exception of "other Port Dues" "Fines" and "Fees for licensing passenger boats" and was due to a general improvement in the trade of the Port.

The income was supplemented by a grant of Rs. 50,000 from Government, by another grant of Rs. 2,257 for Boat Traffic Registration office, and by the sale proceeds (Rs. 38,184) of a plot of revetment land taken over by the Assam-Bengal Railway Company for their Coal Depôt.

The value of the Port Commissioners' properties (less depreciation), including light-houses, lands, works (finished and in progress), stores and

materials, vessels, cash and securities, etc., was estimated to be Rs. 34,83,336, against Rs. 32,70,104, at the close of the preceding year.

2. *Ordinary expenditure.*—The expenditure from the ordinary Port Fund (excluding the sum of Rs. 3,747 spent on capital account) amounted to Rs. 1,73,682, against Rs. 1,38,626 during the preceding year, showing an increase of Rs. 35,056. The increased expenditure was chiefly due to payments made for repairs to the L. V. "Sarsuti" and to the S. T. "Gekko" including fitting new boilers for the latter, and to the payment of arrears due on account of the Port Fund share of the cost of the Port Police establishment.

The total opening balance of the ordinary Port Fund on the 1st April 1911 amounted to Rs. 1,37,681, and the closing balance on 31st March 1912 to Rs. 1,59,465. The liabilities of the Port Trust on the 31st March 1912, exclusive of the loans taken from Government for revetment work, amounted to Rs. 39,574.

3. *Dredging.*—The Dredger *Karnafuli* was at work for 168 days during the year on the inner and outer bars of the River Karnafuli and near the railway terminal jetties. A Government grant of Rs. 92,000 was made to meet the cost of the maintenance of this work, which has proved of considerable value in checking shoaling on the bars as well as in the Port itself.

4. *Revetment.*—The Government grants placed at the disposal of the Port Commissioners for revetment work up to the end of 1910-11 amounted to Rs. 14,44,753, and the amount given during the year 1911-12 was Rs. 1,69,142. A loan of Rs. 1,00,000 from Government was applied for by the Port Commissioners, but was not sanctioned by Government as the financial position of the Port Fund was held to be not sound enough to justify the grant of further loans. A Government grant of Rs. 50,000 to the Port Fund, however, enabled the Commissioners to spend an equivalent sum on revetment work.

The outstanding balance of loans on this account on the 31st March 1912 was Rs. 5,94,725.

The revetment of the right bank was continued and completed in section IV as far as Khal No. 8 or a distance of 16,240 feet from Mohesh Khal. It is probable that no further extension of the revetment will be made for the present.

5. *Light-houses.*—The Kutubdia and Norman's point light-houses were maintained in good order; the lights were exhibited throughout the year without interruption, and no complaints were received.

6. *Shipping.*—During the year 388 vessels entered the Port, with a net aggregate tonnage of 367,048 as against 378 vessels, with a net aggregate tonnage of 355,293, which entered the Port last year.

Three accidents occurred to vessels, but no material damage was caused.

7. *Trade.*—The value of the imports and exports of the foreign and coasting trade amounted to 784·06 lakhs of rupees against 660·51 lakhs in the preceding year. The increase appears to indicate general progress in the growth of the Port as there were no abnormal circumstances to account for it, and it was observable in all branches of trade—the import and the export trade, the foreign and the coasting trade, alike.

8. *Jetties.*—The jetties are the property of the Assam-Bengal Railway Administration who have controlled and worked them since March 1903. The construction of a fifth jetty is under the consideration of the railway authorities. On the completion of the Bhairab-Tangi extension of the Assam-Bengal Railway the connection of the port by railway with the important districts of Dacca and Mymensingh will, it is expected, contribute largely to increase the import and export trade of the port, and this will necessitate additional jetty accommodation.

9. *Health of the Port.*—The general health of the Port was good. There was no outbreak of epidemic or infectious disease. All the foreign-going ships were inspected by the Port Health Officer.

10. The thanks of Government are due to the Hon'ble Mr. F. N. Fisher, Chairman, and the Commissioners for their efficient administration of the Trust.

By order of the Governor in Council,

H. H. GREEN,
Offg. Secy. to the Govt. of Bengal.

REPORT ON WEATHER AND CROPS

For the week ending on the 9th September 1912.

Summary.—During the week under report the rainfall was generally light throughout the province except in the Chittagong Division and in some parts of the Rajshahi Division. The harvesting of autumn rice has been completed in most districts and the outturn is fairly good. The harvesting of jute is proceeding. The transplantation of winter rice is nearing completion and prospects are good. The average price of common rice for the province shows a slight tendency to fall as compared with the previous week. Outbreaks of cattle-disease are reported from six districts, but are confined to particular localities.

NOTIFICATION.

No. 3388A.D.—The 14th September 1912.—The following revised rules for the conduct of the departmental examinations, held under the direction and control of the Central Examination Committee, having been sanctioned by the Governor of Bengal in Council, are hereby published for general information.

SECTION I.—GENERAL.

1. These rules shall apply to the departmental examinations of the junior members of the Indian Civil Service, the Executive Branch of the Provincial Civil Service, Subordinate Civil Service, Police and other departments of the Public Service, to whom they may from time to time be made applicable.

2. All Assistant Magistrates, Deputy Magistrates and Collectors, Sub-Deputy Collectors, Assistant Superintendents of Police, and others (to whom these rules may be applicable), who may have been more than six months on duty, shall, and those who have been less than six months on duty, may, at their option, be subjected to half-yearly departmental examinations, and shall be required to pass according to the standard, or the standards, of examination which may be applicable to them respectively in each subject, according to the rules hereinafter set forth.

3. To direct and control these (half-yearly) departmental examinations, there shall be a Central Examination Committee appointed by Government. It shall consist of a President and of as many members (of whom one shall be Secretary) as the Government may think proper to appoint from time to time.

4. The examination for all candidates will be held at a single centre in Calcutta.

5. Each Divisional Commissioner shall report to the Chief Secretary to the Government of Bengal the names of intending examinees. Heads of Departments will, in the same way, notify to the Chief Secretary the names of intending examinees in their respective departments.

6. The Government, after collecting all the lists, will prepare a complete list of all officers liable to appear at the examination, and forward a general list to the Secretary to the Central Examination Committee, at least three weeks before the examination.

7. The Examination Committee shall be constituted as follows:—

President	...	The Commissioner of the Presidency Division.
Members	...	The Collector of the 24-Parganas. An Indian officer to be selected by the Commissioner.

In the event of any officer being unavoidably prevented from attending, the Commissioner may appoint another civil officer to take his own place or that of the absent member.

8. The Government will, in communication with the Central Committee, fix the dates for the half-yearly examination, which shall be the same for every district. The first half-yearly examination will usually be held in the month of April or May, and the second in the month of October or November.

9. It shall be the duty of the Central Committee to prepare, previous to each half-yearly examination, sets of questions to be put to the examinees, to forward a sufficient number of copies of each of such sets to the President of the Examination Committee, in a sealed packet, to determine the order in which the examination in each paper and subject shall be held, and to arrange all other details for the conduct of the examinations. The time fixed for each paper shall be notified in the *Calcutta Gazette*. The Central Committee shall, from time to time, lay down such rules as may appear to them best for the guidance of the Examination Committee, in order to ensure a fair and uniform method of ascertaining the proficiency of the examinee in each subject.

10. The sealed packet of papers shall remain in the custody of the President of the Examination Committe, who shall not open it until the time of examination. The Committee shall superintend the written examination of the examinees only so far as may be necessary to ensure its being conducted with proper strictness; they shall not examine the written

answers, but shall forward them to the Central Committee. Their decision in the *viva voce* Examination in the Vernacular shall be final.

Assistant Magistrates, Deputy Magistrates and Sub-Deputy Magistrates, undergoing a course of training, and Probationary Deputy and Sub-Deputy Magistrates, who are allowed under Appendix IXB, rule 1, to appear at any Departmental Examination, are, under the rules given in Part A of that Appendix, required to prepare a full, complete and careful record of six cases tried by a first class Magistrate, and six defended* cases tried by a Sessions Judge, to be selected for the purpose by the District Magistrate. It is required that the record of each case should be prepared during or after attendance in Court, as the trial proceeds. The District Magistrate will forward these records to the Legal Remembrancer, who will send a statement of his opinion thereon to the Central Examination Committee for consideration and submission to Government, with the result of each half-yearly Departmental Examination. If, in the opinion of the Legal Remembrancer, an officer has once prepared the records satisfactorily, he will not be required to do so again, even although he may not be adjudged to have passed in Law; but if he fails at any examination to prepare a satisfactory record, he will be adjudged to have failed in Law, although he may have gained pass marks in the papers on the Codes and the Acts. Any one, who, for good reason, has been unable to prepare the record as required by this rule, may, with the previous sanction of Government, present himself for examination, but cannot be adjudged to have passed in Law until he has submitted records to the Legal Remembrancer's satisfaction.

11. The Central Committee, after perusing the examination paper and the opinion of the Legal Remembrancer, shall report to Government the names of such officers as, in their opinion, have passed, noticing specially, in the order of their merit those who may have passed with distinction. They shall also report the names of those officers who have succeeded in some of the subjects only, and also of those who have not, in the opinion of the Legal Remembrancer, prepared the record of cases satisfactorily, or who have been allowed to appear at the examination, but have still to submit the record before they can be adjudged to have passed.

SECTION II.—OFFICERS OF THE INDIAN CIVIL SERVICE, THE EXECUTIVE BRANCH OF THE PROVINCIAL CIVIL SERVICE, AND SUBORDINATE CIVIL SERVICE.

12. The standards of examination shall be as follows:—

Law	...	Lower and Higher Standards.
Bengali	...	Lower and Higher Standards.
Accounts	...	Higher Standard.
Hindustani	...	Higher Standard by the colloquial test.

13. In Appendix V will be found the rules prescribing the text-books and the tests in the vernacular for the examination.

14. The examination in Law is divided in the following three parts:—

I.—Criminal law and the Law of Evidence, without books, for the Lower and Higher Standards.

II.—Revenue Law, without books, for the Lower and Higher Standards.

III.—General Law, with books, for the Higher Standard.

The papers in parts I and II will be the same for both Standards. Candidates for the Lower Standard must pass in Parts I and II; candidates for the Higher Standard must pass in all three parts. The Law and Regulations in which these papers will be set are enumerated in Appendices I and II.

15. Only unannotated editions of Acts or Codes will be allowed in answering paper in Part III. The questions should be confined as much as possible to cases commonly arising in the ordinary routine of the office of a Magistrate and Collector. Certain facts of probable occurrence in real

* This phrase "Defended cases tried by a Sessions Judge" should be read as including appellate cases, but three at least of the cases to be reported on should be regular sessions trials

practice should be stated, and the examinee required to find and apply the law applicable to the facts.

16. The examination in Accounts will be by the Higher Standard only. The text-books will be those detailed in Appendix III. The examination will be with the aid of those books. The questions will be set by the Accountant-General, in communication with the Central Examination Committee. They will be such as to test the practical acquaintance of the candidates with the principles and provisions of the Civil Account Code and the rules prescribed. An examinee will not be held to have passed the examination in Accounts, until the Collector of the district, to which he is attached, shall have furnished a certificate that the examinee was placed in charge of a district treasury under the general supervision of the Deputy Collector ordinarily in charge, for a period of not less than six weeks, and that he has continuously and duly attended to and satisfactorily discharged the duties of a Treasury Officer for such period.

17. An officer of the Indian Civil Service must pass in all examinations by the Higher Standard. He will be required to pass separately by the Lower and Higher Standards in Bengali, but he is permitted to present himself for examination in that vernacular by both standards at the same time. If he passes in either of the papers, he will be held to qualify for the Lower Standard, but passing marks must be obtained in both sets of papers to qualify for the Higher Standard. All other officers will be required to pass the examinations by both standards except in Accounts.

18. An officer, who succeeds in passing by either standard in any subject shall not again be required to present himself for examination by the same standard in the subject in which he was successful, but only in those in which he failed. For the purposes of this rule, the three parts of the examination in Law shall be considered as separate subjects.

19. The marks to be assigned to each branch of the examination in Law and examination in Accounts, the proportion required for passing by the different standards, and the time allowed for each paper, are set forth in Appendix IV. The same information as regards the examination in Languages will be found in Appendix V.

20. An officer who has passed according to the Lower Standard of examination, and who has exercised the powers of a Magistrate of the third class for six months, shall usually be vested with the powers of a Magistrate of the second class, described in sections 32, 33, 35 and 36 of the Code of Criminal Procedure (Act V of 1898), provided he is certified by the Commissioner to be fully competent to exercise them. Assistant Magistrates will also then be vested with the powers of a Deputy Collector.

21. An officer, however, who shall have passed by the Lower Standard in Law, Part I, and in Bengali, may, on the Commissioner's recommendation, be vested with the powers of a Magistrate of the second class, provided he has had not less than six months' experience in his magisterial duties.

22. An officer, who has passed according to the Higher Standard, shall be eligible to be vested with the powers of a Magistrate of the first class, but not until he shall have exercised the powers of a Magistrate of the second class for at least six months. He shall not be entitled to any promotion or increase of pay until he has passed fully by the Higher Standard.

23. An officer, who has passed in Law, Parts I, II, and III, and in Bengali, according to the Higher Standard, may be vested with the powers of a Magistrate of the first class, subject to the condition of his having exercised the powers of a Magistrate of the second class for six months; but he shall not be entitled to any promotion or increase of pay until he has passed fully by the Higher Standard.

24. Assistant Magistrates, being members of the Indian Civil Service on first appointment, draw Rs. 400 a month. On passing the Lower Standard of examination and being invested with powers of a Magistrate of the second class, they shall be allowed an increase of Rs. 50 a month, provided they have exercised the powers of a Magistrate of the third class for six months at least; and on passing fully the Higher Standard, and being invested with the powers of a Magistrate of the first class, they will receive a second increase of Rs. 50, provided they have also exercised the powers of a Magistrate of the second class for not less than six months. No officer shall be eligible for promotion as officiating Joint Magistrate and Deputy Collector until he has passed completely by the Higher Standard. The penalty for delay in passing will ordinarily cease to operate when the officer passes. On passing, he will

be placed in the same position with regard to future promotion as if he had passed in the ordinary course.

25. It is the duty of District officers to look to the practical training of the young officers placed under them, from their first entering into official life till they acquire a practical experience of their work and qualify themselves for the exercise of higher powers, by passing the prescribed examinations. District officers are expected to take active interest in the well-being of the young men placed under them, by exercising due supervision over their studies, by holding periodical examinations to test their qualifications and official knowledge, and by any other means which may seem to them to be expedient for the purpose.

SECTION III.—POLICE OFFICERS.

26. The standards of examination shall be as follows:—

Law—Lower and Higher Standards.
Bengali—Lower and Higher Standards.
Accounts—Higher Standard.
Hindustani—Higher Standard by the colloquial test.

The examination in the Languages will be the same for Police officers as for the officers to whom the rules in section II apply.

For the Lower Standard in Law there will be only one paper without books. For the Higher Standard in Law there will be the same paper without books, and a second paper with books. These papers will be set from the Acts or portions of Acts, etc., shown in Appendix X.

Only unannotated editions of Codes and Acts and the Police Manual will be allowed in answering the Higher Standard paper with books.

Probationary Assistant Superintendents of Police will be required to appear for the Lower Standard at the first half-yearly examination held after their arrival at the school, but they will not be allowed to pass in Bengali at that examination. At subsequent examinations, they will be permitted to present themselves for examination by both standards at the same time.

The marks to be assigned to the examination in Law and Accounts, the proportion required for passing by the different standards and the time allowed for each paper are set forth in Appendix IV. The same information as regards the examination in Languages will be found in Appendix V.

The text-books in Accounts will be those detailed in Appendix XI, and the examination will be with the aid of books as indicated in that Appendix. The questions will be set by the Inspector-General of Police in communication with the Central Examination Committee. They will be such as to test the practical acquaintance of the candidates with the principles and provisions of the Civil Account Code and the other books prescribed.

Deputy Superintendents of Police appointed direct will be liable to pass the same departmental examination and be subject to the same rules as Assistant Superintendents of Police.

This rule will also apply to the case of Deputy Superintendents recruited from other branches of Government service, who have not passed completely the examinations prescribed for civil officers. Officers, whose mother tongue is Bengali or Hindi will not be required to pass in those languages.

Officiating Deputy Superintendents of Police will be liable to pass in Accounts under the penalty of reverting, and they will be required to present themselves for examination in Accounts after six months' acting in that rank.

27. Police officers transferred to the Executive Service, or who desire such transfer, will be required to satisfy the same tests as those prescribed above for officers of the Executive Branch of the Provincial Civil Service, subject to the exception noted below.

28. When such an officer has already passed in Accounts or by either standard in a language, he will not be required to pass again.

29. Any officer, so transferred, who has passed in Law by the Lower Standard (as hitherto required for the Police), will be required to pass for the Lower Standard in Law Part I.

30. Such officers who have passed by the Higher Police Standard in Law will still be required to pass in all law papers prescribed in paragraph 14 above, the term "law" including Revenue and General law.

31. The Commandant of the Dacca Military Police Battalion, who, within two years of his first appointment as Commandant, passes an examination in Bengali by the Higher Standard of the Departmental Examination, will be given a reward of Rs. 500 with this proviso that an officer, who has previously received a reward in Bengali under the provisions of article 376 of the Army Regulations, India, Volume I, shall not be eligible for such a reward for passing in that language.

SECTION IV.—OFFICERS OF OTHER DEPARTMENTS TO WHOM THESE RULES HAVE BEEN MADE APPLICABLE.

32. The rules regulating the departmental examination of Cantonment Magistrates are contained in Appendix VII.

33. Officers of the Public Works Department will be examined in Law as directed in Government Resolution No. 44 T.—E., dated the 31st May 1894, *vide* Appendix VIII. They will also be examined in the vernacular under Appendix V, rule 9, grade II, Lower Standard (obligatory), and grade I, Higher Standard (optional).

34. For the examination of Public Works Department officers in *cases*, a case not being of special difficulty should be selected by the President of the Examination Committee. In selecting a case it should be remembered that officers will only exercise magisterial powers under Bengal Act III of 1876 (Bengal Irrigation Act). The Examination Committee will merely state their opinion of the merits of each candidate's judgment and *not transmit* this part of the proceedings. The case selected shall be in the Court vernacular of the place in which the candidate is employed.

35. Sub-Registrars should be allowed to appear at the Lower Standard of the departmental examination, and be vested with second class powers if they succeed in passing it, have previously exercised third-class powers and are otherwise fit for the exercise of such powers. They may be employed as Honorary Magistrates sitting singly with second or third class powers according as they have passed the examination or not.

SECTION V.—MISCELLANEOUS.

36. Officers attending these examinations will be allowed travelling allowance, subject to the rules laid down in Section IV, Chapter LIV, of the Civil Service Regulations.

37. No application from any junior officer liable to examination, for privilege leave or leave on private affairs will ordinarily be entertained if the following half-yearly examination takes place before the expiry of the leave applied for, unless the application specifies that the applicant will attend the examination.

38. If such leave is applied for, and the application from such an officer is submitted to Government, it should be stated that he is liable to pass an examination, and that the next examination will be held within the period of the leave applied for. This will enable the Governor in Council to decide whether, for the reasons stated, the leave should be granted; and, if so, on what conditions.

APPENDIX V.

Rules for the examination of Civil officers in the Presidency of Bengal in the Vernaculars.

Officers to whom the rules apply.

The following rules for the examination of Civil officers in the Presidency of Bengal apply to all officers of the classes specified in them, and to such others as the Local Government may from time to time direct. They do not affect the rules for the encouragement of the study of the languages of frontier tribes, a copy of which is given in Appendix VI.

2. Two grades of examination are recognized :—

(I) The Higher standard of examination for Civil officers, held under the direction and control of the Central Examination Committee.

(II) The Lower standard of examination for Civil officers, held under the direction and control of the Central Examination Committee.

Officers of the Survey Department.

3. Officers of the Survey Department are examined under special rules. In their case the standard specified in grade II will be accepted as sufficient, should they, exceptionally, have to be examined along with the officers attached to the general administration.

Officers of the Executive Branch of the Provincial Civil Service and the Subordinate Civil Service.

4. No Indian member of Executive Branch of the Provincial Civil Service or the Subordinate Civil Service is liable to examination in a language which is his own vernacular.

Subject to the above proviso—

All members of the above services are required to pass by the Higher and Lower standards in Bengali and by the Higher standard in Hindi.

5. Officers posted to the hills portion of the Darjeeling district will be required to pass in Bengali by the Lower and Higher standards. They will also be required to pass in Hindustani (Nagri character) by the Higher standard, and satisfy all the four tests prescribed in rule 9 in this Appendix, with the exception that there will be no text-books but that separate papers from unseen official documents will be set for them. Officers, who are natives of the hills portion of the Darjeeling district, will be required to pass in

Bengali by the Higher standard and to satisfy all the four tests prescribed in rule 9, with the exception that there will be no text-books but that separate papers from unseen official documents will be set for them.

Special rules for Medical officers

6. Medical officers in Civil employ, if they have not already passed by the Military Higher or Lower standard, will be required to pass in Bengali by the standard specified in grade II.

Medical officers in Civil employ, who have passed in one language under the above rules, if posted to a district where Bengali is the vernacular, will be required also to pass in it, but only by a conversational test designed to prove their ability to converse with the people and be understood by them.

No Indian Medical officer shall be liable to examination in a language which is his own vernacular

Special rules for officers of the Public Works Department

7. Subject to the proviso that no Indian member of the Provincial Engineer service is liable to examination in a language which is his own vernacular, officers of the Public Works Department are required to pass the examination in Hindi within two years of joining their appointments in India, but they may, at the discretion of the Local Government, be required to pass by the Lower standard in Bengali, within four years of joining their appointments in India.

Officers may also, if they so wish, go up for the Higher standard examination in Bengali within five years of joining their appointments in India.

Special rules for officers of the Indian Educational Service

8. Subject to the proviso that no Indian Educational officer is liable to examination in a language which is his own vernacular except under the special orders of Government, officers appointed to the Indian Educational Service are required to pass in one, or more than one, vernacular language (according to the terms of their agreement) by the standard specified in grade I above, within two years of their period of probation. In Bengal, the language will be Bengali.

9. The examination specified in grade I above, and the Lower standard of examination specified in grade II above, will be held under the rules for the conduct of the Departmental Examination of Civil officers, and under the direction and control of the Central Examination Committee—

(1) The following are the text-books prescribed for the examination of Assistant Magistrates, Deputy Magistrates, Sub-Deputy Collectors, Assistant Superintendents of Police and Deputy Superintendents of Police :—

N B—The course for the Lower Standard will ordinarily be 200 to 300 pages and the course for the Higher standard will not ordinarily exceed 400 pages. The books or portions of books selected for each examination will be duly notified

BENGALI TEXT-BOOKS.

Lower standard.

1. "Upakatha," by Jnanendra Shashi Gupta (338 pages).
2. "Nutan Ginni," Jaladhar Sen (117 pages).

Higher standard.

1. "Yugantar," by Sibanath Shastri (Story) (296 pages).
2. "Torubala," by Amrita Lal Bose (147 pages).
3. "Galpa Guchcha," by Rabindra Nath Tagore (Part I, 448 pages, Part II, 481, pages).
4. "Sarnalata," by Tarak Ganguli (259 pages).
5. "Muchiram Gurer Jiban Charitra," by Bankim Chandra Chatarji (47 pages).
6. "Radharani," by Bankim Chandra Chatarji (65 pages).
7. "Yugalanguri," by Bankim Chandra Chatarji (50 pages).

(2) The following are the tests prescribed for the two grades of examinations :—

Grade 1.—The Higher standard of Departmental Examination.

A.—Dictation. A passage from some official paper in Bengali will be read out to the candidates by a Bengali, and they will be required to write it down in Bengali character with fair accuracy.

B.—A written translation from the vernacular into English.

The paper should contain passages both from the prescribed text-books and from an unseen official document.

C.—A written translation from English into the vernacular—

(*i*) Passages translated into English from the text-books by the Central Examination Committee shall be re-translated into the vernacular by the examinee.

(*ii*) A brief passage from an English judgment* or other official document of a somewhat difficult nature, selected by the Central Examination Committee, shall be translated into the vernacular by the examinee without assistance and in a generally correct manner.

D.—*Viva voce* examination in the vernacular.

(*i*) The examinee shall be tested in conversation with several Indians of various classes, in such a manner as to satisfy the Examination Committee of his power of making himself understood by them, and of explaining himself with clearness and sufficient propriety in the vernacular in an argument or topic of some difficulty. The text-books may furnish topics for conversation.

(*ii*) The examinee will be called upon to read with fair fluency and explain in English to the Examiners, three papers written by different persons in a plain running hand.

NOTE.—It is not necessary that each candidate should translate the same piece, just as it is not necessay that the *viva voce* examination of each should involve the same conversation.

(3) Officers other than those named in clause (1) above, who are examined under these rules, will not be examined in the prescribed text-books, but they will be required to satisfy all these four tests, and separate papers from unseen official documents will be set for them.

(4) The maximum and the pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined :—

SUBJECTS OF EXAMINATION.	Maximum Marks.	Pass Marks.	Time.
1	2	3	4
A.—Dictation	20	10	½ hour.
B.—Translation from Vernacular ...	20	10	2 hours.
C.— Ditto English... ...	20	10	2 do.
D.—(*i*) *Viva voce* Examination ...	20	10	15 minutes.
(*ii*) *Viva voce* Examination ...	10	5	

* In the case of officers of the Public Works Department "the judgment or other official document" will, if possible relate to matters with which such officers are likely to have to deal.

Grade II.—The Lower standard of Departmental Examination.

(5) For this examination the tests shall be the same as the above, but the papers shall be less difficult. The proportion of marks to be obtained in order to pass, and the time allowed for the papers, shall be the same as for the Higher standard above described. The principal object of this examination shall be to test the proficiency, for practical purposes, of the examinee in such language.

10. No Indian officer (these rules notwithstanding) shall be liable to examination in a language which is his own vernacular. The Commissioner or Heads of Departments submitting the lists of intending examinees under Rule 5 of the Rules, will consider each case, and, on satisfying themselves, may exempt the candidate from examination in such language, reporting their reasons for doing so to Government.

APPENDIX VI.

Rules for the encouragement of the study of the tribal languages in Bengal.

1. Examinations will be conducted in the following tribal languages :—

Group I.—Santali.
„ II.—Tibetan Sikkimese Bhutia, Bhutanese Bhutia.
„ III.—Lepcha.
„ IV.—Nepalese Paharia or Khaskura.

2. Officers of the following classes, whether European or Indian, shall be eligible to appear at these examinations and draw the rewards stated :—

Class I.

Members of the Indian Civil Service.
Members of the Executive Branch of the Provincial Civil Service.
Members of the Judicial Brach of the Provincial Civil Service.
Superintendents, Assistants and Deputy Superintendents of Police.
Civil Surgeons and Civil Medical Officers.
Deputy, Assistant, Extra Deputy and Extra Assistant Conservators of Forests.
Executive and Assistant Engineers.
Inspectors and Additional and Assistant Inspectors of Schools.
Members of the Indian or Provincial Educational Service.

The rewards for officers of class I are as follows :—

Rupees 1,000 in the case of all the languages specified, except Nepalese Paharia, Sikkimese Bhutia and Bhutanese Bhutia, for passing in which the reward will be Rs. 500 only. In the case of Tibetan the reward will be Rs. 500 for passing the first examination as in rule 7, and Rs. 1,000 for passing the second, as in rule 8.

Class II.

Members of the Subordinate Civil Service.
Inspectors and Sub-Inspectors of Police.
Civil and Military Assistant Surgeons.
Members of the Subordinate and Lower Subordinate Educational Services.
Overseers, Supervisors and Sub-Engineers of the Public Works Department.

The rewards for officers of class II are as follows :—

For officers whose salary is Rs. 150 or over, half the amount prescribed for class I.

For officers whose salary is less than Rs. 150 one quarter of the amount prescribed for class I.

3. An officer desiring permission to appear at an examination shall apply for permission to the Commissioner of the Division in which he is serving, who may grant permission provided he can certify (except in the case of Tibetan for which no such certificate shall be necessary) that the language is spoken within the district where the officer is employed at the time, or by tribes conterminous to it with whom he has official relations :

Provided that an officer who has fulfilled the above condition and is subsequently transferred, may be permitted to present himself for examination on applying within one year from the date of such transfer, the Commissioner of the Division from which he was transferred granting the necessary certificate.

4. In the case of officers of the Provincial Judicial service, the certificate referred to in rule 3 will be furnished by the District Judge. All applications for permission to appear at an examination under this rule should be submitted to the Commissioner of the Division through the District Judge, who will obtain the sanction of the High Court.

5. No reward will be given—

(1) to any officer for proficiency in a second language of the same group :
(2) to an Indian officer for passing an examination in any language with which, from his birth or education, he is naturally familiar, or which is closely allied to his vernacular language :

Provided that such officers may be permitted to present themselves for examination.

6. The examinations will be conducted under the control of the Commissioners of the Burdwan and Rajshahi Divisions, as noted below, by local committees convened by the respective Commissioners :—

Commissioner of Burdwan	...	Santali.
Commissioner of Rajshahi	...	Tibetan and Bhutia. Lepcha. Nepalese Paharia.

7. The tests which a candidate must undergo are as follows :—

(*a*) He must be able to converse freely with the people of the tribe, in whose vernacular he may wish to qualify, to understand and to make himself understood by them.

(*b*) He must write down sentences spoken in the tribal language by one of the tribe, or a conversation held between two of them, and must explain the sentences or the conversation correctly in English.

(*c*) He must, without assistance, translate from English or his mother tongue into the tribal language, sentences not of a more difficult nature than those described in clause (*b*). The translation must be substantially correct and intelligible to a native in whose language it is written.

N B—The writing prescribed in clauses(*b*) and (*c*) must be in the character of the tribal language If the language has no written character of its own, the English, Bengali or Hindi character shall be used, but in the cases of Santali the Roman character must be used

(*d*) He must transliterate and translate (into English) a paper in the current written (not printed) form of character of the language. (This test will be enforced only in the cases of those languages which have written characters of their own.)

8. There will be a second examination in the Tibetan language. This examination will consist of—

(*a*) a much severer conversational test than in rule 7 (*a*);
(*b*) writing letters in Tibetan.
(*c*) translating Tibetan letters.

9. In order to qualify for the prescribed reward, an examinee must obtain not less than half the marks allotted to each branch of the examination and two-thirds of the aggregate number.

10. The Commissioner conducting the examination will report to Government the names of officers declared by the Examining Committee to have passed the prescribed standard for the grant of reward.

APPENDIX VII.

Examination of Cantonment Magistrates.

The following rules regulate the Departmental Examination of Cantonment Magistrates in the Presidency of Fort William in Bengal :—

1. An officer who has not passed the preliminary examination will not be appointed to act as a Cantonment Magistrate for a period of more than three months, unless in exceptional circumstances.

2. An officer who passes the preliminary examination will be eligible for appointment as a Cantonment Magistrate on probation, but will not be confirmed or vested with full magisterial powers until he has passed the Higher standard examination.

3. Any officer who may be appointed to act as a Cantonment Magistrate without having passed the preliminary examination will be required to pass the Lower standard examination, and if he fails to do so at the first opportunity, he will be liable to revert to Military duty.

4. The preliminary examination will be held equivalent in difficulty to the corresponding portion of the Lower standard examination for Junior Civilians in the following subjects, viz.—

(1) The Indian Penal Code ... ...
(2) The Code of Criminal Procedure ... ...
(3) The Indian Evidence Act ... ...
(4) The Provincial Small Cause Courts Act ...
(5) The Civil Procedure Code, Act V of 1908 ...
(6) The Police Act ... ... } With books.
(7) The Cantonments Act and Rules ... ... Without books.

5. For the Higher standard examination a harder paper will be set on the above subjects, omitting the Cantoments Act and Rules.

6. An officer who has not, in qualifying for appointment to the Staff Corps, passed by the Higher standard in the vernacular of the district in which he is employed, will be required to do so before he is declared to have fully passed by the Higher standard examination.

7. A Cantonment Magistrate failing to pass the Higher standard examination within eighteen months after joining his appointment, will be liable to forfeiture of the appointment and remand to Military duty.

8. A Cantonment Magistrate who has passed the language examination in one province or district will, on transfer to another province or district, be required to pass by the Higher standard in the language of the province or district to which he is transferred. Should he fail to pass this examination within eighteen months of his transfer, he will be entitled to no increase of salary until he does pass.

9. The examinations will be conducted under the direction and control of the Central Examination Committee, and will take place at the same time with the half-yearly departmental examinations of Assistant Magistrates and others.

10. Separate papers in Law will be set for Cantonment Magistrates.

11. The following table shows the particulars of marks assigned to each subject and the time allowed :—

SUBJECT OF EXAMINATION.	MAXIMUM MARKS.		PASS MARKS.		Time allowed.
	Lower Standard.	Higher Standard.	Lower Standard.	Higher Standard.	
1	2	3	4	5	6
Paper, with books (Penal Code, etc.)	160	...	90	...	3 hours.
Ditto ditto ...	...	160	...	90	3 do.
Paper without books (Cantonments Act and Rules.)	160	...	90	...	3 do.

For examination in Languages, *vide* Appendix V.

12. In Languages Cantonment Magistrates shall be required to satisfy the tests prescribed in Rule 9, Appendix V. They will not be required to read the text-books prescribed in that rule, as subjects from text-books will form no part of their examination, and separate papers from unseen official documents will be set for their examination.

13. The rules for the conduct of the departmental examination of Assistant Magistrates and others are, as far as practicable, applicable to the examination of Cantonment Magistrates.

APPENDIX VIII.

1. All Assistant Engineers employed in Bengal shall, whether they have or have not been invested with magisterial powers, be required to pass the examination in Law, Parts A, B and C, as shown below, before being promoted to be Executive Engineers, third grade, permanent rank.

2. Upper Subordinates and zilladars who have received permission from their Superintending Engineer may appear at paper A of the examination in Law. By passing they will be considered as increasing their chances of promotion, and subordinates who pass this examination will, if placed in charge of irrigation subdivisions, be vested with the powers of a canal officer.

3. The examination in Law will consist of two papers without books (A and B), and an examination in cases (C). It will be conducted under the direction of the Central Examination Committee, and will take place at the same time as the half-yearly departmental examination of Assistant Magistrates and others.

A.

The first paper will comprise—

(vi) Circular order of the High Court (Criminal), No. 6, dated 18th November 1901, sections I and II.

B.

The second paper will comprise—

(i) Canals Navigation Act, V (B.C.) of 1864.
(ii) Land Acquisition Act, I of 1894, Parts I to VI.
(iii) Drainage Act, VI (B.C.) of 1880.
(iv) Embankments Acts, XXXII of 1855, VII (B.C.) of 1866, and II (B.C.) of 1882.
(v) Rules made under these Acts.

C.

The examination in cases will be conducted as follows :—

The record of a case, such as ordinarily comes before a canal officer exercising magisterial powers in which the evidence has been recorded in the vernacular, will be read out by an Indian official. Where possible, the case will be read to each candidate separately, or to small batches. The candidate must write his notes of evidence as the reading proceeds, as he would do were he actually trying the case. At the conclusion of the case the candidate, who may refer to his books, must write (European in English, natives of India in Hindustani, Bengali or English, as they prefer) a judgment on the question or questions at issue, with a statement of reasons.

Officers will be allowed to pass separately in either of the papers A or B or in the case C. Passing marks in each subject will be 50 per cent.

4. The following table shows the particulars of marks assigned to each subject and the time allowed :—

SUBJECT OF EXAMINATION.	Maximum Marks.	Pass Marks.	Time allowed.
Law paper "A"	120	60	3 hours.
„ "B"	120	60	3 do.

For examination in Languages, *vide* Appendix V.

APPENDIX IX.

A.—Rules for the Training of Assistant Magistrates, Deputy Magistrates and Sub-Deputy Magistrates.

1. Assistant Magistrates who have not passed the Higher Standard in Law and Deputy and Sub-Deputy Magistrates who have not passed the Lower Standard in Law shall be required to prepare a full, complete and careful record of six cases tried by a first class Magistrate, and six defended* cases tried by a Sessions Judge, to be selected for the purpose by the District Magistrate. The record should consist of—

(1) a summary of the evidence, with notes on it, showing its admissibility and applicability to the offence charged;

* This phrase "Defended cases tried by a Sessions Judge" should be read as including appellate cases, but three at least of the cases to be reported on should be regular sessions trials.

(2) notes on the procedure with references to the Codes, *e.g.*, to such matters as the rules as to cross-examination, re-examination, drawing up of charge, and taking the statement of the accused.

It should be understood that value will be given to notes intelligently based on annotated editions of the Criminal Procedure Code, Penal Code, Evidence Act, on Woodman's Digest, and recognised text-books.

2. The District Magistrate will forward these records to the Legal Remembrancer, who will, at any time before the date fixed for the departmental examination, send a statement of his opinion thereon to the Central Examination Committee for consideration and submission to Government with the result of each half-yearly examination.

3. If, in the opinion of the Legal Remembrancer, an officer has once prepared the record satisfactorily, he will not be required to do so again, even although he may not be adjudged to have passed in Law.

4. Assistant Magistrates also should receive a thorough training in the Tauzi Department and Collectorate record-room under the special supervision of the Collector.

B.—Rules for the Training for Probationers.

The following rules are intended to apply to Probationers of the Provincial Executive Service and of the Subordinate Civil Service :—

1. The minimum period of probation will be twelve months. Probationers shall, during their probationary service, be trained so as to get as much experience as possible in Magisterial and Revenue Courts, with a view to acquire a knowledge of official routine. During this period they should study the Codes and the Acts to enable them to go up for their departmental examinations as soon as they are allowed. For Probationers who are appointed in the ordinary way in the autumn, this will be in October or November of the succeeding year. But officers who are appointed at other times will not be allowed to go up until twelve months have elapsed from the date of their appointment.

2. The training should be arranged with reference to the work in the office to which the officer is attached. He will be trained in the Magisterial Department for three months, and in the Revenue Department, including (1) Tauzi and Government estates, (2) Land Registration, (3) English office, (4) Munshikhana Registers, (5) Certificates, (6) Record-room, (7) Cess and Revaluation, (8) Nizarat, (9) Excise and Income-tax, (10) Treasury,* for nine months.

The amount of time spent in each Revenue Department will depend on the amount of work in that department of the particular office to which the Probationer is posted.

3. Probationers should not take up Partition, Survey and Settlement, or Land Acquisition work. These departments form the subject of special training.

4. The Collector should have a register prepared showing, with reference to the work in his office, the amount of time a Probationer will spend in the different departments.

Training in Magisterial Work.

5. Probationers should, during the period of their training in the Magisterial Department, attend the Court of a first class Magistrate, selected by the District Magistrate, during the trial of criminal cases. They should be required to prepare a full, complete and careful record of the depositions of the witnesses, and a concise summary of the evidence given. They should also be required to take notes of the arguments of the pleaders, and discuss the application of the law to the facts of the cases reported by them, and to write a decision. This should be done in at least six defended cases.

* *N.B.*—Probationary Deputy and Sub-Deputy Collectors, while undergoing their training in Treasury work under this rule, may be placed in subordinate charge of Treasuries as heretofore under rule 16 of the Departmental Examination Rules.

5. (*1*) The rules in Part A will also be applicable to the cases of Probationers after the first twelve months of their probation, if they intend to appear for the departmental examination in Law by the Lower Standard before they are appointed substantively *pro tempore*.

6. The records of the cases prepared under rule 5 should be submitted by the Probationer to the trying Magistrate, who should examine them with a view to see that they are being intelligently prepared. He should point out any obvious mistakes. The records should also be occasionally examined by the District Magistrate or the Joint Magistrate.

7. Probationers should be deputed to examine the various registers kept in the Criminal Courts and to submit inspection reports according to the Inspection Manual. They should also inspect the Record-room and other departments of the Magistrate's office according to the Manual. The Inspection Note should be submitted through the Deputy Magistrate in charge to the Magistrate.

Probationers might also be deputed for miscellaneous inquiries in regard to criminal cases when the inspection of a locality or other matter is important, and they might be examined in Court as to their reports. They might also conduct inquiries in chaukidari or other simple matters.

Training in Revenue Work.

8. Probationers should not be required to work as clerks, or to write up registers; they should, however, prepare notes or *précis* of cases and draft letters. They should see all the papers which go up to the Deputy Collector, and the Deputy Collector should utilize their services in any way that he can in connection with the cases.. The Deputy Collector should, at the same time, see that the Probationer makes himself acquainted with the law and rules on the subject, and should from time to time require him to prepare a note explaining the procedure or the reason for any action taken in a particular case. In departments the work of which involves the keeping of accounts or registers, Probationers should check and initial entries made in registers, check the accounts, and examine the preparation of returns. They should also inspect each department according to the Inspection Manual, and the Collector might utilize their notes of inspection for his own inspection. They should also attend inspections by the senior officers.

9. At the end of the probationary period in any department, or under any Deputy Collector, the Deputy Collector should record a note in the register referred to in rule 4, stating how the Probationer has attended to his duties and a general opinion of his industry and ability. This should be shown to the Collector.

10. Probationers should keep a diary, and record briefly the work done by them day by day. The diary should be submitted to the Deputy Collector under whom they are working for the time, and should be seen by the Collector.

CAMPBELL MEDICAL SCHOOL, CALCUTTA, *the 5th September 1912.*

NOTICE.

Examination of Compounders at the Dacca Medical School.

IN accordance with the Government of Bengal Notifications Nos. 4042-Medical, dated the 2nd November 1896, and 337 T.M., dated the 9th June 1897, notice is hereby given that the next half-yearly examination of compounders will be held on the 7th October 1912 and subsequent days.

2. Every candidate must produce a certificate of training, age, and previous education, as required by Rule 9 of the Bengal Government Notification No. 4042Medical, dated the 2nd November 1896, published in the *Calcutta Gazette* of the 4th November 1896, except in those cases provided for in Rule 10.

3. Applicants must register their names and submit their certificates, together with a fee of Rs. 5, at least one week before the date of examination, to the office of the undersigned.

(*Exception.*—The students belonging to the compounder class of Vernacular Medical School will be exempted from paying this fee on production of a certificate from the Superintendent that they have already paid the school entrance fee.)

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

5. Candidates will have to pass a test in English before being allowed to appear for the rest of the examination. This test consists of reading and writing from dictation, prescriptions and labels. They will, if successful, be then examined in Materia Medica, Pharmacy, the compounding and mixing of drugs, etc.

[NOTE.—The attention of students is drawn to Rule 10, section (2) of the Government Notification of the 2nd November 1896, from which they will observe that the chemists' and druggists' establishments from the legally qualified managers of which they obtain their certificates will have to be recognised by the Inspector-General of Civil Hospitals, Bengal, prior to the candidates applying to the Superintendent to register their names to appear at the examination.

POLICE.

Simla, the 6th September 1912.

No. 1306.—The following papers having been presented to Parliament by His Majesty's Secretary of State for India are published for general information:—

No. 6, dated Simla, the 11th July 1912.

From—The Government of India, Home Department,
To—THE MOST HONOURABLE THE MARQUIS OF CREWE, K.G., His Majesty's Secretary of State for India.

We have the honour to address you regarding the criminal proceedings taken in the Bombay Courts against Khan Bahadur Khwaja Muhammad Khan (commonly described as the Khan of Hoti Mardan) and two others. The case has been the occasion of much comment in the press in this country, and we observe that it has also formed the subject of various questions put by members of the House of Commons, the remarks of the Honourable Sir Dinshaw D. Davar, Judge of the Bombay High Court, in discharging the accused in the Sessions Court, having been made the basis of unfavourable criticism of the conduct of the different officers concerned with the case. Enquiries on the subject have also been made in our own Legislative Council. In addition to deductions drawn from the order of the Honourable Judge, charges of malice and bad faith (to which reference has also been made in the House of Commons) have been freely brought in the press against the Honourable Lieutenant-Colonel Sir George Roos-Keppel, K.C.I.E., Agent to the Governor-General and Chief Commissioner of the North-West Frontier Province, in connection with other incidents which are referred to in detail below. In these circumstances we have thought it proper to make a full enquiry into the facts of the matter, and having given

our most careful consideration to the records of the case and to the explanations of those whose action has been impugned, we desire to lay our conclusions before Your Lordship.

2. The three accused persons against whom the criminal case was instituted were, respectively, Khan Bahadur Khwaja Muhammad Khan and a Mr. and Mrs. King. The former is a rich landowner, resident at Hoti Mardan in the North-West Frontier Province; the title of Khan Bahadur was conferred upon him in 1896, and he is also an Honorary Magistrate. The man, King, is a Eurasian chauffeur in the employment of the Khan Bahadur, the other accused being his wife. The circumstances in which criminal proceedings came to be taken were as follows:—

On the 9th October 1911, the Sister Superior of the St. Joseph Foundling Home, Bombay, appeared before the Commissioner of Police of that city and complained that two girls, Miss Elsie Swannell (aged 20) and Miss Daisy Coutts (aged 22) had been induced by Mrs. King to go from Bombay to Mardan on the allegation that they were required as companions of the Rani of Hoti Mardan, the wife of the Khan Bahadur; she added that from letters received by her she suspected that the girls had been deceived as to the real object for which they were required. Upon receipt of this information the Commissioner of Police depatched the following telegram to the District Superintendent of Police, Rawalpindi (at which place the girls were then known to be):—

> "Two girls, Elsie Swannell and Miss Coutts, aged about 23, taken from Foundling's Home, Mazagaon, Bombay, by one Mrs. King, ostensibly to attend on Rani of Hoti Mardan. Taken to Rawalpindi on 1st and living with Mrs. King at Malik Mohan Singh's bungalow, Edwardes Road. From letters received it appears there is no Rani, and girls have been taken away for immoral purposes. Sister Superior wishes girls interviewed; she fears they are kept under restraint, and if willing they should be returned Bombay. Wire reply."

Upon the receipt of a reply, which, he states, confirmed his suspicion that the girls had been taken away for immoral purposes, the Commissioner of Police, on the 11th October, sent instructions to Rawalpindi as follows:—

> "Thanks for prompt action. Please entrain girls for Bombay with letter on me and ask Railway Police to see them safely through. Wire when they arrive."

The girls were accordingly sent back from Rawalpindi to Bombay in the care of the police, and upon arrival there Miss Swannell made a lengthy statement, of which we annex a copy (enclosure No. 1). Miss Coutts also certified as to the correctness of the allegations, which were, briefly, to the effect that Miss Swannell had been an inmate of the Foundling Home, when the accused Mrs. King, under the name of Henderson, had visited that institution on or about the 15th September, and stated that two girls were required as governesses for two boys, the children of the Rani of Hoti Mardan, and to teach the Rani English. After various negotiations, in the course of which the girl was photographed, she left Bombay on the 23rd September along with Mrs. King, being joined at the station by Miss Coutts. In company the three travelled to Hoti Mardan, being met by Mr. King *en route* at Nowshera, and reached Mardan on the 25th. At that station they were received by the Khan Bahadur, and conversation ensued as to whether the girls tallied with their photographs. Eventually they were taken to a house in the bazaar, and next day, on enquiring as to their duties, they were told that they need not trouble, as the Khan Bahadur knew they were tired and the Rani had gone to Murree. That same morning the Khan Bahadur visited them, bringing food and drink, and interviewed the two girls alone. In the course of conversation, he introduced suggestive allusions and endeavoured to place his hand upon Miss Swannel in an indecent manner. The girls replied that they had not come for that kind of purpose, but to work for the Rani, and eventually the Khan Bahadur left them.

The girls complained to the Kings, who attempted to make excuses and offered apologies, but the girls expressed a wish to leave; they stayed on, however, till the 30th September, being told on the 29th idem that the Rani had arrived, although she did not want then to see them. They were given nothing in the nature of work as governesses, and were put off by excuses from the Kings when they asked about their duties. On the 30th they were

told that the police were making* enquiries and that they were not to show themselves on the verandah, but that same evening they were hurriedly told to pack up, to cover their heads with towels, and be ready to leave for Rawalpindi. On the way to the station at night they were taken to a garden, where they again met the Khan Bahadur, and had interviews with him separately in a structure referred to as a "museum," though it appears to be a kind of summer house. In her evidence before the Committing Magistrate Miss Coutts stated that the Khan Bahadur then endeavoured to put his arm round her waist, and in her statement to the Commissioner of Police Miss Swannell stated that he endeavoured to touch her indecently and made other overtures. Both girls resisted the suggestions, and eventually the Khan Bahadur complained to the Kings that they were sulky and allowed them to go. They proceeded to Rawalpindi by train and stayed there in a bungalow with the Kings till the 9th or 10th October, when they were interviewed by the District Superintendent of Police and a Roman Catholic priest, and eventually left for Bombay on the 11th idem. Before leaving, the accused King told them not to be afraid as the police could do nothing, since he would say that he had brought them to teach his children. He asked them to tell the same story, but the girls refused. Miss Swannell concluded her statement as follows :—

> "Had I known that I was to be taken to Hoti Mardan for the purpose for which I was taken I would not have gone. I was deceived and abducted, and had it not been for timely interference I do not know what would have happened to me and my companion. I request that the parties concerned be dealt with according to law."

3. We have referred to this statement in some detail since it is the basis upon which action was subsequently taken, and it was repeated at greater length on two occasions by Miss Swannell, both before the Committing Magistrate and at the High Court Sessions, when her evidence was practically unshaken by the very severe cross-examination she had to undergo. Upon receipt of this information the Commissioner of Police referred the matter to the Local Government, which decided that Mrs. King and her husband should be prosecuted under section 366 of the Indian Penal Code, but did not propose to take action against the Khan Bahadur as it seemed possible that he might have asked the Kings to procure him consenting girls. The Bombay Government were also under the impression that the Khan Bahadur was an independent Chief (Miss Swannell referred to him in her account as "the Chief"), and they, therefore, merely brought the matter to the notice of the Chief Commissioner of the North-West Frontier Province in order that he might take such notice as he thought fit of the Khan Bahadur's objectionable conduct (enclosure No. 2). Upon receipt of this communication from the Bombay Government the Chief Commissioner transferred the letter to the Deputy Commissioner, Peshawar, on the 17th December with the following endorsement :—

"Transferred in original to the Deputy Commissioner, Peshawar, for necessary and early action and return."

The Deputy Commissioner (Mr. Grant, C.I.E., I.C.S.) formed the opinion that the papers (which included a complaint made before the Commissioner of Police, who has the status of a District Magistrate in Bombay) disclosed a charge against the Khan Bahadur of the abetment of an offence under section 366 of the Indian Penal Code, and that the only course open to him was to issue a warrant for the arrest of the accused. This was accordingly done, the warrant being entrusted to the District Superintendent of Police, personally, with instructions to execute it in as unostentatious a manner as possible and to show every consideration to the Khan Bahadur. The latter was accordingly arrested on the 20th December and lodged in the Peshawar Jail. The offence with which he was charged is non-bailable, and the Deputy Commissioner refused to accept bail, but on the 28th December this was allowed on application to the Judicial Commissioner. Meanwhile on the 21st December, the Deputy Commissioner had informed the Chief Commissioner of his action (enclosure No. 3) and made enquiry as to the most convenient place of trial, suggesting that this should be held at Bombay, and on the 22nd idem the Chief Commissioner communicated the facts both

* Apparently these were enquiries disconnected with the subsequent proceedings and in consequence merely of the presence of the girls at Mardan.

by telegram and letter to the Bombay Government (enclosures Nos. 4 and 5). Eventually, at the instance of the barrister representing the Khan Bahadur, it was arranged that a joint trial should be held in Bombay, where the Kings had already been arrested (while living under the false name of D'Souza) on the 23rd December. The three accused were accordingly brought before the Chief Presidency Magistrate, Bombay, by whom evidence was recorded on the 26th, 27th and 30th January. Apart from formal testimony and that of the two girls, the witnesses comprised the Sister Superior of the Foundling Home, who detailed the circumstances in which Miss Swannell had been engaged, corroborating her statement that she was told that two governesses were required for two boys, aged 6 and 10, and as companion to the Rani; she also produced the letter from the girl that had led her to think that something was wrong: the District Superintendent of Police, Rawalpindi, who dealt with the circumstances under which he had interviewed the girls and despatched them to Bombay: another woman (Mrs. Rogers) who had been approached by Mrs. King with a view to her employment, although no agreement was come to: and a former servant of the Khan Bahadur's who spoke of King having boasted that he was procuring girls for his master and of the arrangements for their reception. This witness stated that the inmates of the Khan Bahadur's household comprised his wife, his son (aged 35) and the son's daughter (aged 6 or 7). The two Kings reserved their defence in the Lower Court, but the Khan Bahadur filed a written statement alleging that besides his son he had three daughters, while his son's wife and daughter also resided with him. He claimed to have sent Mrs. King to Bombay to engage two governesses for his daughters and grandchild, and while the three meetings with the girls at Mardan (at the railway station, bungalow and garden house respectively) were admitted, it was represented that the accused had merely questioned the girls at the bungalow as to their qualifications and had told King to send them back to Bombay as they were not likely to make efficient governesses. The meeting in the garden was said to have been at the instance of the girls in order that they might thank him and say good-bye. It was stated that the girls had accompanied the Kings to Rawalpindi at their own request, and all charges of indecent behaviour or improper motives in bringing the girls to Mardan were absolutely denied. It was represented that the accused was too old and feeble to have any such desire.

4. We annex a certified copy of the proceedings before the Chief Presidency Magistrate (enclosure No. 6), and it will be seen that on the 30th January the three accused were committed for trial before the Sessions of the High Court on the charge of having abducted and abetted the abduction of the two girls in order that they might be forced or seduced to illicit intercourse, or knowing it to be likely that they would be so forced or seduced, and that the offence was committed in consequence of such abetment. The case was heard at the Criminal Sessions by the Hon'ble Sir Dinshaw D. Davar on the 13th February 1912, and a copy of the Honourable Judge's notes (enclosure No. 7) is herewith submitted. After the charge of abduction had been withdrawn as against the Khan Bahadur and the man King (leaving that of abetment of this offence only), Miss Swannell was examined and cross-examined on the 13th, 14th and 15th idem, on the termination of which the Advocate-General (on behalf of the Crown) informed the Court that after very careful consideration he had come to the conclusion that he would withdraw the case and that he would not further prosecute the accused on the charges on which they were under trial. The learned Judge accordingly passed an order of discharge, amounting to an acquittal, and a copy of his order (enclosure No. 8) is herewith annexed. In conclusion the Court observed as follows:—

"I have no hesitation in saying that the third accused, as well as the humbler two, will leave this Court without a stain on their character. Nothing that has transpired in this case during the last three days had justified the smallest reflection being cast on the good character of the two young ladies."

5. Such being in brief the history of these criminal proceedings, we now proceed to enumerate and discuss one by one the particular features or incidents in the case upon which stress has been laid in order to justify allegations of malice, negligence or perversity against the action of our officers connected, or alleged to be connected, with the prosecution. We

must first observe, however, that the Honourable Judge who tried the case himself remarked that "so far as the Bombay Police were concerned, they have throughout these proceedings acted in a perfectly proper and legal manner," and it is therefore unnecessary for us to discuss the propriety of the action taken by the Bombay Police. The charges of misconduct brought against our officers fall into two classes: those which are based upon the observations contained in the order of the learned Judge, or upon questions in Parliament or comments in the press arising from those observations; and those which are inspired from outside sources and find no mention or reference in the criminal proceedings.

To the former category—to take them in the order, and as far as possible in the language, in which they were mentioned by the Court—belong the following allegations :—

(*a*) That in Upper India the Khan Bahadur was subjected to a great many indignities.

(*b*) That the procedure followed by the authorities in Upper India was "ununderstandable," and this again may be subdivided under three heads :—

(i) That the statements of the girls, even if true, afforded no sufficient grounds upon which action should have been taken. On this point the following remarks by the Court indicate the line of argument adopted :—

"Even assuming that the third accused tried to take liberties with them, these were liberties that they did not seem to resent in any way, except by saying that they were not that kind of people . . . I have heard with patience Miss Swannell's evidence for the last three days, and accepting every statement she had made to be true, the only impression that can be produced on one's mind is that there were certain acts of the accused which she apprehended to be the acts of familarity, but they were acts of a most trifling nature."

(ii) That the girls were living quite contentedly at Rawalpindi, having made no complaint to any one, and that the police "without any justification whatever" had taken out a search warrant. Even then "if the Superintendent of Police who executed the warrant had not made a statement which has been proved and is admitted to be incorrect, these girls would never have desired to come back to Bombay. They were perfectly at peace and were quite content to live at Rawalpindi or return to Hoti Mardan, when the police took possession of them, kept them in their custody, and then sent them down to Bombay in police custody, after representing to them that there was no Begum at Hoti, a statement which is admittedly untrue."

(iii) That the Khan Bahadur was arrested on nobody's complaint and was asked to go down to Bombay to answer a charge when there was no charge whatever pending against him. The whole procedure is characterised as "most irregular and arbitrary."

As coming within the second category of charges which are insinuated in questions asked in the House of Commons, the following have been brought to our notice :—

(*c*) That on the 5th April 1911 Sirdar Mir Alam Khan Sahib, Extra Assistant Commissioner, Peshawar, and Maulvi Ghulam Hassan Khan, Sub-Registrar and Honorary Magistrate, Peshawar, contrary to the standing orders of Government had asked the Khan Bahadur with menaces to subscribe towards the funds of the Islamia College, Peshawar, a project in which the Chief Commissioner was personally interested; and that the Khan Bahadur, having refused to subscribe, was shortly afterwards arrested, imprisoned without bail and subjected to many indignities upon a charge which the High Court ultimately dismissed, after condemning the whole procedure as most irregular and arbitrary (*Question by Mr. MacCallum Scott, dated the 11th April 1912*).

(*d*) That a Manual of Pushtu has been compiled by Sir George Roos-Keppel (while a Major) containing offensive personal allusions to the Khan Bahadur, and that the name of the Chief Commissioner was used in a letter from two officials demanding with menaces a subscription to the Islamia College, on refusal to pay which the Khan Bahadur was arrested on a false charge and subjected to many indignities (*Question of Mr. MacCallum Scott, dated the 11th April 1912*).

(*e*) That the Khan Bahadur while in the Peshawar Jail handed his agent four telegrams, addressed respectively to His Majesty the King, His Excellency the Viceroy, Your Lordship and the Foreign Secretary to the Government of India, and that these telegrams were suppressed by the post office officials and handed over to the local authorities (*Question by Mr. Keir Hardie, dated the 7th May 1912*).

We have not specified in detail other questions by these members and by the Earl of Ronaldshay (on the 26th March 1912), which cover generally the same issues as are raised by the order of the learned Judge or points similar to those which are taken by the members named. These, broadly speaking, emphasise the position and alleged high character of the Khan Bahadur as an additional reason, in particular, why he should have been allowed bail.

We deal with these contentions *seriatim* below.

6. *Allegation (a).*—If it be assumed for the moment that the local officers had reasonable grounds for their action in directing the arrest of the Khan Bahadur at all, a matter which is discussed subsequently, the alleged "indignities" can only be supposed to infer either some gross want of consideration to the Khan Bahadur in the circumstances in which the warrant against him was executed, or during the period of his detention in jail. The refusal to grant bail to him in the first instance is doubtless also held to fall within this description. As to these complaints we annex copies of a statement of the Deputy Commissioner explaining his action, of the Assistant Superintendent of Police who actually made the arrest, and of the Superintendent of the Peshawar Jail in which the Khan Bahadur was confined (enclosures Nos. 9, 10 and 11) Mr. Grant's reasons for refusing bail are clearly stated by him. The offence was by law non-bailable, he considered that there were strong grounds for believing that the Khan Bahadur had instigated the offence for which the Kings were being charged, and he took into consideration the facts that flight across the frontier is a factor to be reckoned with in the Peshawar district, while it is a common Indian experience that enlargement on bail is used by wealthy and powerful persons to bribe and intimidate witnesses. It is true that bail was eventually accepted by the order of the Judicial Commissioner (*vide* copy of the proceedings in that Court—enclosure No. 12), but on the other hand it was disallowed in Bombay by the Committing Magistrate. In a non-bailable case a competent Court has the power to refuse bail, and it is to be remembered that the Chief Presidency Magistrate considered the evidence sufficient to justify the commitment of the accused. This being the case, we consider that the Deputy Commissioner in no way exceeded his powers, and that there is not the slightest reason for suspecting any want of *bonâ fides* in the action which he took. No question probably would have been raised had the accused been of ordinary status, and we are unable to accede to any argument that, in the case of rich and influential persons, Magistrates should be guided by considerations which in other cases they would not regard as valid.

Criticism has also been directed against the procedure of the Deputy Commissioner, in that the Khan Bahadur, after his arrest, was not promptly produced before a court in accordance with section 81 of the Code of Criminal Procedure. Mr. Grant has explained his action as having been instigated by the wish to save the Khan Bahadur from the unpleasantness of a public appearance in Court, pending the result of the reference made as to the holding of trial at Bombay. His subsequent offer to afford such a hearing was declined by the counsel for the accused. The latter was thus, in our opinion, in no way prejudiced by the technical irregularity which had been committed, mainly by reason of the consideration shown to his state of health.

It has already been mentioned that the Deputy Commissioner took special steps to ensure the execution of the warrant in a considerate manner,

and the statement of the Assistant Superintendent of Police (enclosure No. 10) shows that these instructions were fully complied with, while the explanation of the Jail Superintendent (enclosure No. 11) indicates that while in jail the Khan Bahadur was allowed concessions which would not have been accorded to a prisoner of lower social position.

Unless it is to be held that a person of the standing of the Khan Bahadur is to be regarded as exempt from the ordinary operation of the law, we are quite unable to hold that the alleged "indignities" attaching to his arrest have any existence in fact.

7. *Allegation* (*b*) (*i*).—We regret that we are entirely at variance with the views expressed by the learned Judge in this connection. If Miss Swannell and Miss Coutts are to be believed (and the Court has held that not the smallest reflection is to be cast on their good character), two young girls were taken many hundred miles from their homes, under the protection of a drunken chauffeur and his wife, upon a pretext which was false, and exposed to indecent overtures from an old man. To describe the conduct of the accused, if the girls are to be believed, as acts of familiarity of a most trifling nature, appears to us to be a misuse of language, and it the statement of the girls is true that they met these advances by a flat refusal and a demand to be allowed to go, it is not easy to perceive in what more definite way, looking to all the facts of their position, they could have resented them. As regards the Khan Bahadur, the point whether the offence of abetment of abduction could be proved, at law, in the sense that the Kings were acting under his explicit instructions, was one for the jury to decide. The Committing Magistrate was of opinion that it was established, and that fact, we think, exonerates the officers concerned with the preliminary proceedings from any charge of reckless negligence in acting in accordance with that view. At the lowest a *primâ facie* charge of indecent assault (section 354, Indian Penal Code) was shown to lie, and in the light of all the surroundings of the incident we are not prepared to blame our officers for regarding it as of a serious description. We cannot but consider that the Honourable Judge has seriously misapprehended the significance of the acts alleged.

8. *Allegation* (*b*) (*ii*).—The allegations here referred to really raise two considerations, namely, the behaviour of the girls at Rawalpindi, in so far as it affects their story, and the action of the Punjab Police in communicating with them and sending them to Bombay. As regards the second point, we enclose a copy of a letter from the local Government in the Punjab, No. 82, dated the 1st March 1912 (enclosure No. 13), desiring the Government of Bombay to take steps to exonerate its officers, and, bearing in mind the fact that the Court has found that the action of the Bombay Police has throughout been proper and legal, and the further fact that the Rawalpindi Police had no previous knowledge of or connection with the case, but were acting merely at the instance of the Bombay Department and in accordance with instructions received from it, we do not think that it can properly be said that they had no justification whatever for what they did. Their information (rightly or wrongly) was that two girls had been taken away for immoral purposes and might be being kept under restraint. They were asked to interview them and, if the girls were willing, to return them to Bombay. Observing the precaution of obtaining a search warrant and accompanied by a priest (both of which facts may be taken to argue *bonâ fides*), the District Superintendent saw the girls, and there is nothing in his evidence before the Chief Presidency Magistrate to show that he put any pressure upon them to come away. He merely questioned them as to what had occurred and facilitated their departure to Bombay; it is not correct to say that they were sent to Bombay in police custody; in so far as the police helped them at all, it appears to have been with a view to their assistance. The Rawalpindi Police could have no possible interest in the prosecution, regarding the details of which they were ignorant, and in so far as they merely endeavoured, at the instance of police elsewhere, to protect two friendless girls left under circumstances of considerable risk in a strange place, they can scarcely be said to have exceeded their legitimate functions.

To appreciate the behaviour of the girls while at Rawalpindi it is necessary to examine more closely the evidence of Miss Swannell on the

point, and the more relevant portions of her testimony are, for convenience, reproduced below:—

"Police came on 11th or 12th with a Roman Catholic priest. Superintendent Farquhar came there. Mrs. King was there. He asked if Mrs. King was living there. We said, "Yes." He said, "who are you?' We said we came from Bombay. We told him we had been brought as governesses for the Rani to look after her children. Mr. Farquhar told us there was no Rani, and we had to go Bombay. We said we were willing to go but we had no money to pay our fares. He asked us to get ready and he went out. Mrs King said, "Why do you want to go to Bombay? Sit here and get your pay. There is no work here." She further said, "Now you are going away, I won't get the Rs. 200 the Chief promised me." We packed up and left with the Superintendent to the Deputy Commissioner. He sent us to his bungalow and his wife . . . . I was about 11 days at Rawalpindi before the Police came. We had Rs. 112 paid to us on the day we arrived at Rawalpindi. When we left Hoti Mardan after the museum incident I told Mr. and Mrs. King I wanted to go, but they said, "The Chief won't come near us for four or five months, so don't go." . . . . On the 1st of October we had enough money to go to Bombay if we wished. We did not go because we did not see any harm then . . . . We were willing to stop at Rawalpindi, and did not want to come back to Bombay as the Kings told us that the Chief would not be there for four or five months. We were told that we were to go back to Hoti in a few days. I did not express willingness. I would not have been willing. I would not have stayed at Rawalpindi for four or five months . . . . A Roman Catholic priest came with Mr. Farquhar. I don't know why he brought the priest with him. I told him that we had come as governesses. I believed that at that time. The priest said we had been brought to lead the life of sin. That was the first time I learnt this. I had never seen the priest. Superintendent of Police said he had a warrant to search for two girls. He asked us if we were willing to go. He did not say we must go. He left it to us. I told the Commissioner's wife all that had taken place. We told her that the Khan had asked when he could come and do what he liked with us. We were then kept in charge of the Police. A police sentry was stationed at our door the whole time we were there. We remained in police charge till we arrived at the Home in Bombay. Police took us to the Home from the Railway Station. We arrived here on the 15th of October. We were in charge of the Police from 11th to 15th of October. We have been in frequent communication with the Police since. . . . It is true that we were anxious to stop on in the Khan's service because we were getting good pay. . . . The Kings were anxious that we should continue as governesses. Mrs. King said she was to get 200 rupees for procuring two good governesses. She said if we went back she would lose her two hundred rupees. . . . The Police Superintendent told us at Rawalpindi there was no Rani. If there had been a Rani we would have stayed on. His statement that there was no Rani affected our desire, and we said we were willing to go to Bombay. Four policemen successively travelled down by the train we came by and saw us at each station."

Reading this evidence as a whole, and in the light of the attitude of the girls at Mardan, we are of opinion that a more probable view of it than that taken by the learned Judge is that it presents a singularly ingenuous account of the working of the mind of a very inexperienced girl. It is to be remembered that the girls were exceedingly young, of humble upbringing and little education; they were evidently considerably under the influence of the Kings, and away from any good influences which might have been brought to bear. Wiser persons would doubtless have realised the perilous position in which they stood and have appealed at once to the authorities for help. These girls did not; Miss Swannell admits that the pay of the post was an

attraction to her, and to a person in her rank of life the salary was large; at the same time the Kings were urging them not to throw away money by leaving; nothing of the graver kind had actually happened to them at Mardan, and they thought they were free from molestation for another four or five months. In these circumstances it is conceivable, however foolish their conduct may now appear, that they were willing to continue at Rawalpindi, but in so far as any insinuation is based upon this fact that they were forcibly sent to Bombay and instigated to bring a charge which was entirely without foundation, we are emphatically of opinion that the circumstances are susceptible of another and, to our mind, a more reasonable interpretation. The statement that there was no Rani at Mardan was doubtless literally incorrect, but the Rawalpindi police were not to blame for having made it. They merely acted upon their instructions from Bombay, and this inaccuracy does not affect the allegation that the girls were also, by their own statement, engaged as governesses to two boys who, on no theory of the case, exist. Neither does it touch the point that the girls never met the Rani, nor were asked to do any work for her. In the face of these facts it seems scarcely necessary to attribute the willingness of the girls to go to Bombay merely to the statement, which the District Superintendent made to them, as to the presence or otherwise of a Rani. It is, moreover, relevant to note that the statement of the Khan Bahadur, made to the District Superintendent of Police on the 22nd December 1911, was entirely inconsistent with what he ultimately represented in Court. A copy of this statement is annexed (enclosure No. 14), and it was recorded by a gazetted officer, upon whose *bonâ fides* we see no reason to cast doubt. In this statement the Khan Bahadur denied the meeting with the girls at the railway station, and made no mention of any subsequent interviews. The matter of the Rani was never even mentioned, and the allegation was to the effect that the girls had come, unbeknown to the Khan Bahadur, to look after the Kings' children. The coincidence will be noticed beween the statement made by the Khan Bahadur at Peshawar on the 22nd December, and that of Miss Swannell, made independently in Bombay in October, to the effect that, when they were leaving Rawalpindi, King endeavoured to persuade them to tell this story, namely, that they had come for the purpose of teaching his family.

9. *Allegation (b) (iii).*—We are unable to accept as accurate the theory that the Khan Bahadur was arrested on "evidently nobody's complaint." At the time of his arrest Miss Swannell had already given her version of the case to the Commissioner of Police, Bombay, and this had been communicated to the Deputy Commissioner of Peshawar. Upon the basis of that complaint the latter took action, and, as has already been said, his *bonâ fides* in taking that action is entirely beyond question. Under section 190 of the Criminal Procedure Code, a District Magistrate (among others) may take cognisance of an offence either upon complaint, or upon receipt of a police report, or upon information received from any person other than a police officer, or upon his own knowledge or suspicion that an offence has been committed, and the terms of the law fully cover the action of the Deputy Commissioner in ordering the arrest of the Khan Bahadur.

10. *Allegation (c).*—We have so far dealt with the points arising out of the order of the Honourable Judge; there remain those which have been touched upon in questions in the House of Commons.

The gist of the first of these, which does not confine itself to the affairs of the Islamia College, but links these to the subsequent prosecution, with the apparent insinuation that the one was the consequence of the other, is to the effect that the Chief Commissioner was anxious to forward the interests of the proposed Islamia College; that contrary to rules (and presumably the inference is, with the cognisance of the Chief Commissioner) two officers approached the Khan Bahadur "with menaces" for a subscription, which the latter refused, with the result that he was arrested, refused bail, and subjected to many indignities on a false charge. It seems to us that the statement above summarises the impression of the facts which the question is meant to convey, and we would invite Your Lordship's attention to the extremely serious charge which it contains. Highly defamatory suggestions as to the employment of criminal powers by high officers to extort money are not such as should in fairness be made rashly and without due verification, but we enclose an extract from *The Tribune* newspaper of the 15th March 1912 (enclosure No. 15) which is typical of others which have been published, and upon the basis of which and like material the question has apparently been framed. On the other hand, we annex a copy of a letter

from the Chief Commissioner, No. 337P., dated the 2nd May 1912 (enclosure No. 16), which deals fully with the allegations. It will be observed, in the first place, that the date of the letter asking for a subscription has been skilfully misrepresented so as to connect it with the recent prosecution. It is represented as having been written in April 1911, while, as a fact, it was sent in the preceding year. The earlier date would of course have destroyed entirely the theory of a connection between the letter and the subsequent case. Secondly, the letter was written while Sir George Roos-Keppel was on leave, and he obviously could have had nothing to do with its despatch. Thirdly, the writers of the letter have clearly explained the circumstances surrounding the so-called "menaces," and that they had no intention of using threats—much less doing so under official instigation. Fourthly, the Chief Commissioner has shown that, while, as it was incumbent upon him to do, he exhibited such sympathy towards the project as was appropriate from the head of the province towards an educational scheme in which a large and influential section of the inhabitants were interested, his attitude was in no sense incorrect, and he actually warned the Committee against any misuse of official pressure. We regard the insinuation that the prosecution of the Khan Bahadur was in any way connected with his failure to pay money, when desired to do so, as in the highest degree offensive and as absolutely without foundation.

11. *Allegation (d).*—The suggestion involved in the second question mentioned is not perhaps so clear, and it overlaps with that which we have just discussed, but it too joins the arrest and trial of the Khan Bahadur with the publication of a Pushtu Manual by Sir George Roos-Keppel in his earlier days, and we can only conclude that the idea which it is desired to convey is that the Chief Commissioner, having shown his animus against the Khan Bahadur by alleged offensive personal references to him in the book, and having subsequently allowed his name to be used in an abortive attempt to raise money by threats, was influenced by these previous incidents in compassing the arrest and disgrace of the Khan Bahadur. Here, again, the implication is obviously of considerable gravity, and the extract from *The Tribune* newspaper, to which we have already referred (enclosure No. 15), doubtless points to its source. We annex a copy of an extract from a letter from the Chief Commissioner, No. 317B., dated the 25th April 1912 (enclosure No. 17), which gives the true facts of the case. The book was written in 1900 and published in 1901, when Sir George Roos-Keppel had recently been appointed Political Agent in the Khyber, and had never even heard of the Khan Bahadur. The alleged offensive allusions to the latter are contained in extracts from actual examination papers set between the years 1888 and 1892 inserted in the book as exercises, and Sir George Roos-Keppel had only entered the army as a subaltern in 1886. It will be noticed that the book (of which a copy is enclosed—enclosure No. 18) is full of imaginary names, and the supposition that the author of the sentences had any particular intention of insulting the Khan Bahadur is, to say the least, far fetched; in any case it was a purpose with which Sir George Roos-Keppel had obviously no connection, and the insinuation made against him is the more to be resented since a glance at the book would have shown that both in the preface and in the headings of the exercises themselves, it is stated with absolute clearness that they are reproductions of old examination papers. Before giving publicity to a charge of this description, we consider that it was incumbent upon the person desirous of doing so at least to examine the book which was alleged to be offensive. Had this been done, even cursorily, the theory of animus on the part of the Chief Commissioner at once breaks down, and that of some mysterous connection between the publication and the recent prosecution becomes preposterous.

With reference generally to this accusation of prejudice which has been levelled against the Chief Commissioner, and incidentally against the Deputy Commissioner of Peshawar (who, presumably, is supposed to have acted as a mere tool of Sir George Roos-Keppel), we would invite attention to the action of the authorities in the North-West Frontier Province with reference to the place at which the trial should be held. Had they been actuated by the motives alleged, it might have been expected that they would have endeavoured to secure a local hearing of the case; but, immediately after the arrest of the Khan Bahadur, Mr. Grant suggested the transfer of the case to Bombay, where it was evident that the proceedings would come before a Judge of the High Court, assisted by a jury.

This proposal was promptly communicated by the Chief Commissioner to the Bombay Government, and it affords a good indication of the *bonâ fides* which has characterized the proceedings of these officers throughout the case.

12. *Allegation (e).*—As regards the alleged suppression of four telegrams which the Khan Bahadur wished to send from jail, we annex copies of two letters from the Director-General of Posts and Telegraphs (enclosures Nos. 19 and 20) which state the facts, and we invite attention to that portion of the statement of the Deputy Commissioner, Peshawar (enclosure No. 9), which deals with the incident. The Telegraph authorities at Peshawar acted within their rights in referring the telegrams, which they thought to be open to objection, to the Deputy Commissioner, but they made a mistake in procedure in doing so before accepting the fee for them. The Deputy Commissioner at once ordered them to be issued, but by that time the messenger, who brought them, had left, and as the messages had not been paid for they were not sent. They were subsequently mislaid and are not now forthcoming. The Telegraph authorities were certainly guilty of carelessness, first in committing an error in procedure, and secondly in losing the telegrams, but no one connected with the prosecution of the Khan Bahadur was concerned. On the contrary, the son of the Khan Bahadur, the day after the incident, visited the Deputy Commissioner and stated that he strongly disapproved of the telegrams and had withdrawn them. The Deputy Commissioner assured him that there was no objection to the despatch of any telegram which was within the law to any authority, and so far as he was concerned, therefore, the incident may fairly be said to have closed without any prejudice to the Khan Bahadur. Neither, apart from this question in the House of Commons, has any allegation of prejudice been brought to our notice.

13. We have now discussed in detail these aspects of the proceedings in connection with which aspersions have been cast upon our officers, and we consider these to have been unjustified. A complaint of a very serious character was made, and we repudiate entirely the suggestion that it was instigated by the police at Rawalpindi, who had no interest in, or knowledge of, the matter. The Bombay Government, rightly impressed with the need for action, communicated the facts to the Chief Commissioner, whose personal intervention in the case was confined to bringing the facts to the notice of the Government of Bombay. The papers having been communicated to the Deputy Commissioner of Peshawar, this officer took a view of the matter which was justified by law, and which, in view of the fact that the evidence was considered eventually to justify a commitment, cannot be characterised as unreasonable or negligent. In directing the execution of legal process against the Khan Bahadur, special precautions were taken to show every consideration to his feelings. We do not propose to discuss the merits of the actual decision ultimately arrived at in the case; the orders passed were those of a high judicial authority, and with them, as such, we are not immediately concerned, though we have taken leave to dissent from the comments which formed part of the order, but the reflections upon our officers, to which the wording of these orders and the subsequent embroideries of the press have given currency, bear directly upon the standard of our administration, and holding, as we do, that these imputations are entirely without justification, we are of opinion that their refutation should be given the fullest publicity. The manner of doing so we leave in Your Lordship's hands, but we consider publicity desirable as an act of ordinary fairness to those who have been attacked. Not least among these is Sir George Roos-Keppel, who in this connection has been assailed with charges of a most scandalous description, although the proceedings neither originated with him, nor did he take any active part in them. The opportunity has been taken, however, in connection with political intrigues, entirely dissociated from this case, to represent the matter in the light of a striking example of the insecurity of life and property under the present régime in the North-West Frontier Province, and we desire, therefore, to place on record our high appreciation of the administration of the province by Sir George Roos-Keppel, and our reprobation of the cowardly and baseless attacks to which he has been exposed.

14. The publication of the papers in England and in this country would make known in the most open manner possible our opinion as to the charges which have been brought against the servants of Government in connection with these proceedings, but in any case we consider that all those concerned are entitled to be told that Government regards their conduct as free from blame.

ENCLOSURE No. 1.

Statement of Miss Swannell made before the Commissioner of Police, Bombay.

MISS ELSIE SWANNELL.—I am unmarried and reside at the Foundling Home, Mazagaon. My age is 20 years. I know Mrs. King. She appears to be an East Indian. I met her for the first time in the beginning of September last. She came to the Home in search of two girls as she alleged they were required by the Rani of Hoti Mardan as governesses for her two boys (children). She subsequently made another statement saying we were required to teach the Rani English. She then took myself and Mrs. Glendenning to a studio at Kalbadevi and had our photographs taken to be sent to her husband, Mr. King, who would show them to the Chief of Hoti Mardan and get his approval. She brought the photos to the Home and she showed them to the Sister Superior, who handed them back to her. It was a Saturday when she brought the photos. Mrs. Glendenning's photo was not sent, as a rumour was about that a Mrs. Radford was going. After a few days Mrs. King again came back and told me to get ready as my photograph had been approved of. She then left and returned the next morning. I was out. I returned at about 11 A.M. and Sister Superior told me to get ready and that I had to leave that day and that Miss Coutts was to accompany me. I packed up and left for Victoria Terminus. There I met Miss Coutts and Mrs. King. Arrangements were at first made that we were to travel second class, but when we got to the station we found we had to go third class. We asked her about this and she said she hadn't sufficient money. She gave us Rs. 15 between us for expenses on the journey. We were put into a compartment where two soldiers and a Eurasian were. The soldiers left the compartment, but the Eurasian remained behind and he left, taking one of Mrs. King's towels with him. He got down at Lahore.

We got into Nowshera at about 7-10 P.M. on Monday. We changed there. Mr. King met us and asked us if we were the two young ladies from Bombay. We said yes. He then got second class tickets for us and we went by a branch line to Mardan. We reached there at about 9 P.M. Mr. King told us to go to the waiting room. When we got there the Chief was there, and shook hands with us, saying "*Meruan*." We sat there for some time and he said to Mrs. King "the photos don't tally." She said "my husband will explain; the lady who was to come was ill and Miss Coutts came in her stead." He seemed satisfied with Miss Coutts. He then told Mr. King to take us to the bungalow and make us comfortable. Mr. and Mrs. King and both of us got into a tonga and our boxes were put in another and were driven to a house in the bazaar. The Chief had driven away before us.

When we arrived at the bungalow we were shown two rooms on the first floor which Mr. King told us had been set apart for us. The ground floor consisted of shops. King lived on the same floor with us and some natives lived further on in the same building.

We had dinner with the Kings and afterwards we went to our rooms. We got no instructions as to the nature of our work that night.

The following morning we had breakfast with the Kings and we asked Mr. and Mrs. King what were our duties and she said "never mind, the Chief knows you are tired and he will not trouble you for a few days." Mr. King added that when he came to the State he did nothing for a month and never saw the face of the Chief. They also told us the Rani had gone to Murree and that the Chief was very frightened of her and that she would be back very soon. At about 9-30 A.M. we were writing some letters and Mrs. King came rushing in and told us the Chief was coming to see us and had sent Mr. King to tell us so, and asked us to dress nicely and do our hair nicely. We said we were dressed nicely and she said "no, no, put on your new dresses." We did dress up and after about half-an-hour the Chief came with Mr. King, who was walking behind him, with a basket which contained a bottle of cherry whisky, one bottle of Bee Hive brandy, fruits, tea and biscuits. He then told King to leave the room and close the outer door behind him. After King had gone he sat down and began talking to us. I did not quite understand his language, but Miss Coutts did. He then asked us our age, and we told him. He then spoke on ordinary subjects and he suddenly broke off and he said that in his country they judged the age of a man by his teeth and that of a lady by her breast. I had

to get Miss Coutts to explain this to me in his presence. He then began talking to Miss Coutts and she asked him about the Delhi Darbar and he only laughed (Mrs. King had told us we would accompany the Rani to the Delhi Darbar). He then asked me to open the window which was closed. I got up to open it and he called Miss Coutts up also and he showed some hills which he called Malakand and he told us he used to go there in the motor. He also said that buffalo fights take place near our bungalow and he pointed out the place. We were very interested, but all of a sudden I noticed something strange, and on looking I found he was attempting to catch my breast. I ran away across the room and found that Miss Coutts had already bolted from the window. He then said "why are you running and why are you frightened?" I said "we did not come here for this sort of thing. We came here to work." Miss Coutts then said "you know our ages; why can't you believe them?" He said "when you are in a country where it is the custom you must follow that custom."

We then gave him to understand that we had not come for this kind of thing, but to work for the Rani. He took no notice of it and asked us when he would be able to come and when would we let him do what he liked with us. And if we preferred to have him there or at his palace. We told him we did not want him at all for that purpose. He told me I looked very angry and he then left.

When leaving he spoke to Mr. King, and he said, "Mr. King, what have you done?" Mrs. King then came in and we told her what happened and we told her we were going and we wanted to be settled up with. She said "never mind, he is an old man and he must have touched you like a father." I said "no such thing." She said "I did not know he wanted bad women: I will tell my husband: I did not know he was a bad man."

We sent for King, but he did not come. Mrs. King came and said Mr. King was very sorry and was ashamed to see us. We said "we will see him," and went to his rooms. He told us he was sorry and that he would settle up our account and that he would also leave at the end of the month. We went back to our room. Mr. and Mrs. King finished the liquor. That same afternoon she came crying into our room, apparently drunk, and said the Khan's Police have come and are taking Charlie (King) away and they were going to shoot him. We spoke to her and said "he can't do that," and she said "you don't know what kind of a man the Khan is."

That night Mr. King and ourselves were having dinner and he said to us, "sit down, and draw your pay, the Khan won't come near you for three or four months."

We believed what they told us and we were frightened, being in a native bazaar. We locked ourselves in that night. The next morning Mrs. King's little boy, Harry, came to our room while we were in bed, with a note written by Mrs. King telling us not to leave our rooms or go into the verandah until chicks were put up. She finished by "your loving darling Mrs. C. W. King." That day I finished my letter to Sister Superior which I had begun on the 27th September. I changed the date to the 28th September. It is marked A.

I see this envelope, post-mark dated 28th September, Hoti. That envelope is not is my handwriting. The one I enclosed my letter in was in my handwriting. I always put the letters S. A. G. on the corners of the envelopes. This envelop is marked Ai. In that letter I hinted to the Sister that something was wrong.

The next morning, 20th September 1911, at about 7 or 7-30 A.M., Mrs. King came into our room quite excited and said the Rani had come in early, accompanied by sowars and servants and that they were passing. We wanted to go and see them and she told us not to go and that the Rani would send for us the next day.

During the day King was sent for by the Chief and he came back and informed us that the Chief was suffering from fever, but that he enquired after us and he would send for us to the palace that evening.

At about 6 P.M. we asked King when the Chief was going to send for us, and he said he will send for you presently. He then said the Chief will want you to pour out his medicine and attend to him and that is why he brought you here. He also mentioned something about his private correspondence and said we would have to read his private letters to him as he could not trust his native clerks. He did not send for us that night.

The next day, 30th September 1911, Mrs. King and Mr. King informed us that some native policemen had come and were making enquiries about the two girls that had come and that they told them no one had come. He again warned us about not going on the verandah and that the chicks would arrive that day. They were as a matter of fact put up that day.

At about 6 P.M. King came to us and told us he was taking the Chief for a motor drive and that he would tell him about the police calling. He left, and as he did not return early we had our dinner with Mrs. King. This was about 8-30 P.M.

We then went to our room and were preparing for bed when King came rushing in and told us to pack up as we were to leave for Rawalpindi that night. We packed up our things in a hurry and we were ready in a short time. We went to King with our hats on and he made us remove them and cover our heads with towels. We protested, but he would not listen. He would not permit us to have a light when leaving the house and made us put the towels over our faces. We came down, crossed the road, and went through some lanes, accompanied by the Kings, and we came to a garden in which there was a small museum. There were several doors to this museum; only two were open.

The Chief was standing in the garden near the door. He inquired after our health and wanted to take us separately to see the museum and he caught hold of my hand and asked me to accompany him. I declined to go alone. The Kings were persuading us to go and told us we need not be afraid. Then Miss Coutts went in. She came out shortly after and I asked her and she said "go, but don't let him touch you." I was afraid, and Mrs. King said "why are you afraid. I will come with you." I said alright, and she came as far as the door and ran away. The Chief closed the door and took me to one of the seats, and while I was talking to him he asked me for my ring. I declined to give it to him. He was talking about different gentlemen and their ladies. He then put his arms round the bench and touched me and he again tried to catch hold of my breast. I jumped up and he caught hold of my scarf. I then told him I was leaving at once as I did not relish this kind of thing. He then said, "will I tell King?" I said "certainly." He also asked me for a kiss, which needless to say was declined. He came to the gate with me and complained to Kings that I was very sulky. I told Miss Coutts what had taken place and said I was of opinion he had brought us for a bad purpose.

We then went to the station accompanied by the Kings and we went from a different station to Rawalpindi. We got to Rawalpindi on Sunday morning. I forgot to mention that the Chief told us that the police were enquiring and consequently he was sending us to Rawalpindi, but would bring us back as soon as a bungalow was ready. "There are a number of Europeans at Rawalpindi and you won't be noticed there" and not to go out without some one with us.

When we got to Rawalpindi we stayed for a few hours in the dâk bungalow. Mrs. King was drunk, and we then went to the house where we were found by the Police Superintendent. When we were being taken away, Mrs. King told us that we were leaving for nothing, that there was a Rani, that she would lose Rs. 200 which was promised to her.

Mr. King also saw us at the hotel after the police had taken us over and said to us, "don't be afraid of the police, they can't do anything to you." He said he was waiting for them to come to him and he would tell them that he had brought us to teach his children and he asked us to tell the same story and said we would tell the truth.

Had I known that I was to be taken to Hoti Mardan for the purpose for which I was taken I would not have gone. I was deceived and abducted, and had it not been for timely interference I do not know what would have happened to me and my companion. I request that the parties concerned be dealt with according to law.

MISS E. SWANNELL.

17th October 1911.

ENCLOSURE No. 2.

No. 9833-B., dated the 8th December 1911.

From—The Secretary to the Government of Bombay, Political Department,

To—The Agent to the Governor-General and Chief Commissioner, N.-W. Frontier Province.

I am directed to bring the following facts to your notice.

On the 9th October 1911, the Sister Superior of the St. Joseph Foundling Home, Bombay, went to the office of the Commissioner of Police, Bombay, with some correspondence and complained that two of the girls of the Home, Miss Elsie Swannell, aged 20, and Miss Coutts, aged 22, had been taken away by a Mrs. King on the pretext that they were to be companions to the Rani of Hoti Mardan. From letters received by her, subsequent to the arrival of the girls at Mardan, she suspected that both she and the girls had been deceived as to the real object for which the girls were taken away.

On receipt of this information the Commissioner of Police wired to the District Superintendent of Police, Rawalpindi, to which place he learnt the girls had been subsequently taken, and received a reply confirming his suspicions that the girls were taken away for immoral purposes. He then wired to the District Superintendent of Police, Rawalpindi, to send the girls to Bombay, which was duly done. On their arrival in Bombay the Commissioner of Police had the statements of one of them, Miss Elsie Swannell, recorded in full and it was certified as being correct by the other girl, Miss Coutts. A copy of Miss Swannell's statement is herewith forwarded.

2. The Commissioner of Police, Bombay, has been directed to take legal proceedings against the Kings under section 366 of the Indian Penal Code, and I am to request that you will take such notice as you may consider necessary of the Khan of Hoti Mardan's objectionable conduct.

ENCLOSURE No. 3.

Letter No. 147-C., dated the 21st December 1911.

From—A. H. GRANT, ESQ., Deputy Commissioner, Peshawar,

To—W. P. BARTON, ESQ., Secretary to the Chief Commissioner, North-West Frontier Province.

I have the honour to return the letter No. 9833-B., dated 8th December 1911, from the Bombay Government, sent to me in original by the Chief Commissioner.

2. As the evidence is sufficient to warrant this course, I have had Khan Bahadur Khwaja Muhammad Khan of Hoti arrested and placed in the judicial lock-up of the Peshawar jail.

3. The Superintendent of Police has made further enquiries at Mardan which confirm the fact that the girls went there, were met at the Railway Station by the Khwaja and were lodged in the Hoti Bazar, as stated by Miss Swannell. There are thus ample grounds for proceeding against Khwaja Muhammad Khan under section 366 or sections 366 and 109, Indian Penal Code.

4. It remains to decide the Court in which he should be tried. I am inclined to think that it would be most convenient for him to be tried in Bombay with Mr. and Mrs. King. If the whole case were transferred here, a difficulty would arise in regard to the trial of the Kings, who would doubtless claim to be European British subjects, and as such triable by the Chief Court of the Punjab. Moreover, the bulk of the important evidence is in Bombay. The witnesses of the arrival of the girls at Mardan and of other incidents there could, without difficulty, be sent to Bombay.

5. I submit the suggestion for the Chief Commissioner's consideration and shall await orders before taking further action in regard to Khwaja Muhammad Khan.

ENCLOSURE No. 4.

Telegram No. 138-S., dated the 22nd December 1911.

From—The Chief Commissioner, North-West Frontier, Province, Peshawar,

To—The Political Secretary to Government, Bombay.

P. Please refer to your letter No. 9833-B., dated the 8th December 1911.

Khwaja Muhammad Khan of Hoti Mardan has been arrested on a charge under sections 109 and 366 of the Indian Penal Code. Warrants have been

issued for the arrest of King, who is Khwaja Muhammad Khan's chauffeur, and Mrs. King, but Mr. King, who was at Delhi with Khwaja Muhammad Khan's motor car, has not returned with it and has disappeared. Efforts are being made to trace him. Mrs. King is said to be in Bombay where, I hope, you will be able to arrest her, as it is commonly reported she has been provided by Khwaja Muhammad Khan with a large sum of money which is to be utilised to bribe the prosecution witnesses to retract their evidence. King's two children have been left in Mardan and are being watched in the event of their parents returning. I am writing.

ENCLOSURE NO. 5.

No. 1692-P., dated the 22nd December 1911.

From—The HONOURABLE LIEUTENANT-COLONEL SIR GEORGE ROOS-KEPPEL, K.C.I.E., Chief Commissioner and Agent to the Governor-General, North-West Frontier Province,

To—The Secretary to the Government, Political Department, Bombay.

I have the honour to acknowledge receipt of your letter No. 9833-B. of 8th December, and enclosures, which reached me at Delhi on the 16th December.

2. The person referred to in your letter and in its enclosed correspondence as "the Khan of Hoti Mardan," "the Chief of Hoti," and "the Chief," is one Khan Bahadur Khwaja Muhammad Khan, a wealthy house proprietor and land-owner of Yusufzai, a subdivision of the Peshawar district. He resides in Hoti Mardan and is a British subject.

3. The references in Miss Swannell's statement to "the Rani of Hoti Mardan," "the State," "the Chief," "his palace", "the Khan's police," etc., etc., show that Mrs. King had persuaded the two girls that they were in a Native State. There is of course no such person as "the Rani of Hoti Mardan," and Khwaja Muhammad Khan has only one son who is nearly thirty years of age.

4. It is most unfortunate that the Commissioner of Police, Bombay, did not communicate in the first instance with this Administration, as, had he done so, King and his wife could have been secured.

5. King was with Khwaja Muhammad Khan as chauffeur at Delhi and orders were issued for his arrest, but he has got away. Mrs. King has left Mardan and is said to be in Bombay, though their two children have been left in Mardan. It is generally stated that Khwaja Muhammad Khan has given or sent to Mrs. King ten thousand rupees to bribe the witnesses for the prosecution to retract their evidence.

6. This is the first case of this kind which has occurred in the North-West Frontier Province, and I am anxious that very serious notice should be taken of it as, in view of the ready market which exists for European women in Afghanistan and in independent territory, I fear, that this disclosure of the remarkable ease with which women can be obtained from charitable institutions may lead to a regular traffic unless a severe example is made.

7. Khwaja Muhammad Khan's line of defence appears to be that he is in no way concerned, and that King and his wife imported the two girls from Bombay as governesses for their own children. Apart from the absurdity of the suggestion that an Eurasian chauffeur on small wages could engage European servants for their own service, we have evidence corroborating Miss Swannell's statement that she and her companion were met at night at Mardan station by Khwaja Muhammad Khan and that he had an interview with them and the Kings in the waiting room. This taken with Miss Swannell's statement is quite sufficient for the trial of Khwaja Muhammad under sections 109 and 366, Indian Penal Cede, and it is of even greater importance to punish the wealthy instigator of such an offence than to punish his tools.

8. I enclose a copy of a letter regarding the case from the Deputy Commissioner, Peshawar, and would be obliged if you would let me know as soon as possible whether you would prefer that the trial of the three accused (assuming that King and his wife are arrested) should take place here or in Bombay. The former course would involve the attendance at Peshawar of the two girls.

Enclosure No. 6.]

Case Nos. 1865-P. of 1911 and 36-P. of 1912.

Charge—SECS. 221, 222, 223, C. P. C.

I, A. H. S. ASTON, ESQ., Chief Presidency Magistrate, hereby charge you 1, Charles W. King, 2, Annie King, 3, Khwaja Mahomed Khan, as follows:—

That you on or about the 23rd day of September 1911 at Bombay abducted a woman, to wit, one Elsie Swannell, in order that she might be forced or seduced to illicit intercourse or knowing it to be likely that she would be forced or seduced to illicit intercourse, and that you did aid and abet each other in the commission of the said offence, which offence was committed in consequence of such abetment and that you thereby committed an offence punishable under sections 366 and 109 of the Indian Penal Code.

Secondly, that you on or about the 23rd day of September 1911 at Bombay abducted a woman, to wit, one Daisy Coutts, in order that she might be forced or seduced to illicit intercourse or knowing it to be likely that she would be forced or seduced to illicit intercourse and that you did aid and abet each other in the commission of the said offence, which offence was committed in consequence of such abetment and that you thereby committed an offence punishable under sections 366 and 109 of the Indian Penal Code and within the cognizance of the High Court.

And I hereby direct that you be committed to the ensuing Criminal Sessions of the High Court to be tried on the said charges.

Dated this 30th day of January 1912.

FOR THE CROWN.

I, having made solemn affirmation, state that my name is Bhowanisingh Bahadursingh; my residence Bhaya Haroon Haji's chawl, Dadar.

I have charge of the chawl and know the tenants. Accused 1 and accused 2 lived in one of the rooms, viz., room No. 28. I have received Rs. 5, the rent of the room in advance, I believe, on December 21st. I produce my note-book. I produce the Seth's book. Accused 1 gave me the name of John D'Souza. Three or 4 days after they came to live there they were arrested by Superintendent Sullivan.

Cross-examination declined by Mr. Vickaji and Mr. Velinkar.

No. 3.

FOR THE CROWN.

I, having made solemn affirmation, state that my name is Elsie Swannell; my residence Foundling Home, Mazagon.

I was 21 in September. I know accused 1 and accused 2. I first knew accused 2 as Mrs. Henderson; when I went to Mardan, as Mrs. King. I knew accused 3. He is the Chief of Hoti. I was educated at Bandra Convent. I left school in October 1906. I was employed in Bombay in various places and always resided at the Foundling Home. They keep lady boarders. It is the same religious order as that at Bandra Convent. I first saw accused 2 in September. It must have been about the 15th. I was having breakfast at the home. The bell rang and I went to see who was there. I was doing no work outside, but I was helping the Nuns. One of my occupations was to answer the front door bell. I found it was accused 2. She asked to see the Sister Superior. I called the Sister Superior down. She took accused 2 to the parlour and spoke to her. I did not go in. I saw accused 2 at the home. When the Sister left I spoke to her. She told me the Chief of Hoti wanted 2 governesses for the Rani and that there were 2 little boys to teach, one of 10 and one of 12. I asked her what she had come for, and she said she had come to take 2 governesses. She said one was to get Rs. 130 and one Rs. 115 as a salary. Nothing further was done that day. Accused 2 said she was the wife of the motor driver and that the engineer had sent her down to make arrangement. That the engineer was Mr. King and that the motor driver was her husband, Mr. Henderson. She first said Mr. King was an engineer. Three or four days afterwards I saw her again. She told me she had returned from church and wanted to see the Sister Superior. The first time I saw her accused 2 was dressed very dirtily. She had a gown on and a shawl and no hat. When she said she had come from church she had a white hat on and an untidy dress. I called the Sister Superior down again. I don't know what she told her, but after the interview I had a conversation, She told me the Sister Superior said she had no girls to send and she asked me if I would like to go. I said I would like to go very much. She said "Ask the Sister Superior." She said she was going to see somebody in hospital, Mrs. Shultry, who was also going. She said she could wait for Mrs. Shultry. The Sister Superior said that if we were to go alone I would not go at all. Then accused 2 came again one or 2 days later. She said she had arranged to take another lady instead of Mrs. Shultry as she was in hospital and could not come. Accused 2 mentioned the name of Mrs. Glendenning. She spoke to the Sister Superior. In consequence of it the Sister Superior came and spoke to me, and in consequence of what was said accused 2 came next morning and took me and Mrs. Glendenning to a photographer in Kalbadevi and I and Mrs. Glendenning were photographed. Accused 2 showed the photos to the Sister Superior 3 or 4 days later. The Sister Superior called me in and showed them to me. The Sister Superior gave my photograph. Mrs. Glendenning's photo was kept back as she did not want to go. I did not see her for a few days. Accused 2 said she was sending the photo. When the photo got there the money would come and she would take me. I was not going alone, but the Sister Superior said she would arrange. I did not go alone. Accused 2 said Mr. King would send the money down, that is the engineer. Accused 2 came and said the photo was quite satisfactory and the money would come that evening. That was the day before we left. A telegram arrived from the Sister Superior that evening. Next morning I came home about 11 o'clock. Accused 2 was not there. I had instructions to meet accused 2 at Bori Bunder Station at 2 o'clock. I went, but before I went the Sister Superior informed me another girl was going and I could meet her at the station. I went to the station with a lady from the home. I met accused 2 there and a lady called Miss Coutts. She was the sister of the lady who was coming, *i.e.*, Paslow. Accused 2 bought the ticket. I still called her Mrs. Henderson at that time. We did not call her Mrs. King. She got 3 tickets, 3rd class, to Nowshera for herself, Miss Coutts and myself. We spoke to her about going 3rd class. She had made arrangements to go 2nd. We said we were not going 3rd. She said what could she do, she had not had enough money sent. She gave Rs. 15 for expenses between us. We left at 2·30 or a little later in the afternoon by the Punjab Express in a through carriage. We got to Nowshera at 7 P.M.

I think on the 25th. Mr. King, accused 1, met us. He said, "Are you the 2 young ladies from Bombay?" I said we were. He did not speak further. He was busy about the luggage. We had to go on the narrow gauge from Nowshera to Mardan. Mr. King got the tickets 2nd class. We reached Mardan the same evening. When we got to Mardan accused 2 told us to go into the waiting room as the Chief was waiting there to see us. We went to the waiting room. We met the Chief at the door. It was accused 3. We shook hands and he said *Merbani*. We sat down and he spoke to Mrs. Henderson, accused 2. He said something about the photos. Accused 2 said accused 1 said the ladies were not the same as the photos, and that she had explained that I was the same and that she had brought another lady. I saw my photograph there. Accused 3 called Mr. King, accused 1. Accused 1 told us that the Chief had said he was to take us to the bungalow. We went in a tonga. Miss Coutts and I were in one. I think Mrs. King was there. We went to a bungalow in the bazar. The Chief drove away in his own carriage, a dog-cart. We were on the top floor of the bungalow. There were native shops on the ground floor and we were on the first floor. Miss Coutts and I shared the same room. We had a dining room, bed room, bathroom and verandah looking on the street. There were only a table and 2 chairs and a sofa in the room; no chicks when we arrived. They were put up on the 5th day after our arrival. The Kings had the other apartments in the same building. There was a wall between but the same verandah to both. There was no other access from our appartment to the other. I first learnt Mrs. Henderson was Mrs. King on the last day before the arrival. The Sister Superior told me of the telegram. Mrs. King told me she was Mrs. King. I still called her Mrs. Henderson. She said her husband was a Frenchman and that was the explanation why he wrote bad English to the Sister. We had fare with the Kings that night. We asked about our work. They told us not to trouble; they would settle it next day. Next day we had our *chota hazri* in our rooms. Accused 2 came to talk to us. We again asked about our work. She said, "Don't you trouble about the work; the Chief knows you are tired after the journey and won't trouble you." I had no information from Mr. King on the point. We never saw anyone that day. We went on to the side of the Kings. We asked about the work. She said the Chief would not trouble us. She said when I came here I was a month without any work. I don't think any mention was made about the Rani. On the 27th we were writing letters. Mrs. King came and stopped us saying, "Go and get dressed, the Chief is coming to see you." She told us to put on better clothes, so we went and changed. After about 20 minutes the Chief came accompanied by Mr. King who was carrying a basket containing fruits, sweets and biscuits and a little bottle of cherry whisky and a bottle of brandy. He told Mr. King to go out of the room and closed the door of the verandah. There was a verandah and the room behind that, an outer room behind that. We were in the back room away from the verandah. Shown plan. This is a correct plan (Ex. A.) The Chief asked accused 1 to go out and shut the outer door of room marked B in the plan. We 2 girls and the Chief were alone. There were 2 windows looking on to the back. There was a small terrace outside. A sofa was against one window. I was sitting on the sofa. Miss Coutts was sitting on the other side of the table. Accused 3 was sitting opposite me about 4 yards away. He was talking to Miss Coutts. I did not understand him. She did. I understood "*Kisi hi*," but not the other questions. He said something to me which I did not understand. I supposed he was referring to the journey, and I said the journey was very pleasant. Miss Coutts then said, "He did not ask about the journey but about your age." I told him how old I was. Then he asked Miss Coutts. Miss Coutts mentioned her age. Then he said something I did not understand. Miss Coutts gave me some information on the subject. She said the Chief said "They judge a man's age by his teeth and a woman's by her breast." Miss Coutts asked him about the Delhi Durbar. He only laughed. We talked about the Durbar because Mrs. King told us we would have to accompany the Chief to the Durbar. After that the Chief asked me to get up and open the window. I did so. It was closed before he came. It was a glass window. I opened the window. He called Miss Coutts up. He pointed to the hills that could be seen, Mahomed Hills, and said these were the Mahomed Hills and said that in the place down below bull fights took place. He was standing on my right, near the sofa there. Miss Coutts was standing a little behind me. I was looking out at the hills when he spoke of the Mahomed Hills. Suddenly I saw something dark and I saw the Chief's hand. He was on my right hand side and he had put his arm right

in front from my right to my left. His hand was near my left breast. He was just about an inch away. I saw his hand and I ran across the room to the other side of the table. Miss Coutts was also on the other side of the table. The Chief said, "Why are you frightened? I told him in Hindustani I had not come for that, and that I did not like what he was trying to do. We said we had come to work as governesses for the Rani and not for this sort of thing. Miss Coutts said something to him and explained. She said, "We have already told you our ages, why can't you believe us?" The Chief replied, "Why not go by the custom, when you are in a place where it is the custom?" We again told him we had not come for this, but to be governesses of the Rani, but he still took no notice of that. He said something. Miss Coutts explained that he said, "When may he come to see us and do what he likes with us." He began saying "Kabi Ayanga." I did not understand the rest. I replied he might come when he liked. Then Miss Coutts said, "What are you telling him to come for?" I said, "He can come to see us if he likes?" Miss Coutts then said, "Oh, but he is saying when can he come and do what he likes with us; can he come here or shall we come to his Palace?" I told him then "kabi mat ao;" don't come at all. I was angry with him. I had a cross face on. He made a remark to Miss Coutts. Miss Coutts turned to me and said "smile." I said "why." She said the Chief says "you look cross." The Chief called for Mr. King. He went out on the verandah and called out loud for Mr. King. He did not speak to Mr. King before us. Mr. King came to us and told us that the Chief had said to Mr. King "what have you done," and that he was very angry. We told Mrs. King what had happened and said we were not going to stay. "Settle up and let us go." She said don't take any notice of it; if he touched you he only touched you as a farther could his child. I said "No such thing." I told her exactly what he tried. She said, "Oh, I am sorry; I never knew he wanted bad women." She told us she would tell Mr. King about it, but he did not come to see us. She went away and came back and said Mr. King was ashamed to see us. We said we would see him. We went after about 15 minutes. We found him sitting in his room doing nothing. We told him we wanted to go away. He said he was very sorry and he also said he did not know the Chief was such a man. He would take his pay at the end of the month and leave him. We ate the fruit. We handed the whisky and brandy to Mrs. King. She took it to Mr. King. We went back to our rooms. We remained in our room. We had no money with which to get away. Mrs. King came back in the afternoon. I think she had too much whisky. She was crying. She said, "I have come to take my Charlie away; they are going to shut him up." We were trying to console her. Miss Coutts said she was drunk. "Take no notice of it." That night I had dinner with the Kings. They did not speak about going away. We were not happy. We felt a bit afraid. We closed all the doors. There was a lock on the doors. We locked it. I began my letter to the Sister on the 26th. This is the letter I wrote to the Sister Superior. I altered the date myself. It is the first letter I wrote. The statements in the letter are true. I wrote the portion after the Chief had seen me. I thought the Sister would understand the "But." I don't remember when I began to continue the letter after the interview. (Put in Ex. B.) Shown envelope: that is not in my handwriting. That is in Mr. King's handwriting. I put S. A. G. at the corner of all my letters. The letters G.A.G in the corner of the envelope are not my handwriting. (Marked X for identification.) I put Ex. B. in an envelope which matched the paper. I addressed it and gave it to a *chokra*. We had a little servant boy. I had stamped it and put S. A. G. in the corner. I walked out and saw the *chokra* going and Mr. King's little boy calling him back. I made the *chokra* a sign to go on. Then I went back and took no further notice. On September 29th we were still in bed. Mrs. King came running into the room quite excited. She said the Rani had come from Murree. She said there were a lot of sowars and we wanted to go on the verandah to see them. She said, "don't go there" and that the Chief had told her husband to tell us not to go there till the chicks had been put up. We said we wanted to see the Rani. She said we would be sent for to the Palace. We saw Mr. King. Next day Mrs. King came to us at about 11 o'clock and said, "Don't go out on the verandah the police have came enquiring about you." Chicks were put up that day in the evening. Mrs. King said the police had heard that 2 ladies had come into the station, had been seen in Nowshera station, that they wanted to know what had become of them. We afterwards went to Mr. King's room and he told us he had told the police to go away saying there were no ladies there. He said he was going to tell the

Chief about it when he went to take him for a drive in the evening at 6. We had dinner alone with Mrs. King. After dinner we went to our room. We were getting ready to go to bed when Mr. or Mrs. King came in. I now remember it was Mr. King. He said pack your boxes, you have to go to Rawalpindi to-night. We got ready and put our things together. I put a scarf and cap on. Miss Coutts put a hat on. We came out into the verandah and met Mr. and Mrs. King there. Mr. King spoke first to Mrs. King. He said go and bring towels and he asked us to take our hats off. She brought 2 towels. We would not take off our hats at first, but he said we must put the towels on otherwise people in the street would see us. He made us put the towels on our heads and faces. We went with them. They made the little boy blow the lamp out and take it away. We went through a lot of little lanes. Once before we had gone with Mr. and Mrs. King to a garden which he called the Chief's garden. I don't think we went by the small lanes the first time, but we ended by coming to the same garden. In the garden was a small house which was supposed to be a museum with Indian curios and pictures. The Chief was standing before the door of the museum. He said, "*merban, merban*" and began to talk. Then he caught my left wrist and said "*ao*." And wanted me to go inside the museum. I objected. I refused to go with him alone. The Kings were trying to persuade me to go. Both tried. They said "Go inside; don't be frightened; he won't do anything to you." I said I would not go. I pulled my hand away. Miss Coutts said, "I'll go first." He did not say what he wanted us to go in for; he said nothing. Miss Coutts went in. He closed the door. There was a small hurricane lamp inside. They were inside about 10 to 15 minutes. I went and sat on one of the benches in the garden with Mr. and Mrs. King. They said I was very silly not to go. Miss Coutts was still in there. Mr. King said, "Why are you afraid? He has got a lot of women sitting inside." Miss Coutts came out and the Kings told me to go in. They said, "Go on in now, don't be afraid." I went to Miss Coutts and said "I don't want to go in alone." She said, 'Go in Miss Swannell, but don't let him put his hand upon you." Mrs. King said she would take me in and stay with me there. I consented to go. I went with her as far as the door. The Chief was standing at the entrance. He caught my hand and again led me in. He closed the door. Mrs. King did not come as she said. There was none in the museum but the Chief and myself. When I got inside the Chief led me by the hand to a wooden bench. I sat down. I was not frightened. He sat down beside me on my left hand side and he was talking to me. He was talking in a language that I did not understand. I did not understand any part of it. It must have been in connection with the pictures on the wall, at which he pointed. The pictures were portraits of European Princes. He went on talking about some Captain that he knew Captain Fleetcher or Fletcher. He went on talking to me. I did not understand him. Then he said something like *bosa* (Interpreter says *bosa* means "kiss"). I said I did not understand—"kia bolta." He said "*idn do*"—made a sign patting his cheek twice. I was wearing a ring at the time which I have now on. He asked me to give him the ring—"Give this to me." He put his hand across my finger. I drew my hand away. I had a bunch of keys in my hand as well. He asked me for that also. I did not give it to him. He next put his hand to my ear. I had no earrings on at the time, but he touched my ear and said, "Yeh hum ko do." He passed his hand from my ear on to my breast left side. When I felt the weight of his hand I jumped up from the bench and said, "tum kya karta hie"—"what are you doing". He caught the end of my scarf. He was still sitting, "kay ko nahy dikhninodedatai"—"why don't you allow me to see". I said I had not come for that sort of thing. I had come for work and that I did not want to stay. He said, "Are you not willing to stay here?" I answered "no." He said, "Shall I tell Mr. King?". I said "Yes." Then he came up to talk as far as me, then came to the door and called for Mr. King. He called out to Mr. King, called his name. Mr. and Mrs King and Miss Coutts came up together. He began to talk to the Kings. I could not understand what. Mr. King explained that the Chief said we were going to Rawalpindi because the Police had come to enquire about us and that when we were at Rawalpindi we would not be noticed so much, as there were so many Europeans there, and also that we were not to go out alone, when we were there, but that someone was to accompany us each time. The Chief said the other girl was very nice, but that I was very cross. Mr. King told me so. The Chief stroked our chins

in the presence of Mr. and Mrs. King. They were standing near, looking. We went with the Kings out into the street where 2 tongas were waiting. We drove to some station, not Mardan Station. We went to Rawalpindi. Mr. and Mrs. King went with us. We arrived next morning at Rawalpindi and went to a Dâk Bungalow. Mr. King went out, saying he wanted to see the cashier or someone about furnishing our rooms and giving us our pay. I spoke to Mrs. King. She said, "You are all right here, you are at Rawalpindi now, you won't go back there for a month until the bungalow is ready". Nothing was said there about the Police. She said, "Why do you want to go away. why don't you sit down and take your pay, there is nothing for you to be done and the Chief won't come again for another 4 or 5 months". She did not mention any children then. We went from the Dâk Bungalow to another bungalow. We stayed there for 12 or 11 days. On the 11th day a policeman came and made enquiries. He asked for Mr. King. In her presence he asked us if we were the girls from Bombay. We said "yes." He asked why we had come. We said as governesses to the Rani of Hoti. He asked us did we really know why we had come. He came with the old Roman Catholic Priest. He asked if we were willing to go to Bombay. We said "yes." When the Superintendent went out and we were getting ready Mrs. King said, "Why do you want to go away. you can sit down here and take the pay, now that you are going away, I shall loose the Rs. 200 promised me by the Chief". The Police Superintendent took us away and we were sent to the Hotel to stay. When we were in the Hotel, Mr. and Mrs. King came to see us. Mr. King told us, "Don't be afraid of the police, they can do nothing to you, they can't force you to go back". Then he told us, in case the Police asked us what we came for, to tell the Police that we came to teach his (Mr. King s) children. I said, "I shall just say why I really came. I won't say anything else". We saw no Rani the whole time we were there. We saw no children. We saw no one but the Chief of Hoti. On October 6th I wrote this letter to the Mother Superior (Ex. C.) I forgot to mention, one day in the morning, at Hoti in the house in the bazar where we were living, I said to Mrs. King "where is the Rani?" She said, "Don't say a word, there is no Rani, don't tell Mr. King". I sent this telegram to the Sister in reply to one which I got. (Put in Ex. D.) I wrote this letter to the Sister Superior. (Put in Ex. E, envelope E-1.) It escaped my mind. Mrs. King when she came to Bombay as Mrs. Henderson spoke about a governess. She said, "the governess is going to England and therefore he wants 2 others". I have a letter which I received from the Sister Superior in Bombay which I produce. When the Police took us away from Mrs. King, Mrs. King told us she had wired to Mr. King to the effect that we had been arrested. Then Mr. King came to the Hotel and saw us. He said he had shown the telegram to the Chief and that the Chief had said to him, "Mr. King save yourself and save me". Mr. King said, "When you get back to Bombay if you like you can come back". Then he left the Hotel and we never saw him again. Mr. King did not write to me afterwards. Miss Coutts wrote to him and he wrote back. I saw the letters. I know his handwriting. I have seen him write. He readdressed to me some envelopes addressed to Hoti. I can tell his writing. Shown 3 letters. These letters are in Mr. King's handwriting. (Put in Ex. F. collectively.)

Postponed to January 27th at 1-30 P.M. for want of time.

Mr. Raikes applies that accused 3 may be again remanded into Police custody and that his attendance may be excused tomorrow. It would be dangerous to his life to be remanded to jail and it is very detrimental to his health to be brought here. The doctor is present.

Mr. Nicholson.—This special application comes from accused 3 and accused 3 could not be prejudiced. I would arrange for identification of accused by the witnesses on the last day.

Ernest Frederick Gordon Tucker.—S. A. Before the last occasion I examined accused 3 and gave a certificate. I examined him again yesterday. I have seen him again in Court to-day. In my opinion he is not physically fit to be brought into Court. It is dangerous to his health and indirectly, possibly directly, to his life to move him about in this way. I consider it would actually be dangerous to his life to remand him to jail. I think it would certainly be a direct danger to his life.

Cross-examination declined.

Application allowed. Accused's personal attendance is dispensed with until January 30th. I remand accused into Police custody at his residence until January 30th.

FOR THE CROWN.

I, having made solemn affirmation, state that my name is Rustomji Purveizji, my calling photographer.

My firm is called the E. O. S. Photographic Company. We have our, studio in Kalvadevi Road. I recognize Miss Swannell, the last witness. She came to be photographed with Mrs. Henderson. She was photographed with Miss Swannell, by that I mean separately but at the same time. I don't remember whether any other lady came with them. I produce the 2 negatives. (Put in Exs. H. and I.) I produce an entry in my books showing the negatives were taken on 12th September 1911. They took one copy of each first and then Miss Swannell had three. The address given was care of Mother Superior, St. Joseph's, Mazagaon. The copies were taken away personally. It is marked here that they were taken on 16th September 1911.

Cross-examination declined by Mr. Vickaji.

Cross-examined by Mr. Velinkar. Accused 2 may have accompanied them but I non't remember. I remember the personages who were photographed.

Taken on oath this 26th day of January 1912.

FOR THE CROWN.

I, having made solemn affirmation, state that my name is Jessie Mackenzie I am known in the Order as Sister Winifred.

I belong to the Order of the Daughters of the Cross. I am in charge of St. Joseph's Foundling Home, Mazagaon. I have been in charge there for one year. The Convent of Bandra belongs to the same Order. I know Miss Swannell. I used to visit the Convent at Bandra when she was at school there. I have known her from very early childhood. Shewn Ex. F. I received these letters at the Foundling Home through the post. It is usual for people to apply to me when they want to give situations to young ladies. Young ladies receive board and lodging at the Home. All creeds and all nationalities are received at the Home. Sometimes we have many as 15 or 16 even to 19 boarders at a time. Shown the letter of August 13th. I believe I wrote to Mr. King in reply.

Mr. Nicholson asks accused I to produce.

Mr. Vickaji. All our letters were seized by the Police at Hoti Mardan.

I received more letters than Ex. F. from Mr. King. I destroyed them. The first ones I received I destroyed because they were written in such bad English that I thought it would not be a *bonâ fide* situation. Later on someone called at the Home. A person of the name of Mrs. Henderson. Accused 2 is Mrs. Henderson. She called after I had received the letters. It was before Miss Swannel left the Home. It was between August and September. Miss Swannell was there. She was acting as a portress and attended to the front door. Miss Swannell told me some one wanted to see me. Mrs. Henderson told me she had been warned to bring two ladies to Hoti who had been engaged as governesses to the Chief of Hoti and the Rani. I don't remember her alluding to correspondence. She said she was Mrs. Henderson whose husband was working in the service of the Chief. She did not mention the name of King at first. She had several interviews after that. She referred to 2 princes who had to be taught English. So far as I remember she said their ages were 6 and 10 years old. She said the girls would each have Rs. 100 a month for salary plus messing. She said besides attending on the young princes they would have some work with the Rani and would have to go the Delhi Durbar. The Chief would also pay for their journey up and would go 2nd class. Mrs. Henderson was to wire for the money and get it. Mrs. Henerson said she was a poor woman. Miss Swannell was offered the place by Mrs. Henderson in my presence. I was present during part of the conversation between Mrs. Henderson and Miss Swannell. I leave the question of employment to the girls themselves. I had 2 or 3 interviews with Mrs. Henderson. Miss Swannell went to have her photograph taken. I could not say by whom. I don't know if the photos came. I think some one went from the Home with Miss Swannell. I could not say. Mrs. Henderson said the principal part was to have a photograph sent before the engagement. She did not tell me what it was to be sent for. I don't remember if Mrs. Henderson reported anything to me about the photo afterwards. She was coming up to the last day. A wire came from Hoti on the 22nd addressed to me. I destroyed the original. When Mrs. Henderson called I asked, "Who is Mrs. King?" She said, "Excuse me for passing under another name, but my real name is Mrs. King. I am better known in Bombay by the name of Henderson." I made enquiries about King. She said he was an engineer at Hoti. She did not say what sort of engineer. Miss Swannell went with Mrs. King to the railway station. I gave directions to Miss Swannell before she left. I did not give them in the presence of Mrs, King. Shown Ex. B. I received that letter. Shown X 2. It came in that envelope. (Put in Ex. B 1). I was not surprised to hear from Miss Swannell. I expected to hear from her because of a conversation I had with her. Shown Ex. B. When I received that I knew something was wrong. The envelope B1 was not in the handwriting of Miss Swannell. I spoke to Mr. Moore about it. Mr. Sullivan came to see me. Shown Ex. C. I received that letter from Miss Swannell. I sent a telegram to Miss Swannell after seeing Mr. Sullivan. I wrote to her, Shown Ex. O. That is the letter I wrote and its envelope. I received this telegram (Ex. D.) Shown Exs. E. E1. I received that letter and envelope. I handed over all the letters and telegram I had to Mr. Sullivan. Miss Swannell returned to the Home. Miss Coutts came with her. They

arrived on the 15th October. They were at the Home for some time after that.

Cross-examination declined by Mr. Vickaji.

I, having made solemn affirmation, state that my name is Charles Gordon Darrach Farquhar; my calling Superintendent, Police, Rawalpindi District, Punjab.

Hoti Mardan is not in my District. I received a telegram from the Criminal Intelligence Department, Bombay. In consequence of it I obtained a warrant to search for two girls from the District Magistrate, Rawalpindi. I personally enquired. I found two girls with Mrs. King in a sort of lodging called Sirdar Mohamed Singh's house in Rawalpindi. By Mrs. King I refer to accused 2. I did not know her before. I went to the house with Rev. Father Deyrsel, the Roman Catholic Chaplain of Rawalpindi, in consequence of the telegram. I found them in a block of rooms attached to the compound of the house. I stated what I wanted. Accused 2 was present. I asked if she was Mrs. King. She said "Yes". I then said I had a warrant to search for two girls, Miss Coutts and Miss Swannell. There were two girls in the room at the time. They said those were their names. I told the girls to pack up their clothes and come away with me. So far as I recollect, I asked the girls in the presence of accused 2 if they had come from Hoti Mardan. They said "Yes". I asked them why they had gone. They said they had been offered situations as governesses to the children of the Rani of Hoti Mardan. I am not certain whether they mentioned the children or only the Rani of Hoti. They said they were to get Rs. 125 a month each and their board. They told me they had not seen the Rani. They said they had twice asked to see the Rani and that they had been put off and had not seen her. I took them to the District Magistrate. They were put in the Cantonment Hotel. A policeman was put in the compound, not exactly as a sentry, but I think more or less to see that they did not run away. I did not know anything about the girls. They were sent off to Bombay in the charge of the Railway Police. There was a servant in the door of the room where the girls and Mrs. King were. He helped to get their boxes out. They said they would not go back to Hoti Mardan.

I, having made solemn affirmation, state that my name is Ernestine Adelina Rogers, my husband's name Charles Jivous Rogers, my residence Bombay.

In August and September last year I had correspondence with a man called King at Hoti Mardah. I saw an advertisement in the *Advocate of India* and I wrote to Oliver and Company. They referred me to Mr. King. I wrote to King. (Shown X-4.) That is the answer which I received from him. (Put in Ex. J.). Shown 4Xs, *viz.*, Ex.J., X5, X6, X7. I received all these

letters from King in answer to mine. I received X 5 first, then Ex. J, then X 6 and X 7 fourth, X 5 put in Ex. K. X6, Ex. L. X 7, Ex. M., I sent my photographs. I have children. Only my youngest child is referred to in the correspondence. Shown Ex L. I sent two photographs. Ex. L refers to the second photograph and so does Ex. M. Shown Ex. K. In that letter I was asked for my first photo. That was a photo of myself and baby. The second photo was of myself alone. A woman by name Mrs. Henderson or Anderson came to see me on the 12th September. I asked her who she was. She said she came from Hoti Mardan and that she was Mrs. Anderson sent by the Chief. I asked her what the Chief had sent her for. She said Mr. King, the Chief's Engineer, and the Chief had asked her to call on me to have me in readiness. I told her I was quite ready to go and was waiting for the money. She asked what amount I would ask for. I said Rs. 300 in advance. I asked her about the Chief. She said he was a ruling prince there, very rich and with large estates. I asked her why he wanted an English governess. She said he had an English governess but that she was going home. I had conversations with her about the letters. I asked her if she knew Mr. King. She said he was the Chief Engineer of the State Railway getting Rs. 2,000 a month. She said the Chief was a very nice man. She said the Rani was also a very nice woman and that the Chief had four or five Ranis. I said referring to the letters, "This gentleman writes very curious English. Is he a foreigner?" She said Mr. King was a Frenchman. I asked her what she was doing there. She said she was the wife of a chauffeur to the Chief who was getting Rs. 150 a month as a motor-car driver, that his name was Mr. Anderson or Henderson. She never said that his name was King. She said the Rani liked my photograph very much, that she was very much taken with it and very much bent upon my coming. I was to leave on the 15th September with my baby. She said she would accompany me and help me on the way. She said she was waiting for another lady. I asked her what for. She said the other lady was to help me. She said the salary of the other lady was to be Rs. 80 *plus* Rs. 15. She said when I went to have my food and rest there was some one to be with the Rani. She would not be alone and therefore the other lady was to be engaged. I asked if there were Europeans and a Political Agent at Hoti, She said there were very few Europeans barring the police, and that she did not know the Political Agent. She said her Christian name was Annie, and asked me to call her Annie. I was waiting for the money. I said as soon as the money came I would let her know. She gave me her address as—

Mrs. A. Anderson or Henderson,

Opposite Tramway Terminus,

Parel.

She said the money was to come to her. I expected the money to come to me. I said "Why should the money go to you? I have to travel." She said, "The Chief said he was going to send it to me." I showed her Mr. King's letter. She said, "Oh! I don't think he will send you Rs. 300, madam, he will send you 2nd class fare." I said I would not travel 2nd. We had a talk. She sat down. I asked if I would be comfortable and well looked after and whether I would be safe. She said, yes, I would be quite safe and that I would like the place very much. I never received any money and I did not go. I tried to get back my photographs. I did not get them. I sent a copy of this letter to the Chief and to Mr. King. I got an answer from Mrs. King, and as my husband thought it strange that she should write he sent the letter back. This was the letter put in Ex. N. I received this letter from the Convent, dated 11th October (marked X 10 for identification).

I remember when accused 2 came to Mardan, 3 or 4 months ago. She was accompanied by 2 ladies. One of the ladies was like the young lady who gave evidence. Accused 1 was with them. Accused 1 and accused 2 and 2 girls came out of a 2nd class. I saw the Khan that day. He came to the station before the train came in and was at the station when it came. When the 4 arrived they went into the waiting room. The Khan was also with them. They remained there a short t me. Accused 1, accused 2 and the 2 ladies drove away in a tonga. They had no luggage. What luggage they had I don't know, whatever luggage they had they took in the tonga. The Chief went in his own tonga.

FOR THE CROWN.

I, having made solemn affirmation, state that my name is Daisy Coutts. My age about 22 years. I am unmarried. I arrived in Bombay this morning. I have just come from the Maharaja of Bikaner. I know accused 1, 2, 3. I remember September 23rd. Under an arrangement made with my sister, I took a post at Hoti Mardan. My sister is a married woman with children. I accompanied my sister to Victoria Terminus. I met Mrs. King there. My sister did not go to Hoti. I went instead of her. I was working with a lady. I asked the Sister Superior if she would allow me to go instead of my sister. I spoke to accused 2 about my box that day; nothing else. I spoke to her about my box because all the expenses of the journey were sent to her. My sister's name is Mrs. Parcell. She was at the stat on. Mrs. King did not say anything until after the train started. Mrs. King paid for my ticket. I went away with Miss Swannell. The arrangement was for Miss Swannell to teach the 2 children of the Khan. I was to attend to their food and clothing. Mrs. King told me that Mr. King said there was a Rani. Mr. King met us at Nowshera, I was to get Rs. 135 of wh ch Rs. 35 was for food. Miss Swannell was to get Rs. 125 out of which Rs. 25 was for messing. The Maharaja of Bikaner is giving me Rs. 100 a month and all food. We travelled 3rd class to Nowshera. Suffic ent money had not been sent for 2nd class, so Mrs. King said. From Nowshera we went 2nd class to Mardan. Mr. King bought the tickets. The Khan met us at the station, *i.e.*, accused 3. We went to the waiting room. He said we must feel tired, Mr. King would show us our quarters, give us a dinner and send us to bed. I did not see any photos at the station. The Khan said one of us tallied with the photo, the other did not. He said Miss Swannell tallied. He turned to Mr. King and asked why I had come instead. Mr. King said he had found a substitute as the other lady had fallen through. We went with the Kings in a tonga. The Khan went in a dog cart. We went to a house in the Bazar, an upper storeyed house. There are shops on the ground floor. The Kings were living next door. There was a verandah communicating between the quarters. We had dinner with Mr. and Mrs. King. Mr. King told us not to trouble about our work as the Khan would leave us alone for 2 or 3 days. We breakfasted next morning with Mr. and Mrs. King. Mr. King said the Khan would be considerate and let us rest after our long journey. That morning we saw no one. Next day at about 10 o'clock the Khan called. He brought a basket of fruit, some Indian sweets and a bottle of cherry whisky and a bottle of Beehive brandy. Mrs. King came over and told us to change our dresses and put on something pretty as the Khan was coming. I did so. The Khan told Mr. King to leave the room and shut the door. The Khan, myself and Miss Swannell remained in the room. First of all he asked us our ages. I understood what he said. We told him our ages. He said "You can tell a man's age by his teeth and a woman's by feeling her breasts." Miss Swannell did not understand it. I interpreted it to her. We asked him about the Rani and when we would see her. He laughed. We did not ask about the children. He asked Miss Swannell to open the window. She did so. He said there was a courtyard beneath and bull fights occasionally took place there. Then he attempted to touch Miss Swannell on her breast. He stood behind her and placed his right arm across her body in front. There was a table in the room. I walked round it and she ran after me. The Khan said "Why are you running away from me?" There is nothing to be afraid of. It is the custom of the place to find out a woman's age like that. Why don't you follow the custom?" We said we did not wish to follow that custom. Both of us said so. The Khan said "Will you come over to my place? Shall I come over to your place and will you let me do what I like with you?' I answered "Never." Miss Swannell said "Come whenever you like." She did not understand. I don't remember whether I explained then or afterwards to Miss Swannell what he had said. She said we had not come there to lead that kind of life. We said we had come to look after two children, one as a governess and the other in the capacity of a nurse. He laughed. I asked him when we were going to the Delhi Durbar. He made no reply but only laughed. He

asked for leave to go. We said yes, and he went. He met Mr. King and said something to him. I did not catch what he said. Then he went away. After that Mrs. King came into the room and asked what the Khan had said. We told her all that had taken place and said we were not going to stay there any longer. She said she did not know the Khan was a bad man. He had sent her to Bombay to bring 2 governesses and she had brought them. She then went away. Mrs. King came back again and said Mr. King was very sorry to hear what had taken place and that he was ashamed to meet us. Two hours after we went to Mr. King's room and asked him to get our train fare back to Bombay. He expressed regret at what had taken place. He said he would leave the Khan's service at the end of the month. Later on he told us not to be afraid as the Khan had only done to us what a father would do to his child. We did not agree to that. We said no father would do such things to his children. He told us not to be afraid as the Khan would not come near us for 4 or 5 months. We were to do nothing in the meanwhile. No reference was made to the children of the Khan. About 3 days after that there was a commotion about 4 o'clock in the morning while it was dark. We asked Mrs. King what it was. She said the Rani had come from Murree with all their retinue and that she would send for us to her place in 2 or 3 days' time. We heard and saw nothing more of the Rani. One day Mrs. King came into our room. She was not sober. She said there was no Rani in the place and that we were not to tell Mr. King that she had told us. Mrs. King was very often drunk. In the morning the Rani was said to have come. Mr. King told us not to go into the verandah as two policemen were making enquiries about us. He told us he had said something to them. He did not tell us what he had said. That night at about 8 o'clock he said the Khan wanted to see us in the garden. We knew which garden he referred to. We had been to the garden before. There was a museum in the garden. We put on our hats. Mr. King told us to take them off and to put towels over our heads. We wore them like shawls, He told us that the people all flocked when they saw a white face. Eventually we did what he asked. We objected at first. It was a very dark night. The Kings carried a light, a lantern. We got to the museum. The Khan was standing there. He held Miss Swannell by the hand and wanted her to go into the museum first alone. She resented it, but Mrs. King said there were lots of women inside. She would not go in, so I offered. I went in and he closed the door. There was another door open. We stood up. He pointed to different pictures on the wall and said that various English people both men and women had visited him and no one was afraid of him, why were we afraid. He asked me to sit down. I sat down on a bench. There was a dim light in the room. No one else was in the room, no Rani. He attempted to put his arm round my waist while talking. I saw the movement and I got up. We were talking about things in general. He asked me to sit down again. I consented to do so only on condition he left me alone. He agreed. He said he was sending us to Rawalpindi that night as the police were making enquiries about us. As soon as the bungalow he was building for us at Mardan was ready we were to return. He said Rawalpindi was a big place and no one would take any notice of us there as there are many Europeans there. He said "send your friend in." I went out. Miss Swannell refused to go in alone. Mrs. King agreed to go in with her. I said to Miss Swannell "Go in, but don't let the man touch you." Mrs. King came back and said the Khan offered her a chair in the room, but she came back and did not want to stay. After about 10 minutes the Khan opened the door and Mr. and Mrs. King and I walked into the museum. Miss Swannell told me that the Khan had asked her for a kiss, that he had told her about going to Rawalpindi and that she said she did not want to stop any longer. He turned to Mr. King and said Miss Swannell was very cross. He stroked Mrs. King, Miss Swannell and myself on the chin. He asked Mr. King if arrangements had been made to take us to Rawalpindi. Mr. King said "Yes," and took us both in a tonga. We removed our towels when we got into the gardens. We got into a station which was not the same as that in which we had arrived, and went to Rawalpindi, and in a house there, one of the Khan's servants gave us Rs. 112 between us for our expenses. We stayed in the house. The Police came there, Mr. Farquhar. After some conversation we went away with him. Mrs. King said, "if you go away I shall lose my Rs. 200." The Khan was to have given it to her for bringing us. That is what she said. Mr. and Mrs. King came to the Hotel. Mr. King told us that if we were asked why we had come to Hoti Mardan we

were to tell the Police we had been there to teach his children. We said we would not say that. Mrs. King came over the morning before we left Rawalpindi. Mr. King wrote to Miss Swannell. I saw the letter in his handwriting. Then I went over to the place accompanied by the Native Inspector I asked Mr. King what he meant by writing the letter. He said Miss Swannell had written to the Sister Superior many lies about him. He had seen letters of Miss Swannell which he said he would show to the Police. He did not say how he had got the letters. That was the last I saw of him. I came back to Bombay with Miss Swannell and went to the Foundling Home. I went to Mr. King asking for my pay. Ten days' pay was due.

Mr. Vickaji—We have not the letters here. This is a letter I received in reply dated 27th October (put in Ex. P). Afterwards I received this letter from Mr. King (Ex. Q.) On 8th December I left Bombay to take service with the Maharaja of Bikaner. I received this letter before I went, *i.e.*, Ex. Q. I have not seen any of the accused since. I was obliged to give up my place with the Maharaja of Bikaner to come here. I was served with a summons.

FOR THE CROWN.

I, having made Solemn Affirmation, state that my name is Cheragdin, my father's name Abdul Rahman, my calling clerk in the firm of Shaik Mohidin & Co.

I was in the service of the Khan, accused 3. I know accused 1 and 2, Mr. and Mrs. King. I entered the employment of the Khan in the beginning of March 1911. King entered it in or about July last. He was the Khan's motor-car driver. He was getting Rs. 150 a month, I was getting Rs. 40, I was the Khan's English clerk. I knew the Kings very well. I went to their house several times. Mr. King came to my house. I had a conversation at Hoti about an English girl. I had a conversation with Mr. King about English girls. That was in the beginning of August. Mr. King told me that the Khan had asked him whether he could procure 2 or 3 English girls for him. He told me that he wanted them as "Mistresses". I asked him whether he could procure such girls. He boastfully replied that he could procure them easily. He was drinking. On another visit he told me he had opened communications with English girls and had written to Bombay and that he had requested them to send their photos at the request of the Khan. He told me that the pay had been settled and that he was going to send his wife. He told me when the photos arrived that the photos had been shown to the Khan and two selected He told me that the Khan had selected girls who were going to be brought soon from Bombay to Hoti. I know Mrs. King left Hoti. I knew because Mr. King used to meet me nearly every day and he told me that his wife had left. I know the Kings' quarters well. I did not go to the upper storey. Down below there were shops, a butcher's shop and a sweetmeat seller's shop. When Mr. King told me Mrs. King had gone to Bombay the Khan was at Hoti. The Khan went to Murree, but he came back on the 16th August. He stopped at Murree for 20 days. It was the 16th September he returned. I made a mistake. I went with the Khan to Murree and returned with him. When I came back on the 16th September, either 16th September or 17th September, the Khan asked me to write to a Missionary. He told me to write to the English Missionary, Mr. Norwood, to vacate the house which he occupied. The house was close to the Kings' quarters. The Khan told me that he wanted the house for his guests. The Khan referred to the 2 guests. I wrote accordingly. No answer came in English. An answer came in Pushtu. I do not understand Pushtu. The Khan told me that the Missionary did not wish to vacate the house and told me to write again to him. I wrote again. I don't remember whether any answer was received. In my presence the Munshi of the Khan named Premsingh came and told the Khan that the quarters had been vacated. The Khan ordered another Munshi Sultanali to repair and white-wash the quarters at once. He reported in my presence that the quarters had been repaired and whitewashed. The quarters were not furnished at first, afterwards they were furnished. After they were repaired the Khan ordered them to be furnished. I did not see any girls at that place. I received certain information. Mr. King told me that 2 girls had come from Bombay and that they were stopping with him. I don't remember going to the house with anyone. I do remember something about fruit being taken. I was at the Khan's house. He ordered a basket of fruit, a bottle of whisky and a bottle of brandy. The articles were placed in a cart. The Khan sat in the cart and I accompanied him. The cart was driven through the street and stopped underneath the house of King. The Khan went upstairs with that basket and I went to my own house. Mr. King after that had a conversation with me. He said the Khan had made a very foolish mistake and that he had annoyed the girls when he went upstairs. He said the girls were so much annoyed that they did not wish to stop, that they were going to report the matter to the Assistant Commissioner of Mardan, but that he had stopped them. He said that the Khan had told him to accompany them to Rawal-Pindi and send them off to Bombay from Rawal Pindi. I know there were Police enquiries at the time. Mr. King told me so. He said an Inspector of Police had come to enquire about the girls. He said the Police Inspector's name was Sheikh Allumkhan. He said he had explained to the police that the girls were his sister or relations and had come to stop with him for a few days. He said he had said that simply to save the Khan. King went to

Pindi with the girls. When he came back he told me that the girls had gone to Bombay. I don't know whether he said anything else. I remained in the service of the Khan up to December 16th. On December 16th I left.

Do you know any thing about the selection of curtains?

Yes. I was at Murree and curtains were selected there. Certain specimens of cloth were brought and shown to the Khan, 2 were selected by him, 2 patterns.

He ordered that curtains should be prepared of the patterns selected. Shown patterns. These are the patterns (Put in Ex. R.) The curtains were conditionally taken from a shopkeeper. If the hire of the curtains exceeded the actual cost they would be kept as having been purchased otherwise they would be returned. They were afterwards purchased. They were packed and sent to Hoti Mardan. They were used in the bungalow where the Khan was stopping in Murree as curtains. I cannot say what became of the curtains. I once saw the curtains at Hoti. They were sent with other furniture to the house which the Khan got vacated, to which I have referred.

To Court.—The Khan has one wife. I can't say what her age is. She is purdah. She must be above 45 as she has a son 35 years of age. He is a Lieutenant in the Imperial Cadet Corps. So far as I remember the Khan has one grand-daughter, the daughter of this son. She is about 6 or 7 years old. The Khan has no other children so far as I know. I attended on them. The Khan in his own house is called Hujra. He slept in the same house and the Rani lived there. The Khan sent me a letter. The letter was addressed to his own man Mirza Abdulla Shah.

Cross-examination declined by Mr. Vicaji and by Mr. Pandit.

Cross-examined by Mr. Velinkar.—I swear I was not dismissed for drunkenness. I do drink occasionally. I have not had any thing to drink to-day.

To Court.—Had the Khan had sons at Hoti I would have seen them.

Mr. Velinkar.—It is admitted that the Khan has no sons besides Mahomed Akbarkhan, the Lieutenant in the Imperial Cadet Corps.

Case No. 1865-P., of 1911.

King Emperor ... ... Complainant.

versus.

1. C. W. King, 2. Annie King and 3. K. B. Khwaja Mahomed Khan... Accused.

The written statement of the third accused.

I succeeded my father as Khan and Rais in 1872. Since that time I have been doing good service to the Government in assisting to repress crime and maintain peace on the border, for which I have been thanked by successive Viceroys and other high officials and hold a number of testimonials, a copy of one of which I annex hereto. I rendered valuable services to Government in the wars of Malakand and Chitral on the borders. I assisted the Crown

with numerous horsemen and footmen in the wars. The result is that I have been honored with the title of Khan Bahadur and appointed an Honorary Magistrate. I was invited as a guest of the Chief Commissioner of the North-West Frontier Province to the Delhi Durbar and my son, Mahomed Akbar, was taken into the Imperial Cadet Corps, and has been given a commission as Lieutenant in the Indian Army, equal in rank to a European Lieutenant. My son was also appointed in His Imperial Majesty's escort during the Coronation Durbar. Not only this, but I have enjoyed the friendship of many European officials and, in consequence, I and my household have been in the habit of receiving visits from many English ladies, the relatives of such officials, I have given my son an English education and he has adopted an English mode of life. I am an old man of 70 years of age. I have no teeth. Besides I have been suffering severely from gout and affections of the joints for the last ten years and have been quite unable to carry out any sort of bad intentions or the motives alleged. I have got a Rani, a son Mahomed Akbar, three daughters, as well as the wife and daughter of my son, Mahomed Akbar, in my house.

Mahomed Akbar, my son, pressed me to make some arrangement to educate his sisters and daughter in English, needle-work, etc., to enable them to associate more freely with their English visitors. I had engaged Mr. King in my service as my chauffeur on the recommendation of the Bombay Motor Car Co. I mentioned this to Mr. King as he was the only European in my employ and asked him if he could get two European ladies, who were well qualified governesses, for me. Mr. King replied that he would try to get them from Bombay and would send his wife, Mrs. King, to secure them from that place. I never authorized either Mr. or Mrs. King to make any false statement or was aware they did so. A few days after Mr. King brought me a photograph of a lady whom he told me was married and wished to come with her ayah and children. I agreed, but Mrs. King did not send her. At various times he also brought me some 11 or 12 other photos of applicants for the post of which I approved the photographs of two ladies, whom I ordered Mr. King to send for from Bombay not with any bad intention in my mind but simply to make them governesses in my house.

When Mr. King informed me that two ladies were arriving at Mardan Station, I thought it right to receive them (being ladies and coming for my sake from so distant a place as Bombay) at the Railway Station, Mardan, merely as a mark of my respect towards them as strangers to my country. When I saw the ladies at Mardan I was surprised to see they were different from the photos I had approved, being much younger in appearance and was therefore rather angry with Mr. King, but as they had arrived from so long a distance, I ordered Mr. King to put them up in his house. Two or three days after that I sent some fruit to Mr. King for the two ladies, it having been my custom to send such presents of fruit to all the European ladies and gentlemen of my acquaintance, which is testified by a number of letters I have received acknowledging such gifts, a few of which from respectable European ladies I now produce. Two or three days later I went myself to Mr. King's house to have a personal interview with the ladies and interviewed them in the presence of Mr. and Mrs. King and their children. I asked them if they had any University degrees or had passed any other examination and what was their experience and ability or had any certificates or testimonials to show that they were qualified for the situation as governesses. I also questioned them as to their knowledge of needle-work and embroidery. They replied they had no certificates or qualifications. On receiving such replies from them I took Mr. King aside and ordered him to send them back to Bombay as soon as possible as they were not likely to be efficient governesses. Mr. King said I must not send them back at once as they had come so far but I should keep them a little and pay them their month's salary and their railway fare from Bombay and back to Bombay. I deny that I either did anything improper or suggested that I should be allowed to call to do what I liked with them. A few days later Mr. King told me the ladies wish to accompany his wife to Rawalpindi and I consented, having no occasion for their presence in Hoti. The day they were going I was informed the ladies wished to see me again to say goodbye and thank me for my kindness. I did not want to visit them again at the house of Mr. King so I arranged they should meet me with the Kings at my public garden where I intended to go that evening. They came later than I expected and I had some conversation with them in the garden about their

having been brought up from Bombay against my instructions and the reasons I had not kept them in my service, but I deny I either took them into what they call the Museum alone, or was guilty of any familiarities with either of them.

I am not such a person as the complainants allege me to be. Since the year 1872, when I succeeded my father, I have never been charged with any mischief or bad intention. It is quite ridiculous that such charge should now be brought against me when so old and feeble. I say I am quite innocent.

C. A. V. till 3-30.

Ernest Fredrick Gordon Tucker sworn, examined by Mr. Inverarity. I am a Major in the Indian Medical Service. I saw accused No. 3 first on the 8th January 1912. He was very ill at that time. He has been very ill since. I have been attending on him. He is suffering amongst other things with extreme weakness of the heart which is due to dilatation and fatty degeneration of the heart, and I suspect that he has got an aneurism. The heart may suddenly rupture and cause instant death.

I think it is very probable that he would die in Court if he had some sudden shock or some sudden excitement.

It is not safe to bring him backwards and forwards to and from the Court. It is not good for him to lie in a *palki* in a crowded Court. The other ailments he is suffering from are of long standing.

This weakness of heart must be of some five or six years' standing.

The Advocate-General does not cross examine.

Elsie Swannell sworn examined by the Advocate-General.

I am 21 years of age. I was educated at the Bandora Convent. I left school in 1906. I went to reside at the Foundling Home, Mazagon. Sister Winifred is in charge of that Home. She is of the same order as the Bandora Convent.

The order is of the Daughters of the Cross.

I always resided at the Foundling Home except for a month or two. I got employment in Bombay after leaving school in different shops in Bombay and in the Telephone Company. In September last I was at the Foundling Home. No. 2 came there.

She came in the morning about the 12th of the month of September last. I answered the door.

I had no situation there. I was helping the sisters. It was part of my duty to answer the door.

She asked to see the Mother Superior. I called Sister Winifred. She spoke to Mrs. King in the parlour. I was not in the parlour. Sister then came out and went upstairs. I went in and spoke to Mrs. King.

She said she had come to take two governesses for the Rani of Hoti to teach the little boys.

She said the Chief wanted governesses for the Rani to teach two little boys, eight and ten or ten and twelve.

I told her I would like to go. She told me to ask the Sister Superior. I never knew her before. She said she was the wife of the Chief of Hoti's motor driver. She said her name was Mrs. Henderson. She said one was to get Rs. 130 and another Rs. 115 a month. I told her I had no testimonials and I had not been in this service before and she told me it was not necessary. She went away after that. A day or two after I saw her again at the home. She came there. She asked to see the Sister Superior again. I called her down. No. 2 spoke to her in the parlour alone.

The Sister Superior then came out of the room.

I went in and spoke to her again. No. 2 said the Sister Superior had told her she had no girls to send.

I told her I would ask the Sister Superior to send me. She then left. I spoke to the Sister Superior.

No. 2 came back the next morning. She said she had just come from church and wanted to see the Sister Superior again. She saw the Sister Superior. I was not present at the interview. After the interview I saw her and I told her the Sister Superior had permitted me to go. She did not tell me anything and said she was going to the hospital to see the other lady she was taking with her. Said she would come back the next day. She came again on the following morning and asked to see the Sister Superior. She saw her. I was not there. Afterwards I spoke to No. 2. She told me she had asked Sister Superior to send some one with me as the ladies in the hospital would not be able to leave for a fortnight or a month. She said Sister Superior was going to send Mrs. Glendenning who was living at the Home. She was a widow. I called Mrs. Glendenning. No. 2 said to us she would call next morning to take us to have our photos taken.

No. 2 then left. Next morning she came and took me and Mrs. Glendenning to the Photographer. We were both photographed. These are the photos.

Exhibit A. WITNESSES' PHOTO (EXHIBIT A.)

Exhibit B. *Mrs. Glendenning's Photo (Exhibit B.)*

Three days afterwards No. 2 came with photos. She said she wanted to show the photos to Sister Superior.

I called her. Sister Superior called me afterwards and showed me the photos. No. 2 said she would send both photos to Hoti Mardan for Mr. King the engineer, to see. She said he was the engineer at Hoti. She took away only my photo. She said the engineer would show them to the Chief, and if he approved, money would be sent down to have us brought up to Hoti. She then left. About 3 days after she came to the Home. She asked to see Sister Superior. She saw her. I was not there. Subsequently she said my photo was satisfactory and the money would be there that evening. Sister Superior told me she would not allow me to go alone and that another lady should be sent with me. This was a day or two before Mrs. King came and when I first spoke to her about going.

Mrs. King said Sister Superior had found some one to send with me. She told me this when she saw my photo was approved. She said we were to be at the Bori Bunder station at 2 o'clock. No. 2 then went away. Next morning Sister Superior showed me a telegram received by her from King.

It was to enquire if Mrs. King had started with the two girls. Sister Superior told me to get ready and I went off to the station. Sister Superior said I would see Miss Coutts who was to go with me to the station.

After the receipt of the telegram No. 2 did not come to the Home. I knew her as Mrs. Henderson.

I went to the station and I saw there No. 2 and Miss Coutts whom I had not known before.

A lady, Mrs. Parseller, had accompanied me to the station from the Home. She was not living at the Home. Her husband is alive. I had not known her before. She is Miss Coutts' sister.

Mrs. King took 3rd class tickets for me, Miss Coutts and herself.

The name mentioned in the telegram was Mrs. King, the Sister Superior told me she had asked No. 2 about it. Up to that time I had known her as Mrs. Henderson. I think No. 2 had come after the receipt of the telegram to the Home, but I was not there. Sister Superior told me No. 2 told her her real name was Mrs. King, but she did not like to use that as her friends would not know her by that name. No. 2 had told me we were to travel second class. We told her we refused to travel 3rd class. She said she could not help it. She had not enough money sent to her. We three started by the Punjab Mail leaving at 2-30 P.M., we left that train at Nowshera where we arrived on Monday evening. We left on Saturday 23rd and arrived on Monday 25th September at 7 P.M.

Before we got out, No. 1 came and asked us if we were ladies from Bombay, No. 2 was not travelling in the same compartment with him. We got out and got into another train—narrow gauge—and we went to Mardan. Mr. King took our tickets 2nd class. We all four travelled together.

We arrived at Mardan in a very little while. Mr. King went away and came back saying the Chief was waiting to see us in the waiting room. No. 1 took us to the Chief. No. 2 was with us. The Chief shook hands with us and said "*Meherbani.*'

I know Hindustani but I did not understand his language. We all then went into the waiting room. He asked us to sit down. He was speaking to Mrs. King. I do not know what he said, but he was saying one of the photos did not agree and she said she had told him that one of the girls was sick so she had brought another lady. There was no photographs there. He told Mrs. King to let us go home—the tongas were waiting. The Chief left us and drove away in his garry—a dog cart. He had no difficulty in walking. From what I saw he did not appear to be decrepit. We got into a tonga, I and Miss Coutts, and drove away to a house in the bazar. It had a ground floor and an upper floor. We occupied the upper floor. I and Miss Coutts occupied one set of compartments and the Kings occupied the other set. One stair case led to both sets.

Our apartments consisted of one sitting-room, one bed-room and one bath-room. There was an empty room leading to the verandah which looked on to the street. Miss Coutts and I shared the same bed-room. There were no chicks when we arrived. We then sat down to dinner with the Kings in their rooms.

We spoked to the Kings the same night about the work we had to do. Mr. King told us he would settle it next day Next day we had breakfast and we again asked about our work. He said the Chief would not trouble us for 2 or 3 days as he knew we were tired after our journey. That was on the 26th.

Next day, the 27th, Miss Coutts and I sat down in our own rooms to write letters.

While we were writing, No. 2 came in running and told us to get ready as the Chief was coming to see us. We said we were well enough dressed. She said it would not do and that we were to put on good dresses. We put on other dresses.

In about 20 minutes the Chief came in. The man in the palki is the Chief I have spoken about. He had not a beard then. He has one now. Mr. King was with the Chief when he came. King brought a basket with him.

The basket had fruit, biscuits, sweets, a bottle of cherry whisky and a bottle of brandy.

The Chief asked King to go out and he left. We were then in our sitting room. We were only three then in the room—Chief, myself and Miss Coutts. The Chief asked King to shut the door as he went out and King did so.

After Lunch.

3-30 P.M.

P. C.—I deliver short oral judgment on Mr. Invararity's application and dispense with the personal attendance of the third accused till the further order of this Court and direct that all witnesses for the Crown who are required to identify him should do so now.

Daisy Coutts sworn, examined by the Advocate-General.

I have seen the man in the Palki. I recognise him. He is the Chief of Hoti Mardan.

Elsie Swannell. Examination continued.

The Chief sat down and began talking. I did not understand his language. I did not understand what he said. There were two windows in the room. From the windows you could see the hills. There was a sort of yard outside. The windows were at the back of the house. I was sitting on a sofa near one of these windows. Miss Coutts was on a chair opposite to me. There was a table, a sofa and two or three chairs. He was talking to Miss Coutts. I could not understand what he was saying. He asked me a question which I did not understand. I asked Miss Coutts what he said. She told me he wanted to know my age. I told him in Hindustani. Then he spoke to Miss Coutts and asked her age; she told him. Then he said something to Miss Coutts which I did not understand. She explained to me that he was saying that in his country a man's age is judged by his teeth and a woman's by her breast. He spoke to her again and she spoke to him again. She was asking him about the Durbar. Mrs. King had told us that we would go to the Durbar with the Chief. The Chief spoke to Miss Coutts in Hindustani. I understand a little of it. The Chief only laughed when Miss Coutts spoke about the Durbar. He then pointed to the window and told me "*Kholo*".....

I got up to the window. He got up and called Miss Coutts. He was to my right and Miss Coutts was behind me. He pointed to the hills from the window and told me those were Malakand hills. He also spoke about some buffalo fights taking place in the yard below. Miss Coutts explained this to me. He said nothing further and we were quiet for a little while. As I turned my head to the right from the left where I was looking I saw something dark near me. It was the Chief's hand near my breast about an inch, the hand was half closed: the front, that is the inside, of the hand was towards me. When I saw that I ran across the room to the other side of the table. He said. ..... "why are you frightened." Miss Coutts said "we have told you our ages. Why don't you believe us." He said something which I did not understand. Miss Coutts explained that he had said, "When you are in a place where it is the custom, why not go by it?"

We told him we had not come for that purpose. We had come to work. He took no notice and asked something else. I did not understand what he said. Miss Coutts explained that he asked when he could come and do what he would like with us and that he asked whether we would go to his palace or we come to his bungalow. I said, "I told you we have not come for that but we have come as governesses to the Rani." He said something to Miss Coutts and she told me to smile. I asked her why. She said the Chief said I looked very cross. I had a cross face on. After that he left the room. I don't know if I smiled.

The Chief called out to Mr. King. After a little while Mrs. King came into the room. She said the Chief was very angry and had said, "Mr. King, what have you done?" We told Mrs. King what had happened and said, "We did not wish to stay there." Mrs. King said, "You must not be angry. He only touched you as a father would touch her child." I said, "No such thing." We asked her to send King. We wanted to see him. She came back and said Mr. King said he was ashamed to see us. We went to Mr. King's room with Mrs. King. We spoke to him. He said he was sorry. He said he would settle up with us and he would himself leave the service after taking his pay.

The Chief did not ask us if we had any University degrees or passed any examination, so far as I know. He did not ask if we had experience or

abilities as governesses. He did not ask us if we had knowledge of needlework or embroidery. We never said we had no qualifications and no experience and no certificates. I have learnt embroidery and needlework.

I can't do needlework, but I do embroidery and fancy work.

After our conversation we did not speak again of this incident. We ate the fruit and gave the liquor to Mr. and Mrs. King. We had no money to get away with.

Mrs. King came in the afternoon and said a sepoy had come to take away her Charley and shoot him. She was drunk.

Later on we went up with King on the terrace. We had dinner that night in our own rooms.

While we were in bed Mrs. King came and told us the Rani had come with her retinue. We had locked the door from inside. We wanted to go to the front verandah to see her. She said the Chief had sent word by her husband that we should not go out on the verandah till the chicks were put up. I wrote this letter. I began the letter in the morning the Chief came to see us (Wednesday). I finished it next day. I gave the letter to the *chokra* to post. It was in an envelope addressed by me. I always wrote S. A. G. in a corner of the envelope. All girls in the Convent do that.

Letter, dated the 28th September 1911 (Exhibit C). Exhibit C.

This envelope is not in my handwriting.

I had begun writing Exhibit C. on the day that the Chief called on us. I had written to the place I have marked with red pencil, when the Chief came. When I put a dash after But— I was referring to what had happened when the Chief came. I changed the 27th to the 28th when I resumed writing this letter.

This envelope is not addressed by me. I did not put my letter (Exhibit C) in this envelope. I know it is King's writing. I know his writing.

Envelope (Exhibit D). Exhibit D.

The Rani came the day after the Chief came (Thursday, 28th).

Next morning, 29th Friday, Mrs. King sent me a note. That note I have destroyed. In the note it was stated that the Chief had asked King to ask us not to go out on the verandah till the chicks were put up.

That day Mrs. King came to us and we said, "Where is the Rani? We have not seen her." And she said, "There is no Rani, but don't tell Mr. King that I have told you this."

Nothing occurred that day.

On the 30th, the last day we were there, Mrs. King told us not to go out into the verandah—that some police had come to enquire about us. We went to King's room. He said a policeman had come, but that he had sent him away saying there were no girls here.

King said he would inform the Chief in the evening when out for a motor drive. He went out about 6 and told me he was going to see the Chief. We had dinner with Mrs. King, and just as we were retiring King came in very late. He came in a great hurry and told us to pack our things, saying we must leave for Rawalpindi that night. We got ready, put on our hats and came to the verandah. I was wearing a cap. Mr. King told us to take our caps off and sent Mrs. King to bring towels to put over our heads. She brought three towels. We said we were not going to take our hats off. He insisted saying there were lot of natives down there who will see you. We put the towels over our heads. He said, "Put the towels close over your faces," and we did so. King's son had a lamp which King got him to blow out and take inside.

That was when we were in the verandah. We were taken through a lot of little lanes. We went to a garden. We had been there before at night after dinner.

Q.—How many days before?

A.—Don't know.

On this occasion I don't think we followed the same route. There is a small museum in the garden. When we arrived the Chief was waiting at the door of the museum. It was dark, There was a hurricane lamp in the museum. It was about half past eight or a little later. The Chief shook hands with us, and asked us how we were—by we, I mean Miss Coutts and myself.

He caught me by my hand and was leading me into the museum. I refused to go in. The Kings told me not to be afraid but to go with him. I refused. Miss Coutts said she would go first. The Chief and Miss Coutts went inside. Miss Coutts was in about 10 minutes. I went and took my seat on a bench with the Kings. They said, "Why are you afraid?" Said I was silly not to go in; the Chief would not do anything to me as there were some other women inside. I said, "if the Chief wants to say anything why does he want us in the dark, why does he not say it here?" After 10 minutes Miss Coutts came out and the Kings told me to go in. I told Miss Coutts I did not want to go in. She said, "You can go in, Miss Swannell, but don't let the Chief put his hands on you". Mrs. King said she would go with me. As she was willing to come I went with her as far as the door.

The Chief was standing at the entrance. He caught my hand, took me in and closed the door. When I turned, I found Mrs. King had run away. There was nobody in the museum besides the Chief and myself. The Chief led me to one of the benches and asked me to sit down. I sat down and he sat beside me. He was talking and pointing to some pictures on the walls. I could not understand what he said. He went on talking. I did not answer because I did not understand him. I told him so. He was laughing and said (*words in vernacular*), "I will make you a Pathani." He said he would cut my hair across the forehead and passed his finger over my forehead. He went on talking. I said, "What are you saying?" He said (*words in vernacular*), "Give a kiss." He pointed to the cheek. He touched his own cheek twice and said (*words in vernacular*) "Give here". After that he asked me to give him my ring which I wear on my middle finger. He caught my hand and said, "Give this," pointing to the ring. I drew my hand away.

After that he asked me for a bunch of keys which I had in my hand. I did not reply. He then put his hand up to my ear and asked me to "give these." I had no earrings, though before that he had seen me wearing earrings. After that I felt the weight of his hand on my chest. I stood up. He took hold of the end of the scarf I was wearing. He asked me to sit down again but I refused. He said (*words in vernacular*), "Why don't you let me see?" I said, "I had not come for that kind of thing", and told him I did not want to stay. He asked me whether he should tell Mr. King about it. I said he could. I told him to tell, He went to the door and called King. I went to the door also. I saw Mr. and Mrs. King and Miss Coutts. He began talking to Mr. King and we asked Mr. King to tell us what he said. King said the Chief was sending us to Rawalpindi that night because police had come to make inquiries.

Mr. King said at Rawalpindi nobody will notice us, there being so many other Europeans. He also said I and Miss Coutts would return to Hoti after a shortwhile. We were told not to go out alone when there, but that some one should go with us. This was what the Chief said as interpreted to us by King.

The Chief then stroked me and Miss Coutts under the chin and then we left.

The Chief touched me here (pointing to her chest) on my breast after he had touched my ear. The palm of his hand touched me.

Wednesday, 14th February 1912.

C. W. KING AND OTHERS.

Elsie Swannell further examined by the Advocate-General.

The Khan did not say anything about being brought there against his instructions. He did not suggest that we were not to remain in his service. He said we were to return when the bungalow would be ready for us.

We then went on to the street where there were tongas waiting for us. We drove to the station, all four of us. It was not Mardan station. We got in train for Rawalpindi. Mr. King got the tickets. We had no money.

We reached Rawalpindi early in the morning. We went to the Dâk Bungalow. King then left and returned and took us to another house. He said he was going to see Baba. I understood him to be the Chief's cashier.

At the bungalow the cashier was there. He was a Sikh. Baba paid us.

This was on the 1st of October. He gave us Rs. 26 each for service from 23rd to 30th September and paid us Rs. 30 each extra for our expenses. He told us distinctly that these sums were for the new month, and we would be returning to Hoti shortly. Baba left after paying and King left that night. We remained at Rawalpindi—myself, Miss Coutts and Mrs. King.

On the 6th October I wrote the letter to Sister Superior in Bombay. I had not heard from her. Mr. King had said we might go to Murree. He also said we might go to Cashmere.

The Kings told us at Hoti we would have no work to do. In this letter I refer to what the Chief tried to do at the house where we were and at the museum.

Letter, dated 6th October 1911 (Exhibit E). Exhibit E

I got a letter from Sister Superior. This is that letter. This was put in another envelope and sent on to me.

Mrs. King spoke of an English governess—an old lady who was going back to England—and she said that is why two governesses were required. We saw no governess there.

Letter, dated 1st October 1911 (Exhibit F). Exhibit F

I then received a telegram. I destroyed it when I came to Bombay. I think we received two telegrams. I am not sure. I destroyed both. This was the first one.

Original telegram, dated 6th October 1911 (Exhibit G.) Exhibit G

I sent this letter to the Sister Superior on the 9th of October. Before that letter I sent a telegram to Sister Superior. It was to this effect. I prepaid the wire for reply.

Telegram, dated 7th October 1911 (Exhibit H). Exhibit H

I think I got a reply. I am not sure. This is my telegram. I sent it to King.

Telegram, dated 7th October 1911 (Exhibit I). Exhibit I

Letter, dated 9th October 1911 (Exhibit J) Exhibit J

Khan sent us fruit from Mardan.

At Rawalpindi we had to pay for our own expenses. I got a wire from King saying he was coming from Hoti to Rawalpindi in a motor to take us for a drive. He came the next night. I have destroyed the telegram.

He came by train. He went away next day.

I told King about the letter from Sister Superior. He said, "Why do you want to go? It is nothing at all."

I did not see King till the police came. We remained there. Police came on 11th or 12th with a Roman Catholic priest. Superintendent Farquhar came there. Mrs. King was there. He asked if Mrs. King was living there. We said, Yes. He said, "Who are you?" We said we came from Bombay. We told him we had been brought as governesses for Rani to look after her children. Mr. Farquhar told us there was no Rani and we had to go to Bombay, We said we were willing to go, but we had no money to pay our fares. He asked us to get ready and he went out. Mrs. King said, "Why do you want to go to Bombay? Sit here and get your pay. There is no work here." She further said, "Now you are going away, I won't get the Rs. 200 the Chief promised me." We packed up and left with the Superintendent to the Deputy Commissionner. He sent us to his bungalow and his wife. We remained there till 6 and then we were sent to the Cantonment Hotel. Mrs. King remained behind but came at night to the hotel to see us. She said she had wired to King that we were taken away by the police. She left that night and next morn ng came with King. King said,

"Don't be afraid of the police; they can do nothing to you." He said he had shown the wire to the Chief who had told him, "Save yourself and save me."

He said, "Tell the police I had brought you to teach my children." He said he had three children.

They then left and we never saw them again until we saw them in the Police Court. He said he would meet us at the station. We said Commissioner's wife was coming there, so he did not come. We were two days at the Cantonment Hotel and then we left for Bombay.

We came to Bombay second class. Three policemen in turn were in charge of us successively on our journey.

X-1. X-2. X-3. X-4. We went to the Home on arrival in Bombay. These three letters are in Mr. King's handwriting (three letters marked X-1 for identification). These two letters were also in King's handwriting (two letters marked X-2 for identification). These five letters are also in King's handwriting (five letters marked X-3 for identification). These two letters are also in King's handwriting (two letters marked X-4 for identification). These two letters are also in King's writing (two letters marked X-5 for identification).

Examined by Mr. Inverarity. (Before Mr. Wadia by consent.)

I am not an Eurasian. I was born at Jubbulpore. I sometimes lived at Belgaum with my grandmother—my mother's mother.

I have been employed as shop girl and telephone girl.

I was at Whiteaway's, the Telephone Exchange, Shilling Stores, King & Co. King & Co. are Parsi picture-frame makers. Nowhere else.

I began being in service since 1905.

I left school in October 1905.

I have no relatives in Bombay. I have upcountry.

We saw the Khan on only three occasions. The interview at the station must have been about 15 minutes. The interview at the house lasted for about half an hour. In the garden the interview must have been an hour or a little more—from the time we came to the garden till the time we left. I was on this occasion 10 to 15 minutes with him. We went to the garden late, about 8-30. It took us a little while to get to the station. It was about a mile.

Sister Superior told me before I left home for the station that No. 2's real name was Mrs. King. Mrs. King always asked to see the Sister Superior whenever she came there and always did see her. It was stated on the very first occasion that two governesses were to go. When another lady was sick (Mrs. Schultz) Mrs. King suggested I should go alone. I was at first to go with Mrs. Schultz. I know her. She is a married woman. She had no children. She is a young woman, about 27. She is in Bombay. She was in Bombay when witnesses were examined in the Police Court. She could not go as she was in hospital; she has lived at the Home with me. She left the Home two days ago. She was in the Home when Police Court proceedings were going on. Mrs. King said if she could not get any one she would take me alone. As a matter of fact she got Mrs. Glendenning. I don't know if she was to get higher pay. Mrs. Glendenning was living in the Home. She agreed to go.

We were asked by Mrs. King to be photographed, so that our photos may be sent to the Chief.

Exhibit B is a correct photo of Mrs. Glendenning. She is quite an old lady. She must be past fifty. She is a widow. She has a son who is married. She is a grandmother. She and I were to go together. She was to go for a month till Mrs. Schultz got well and then Mrs. Schultz was to take her place. After being photographed I knew that her photo was not sent I never heard from any one that Mrs. Glendenning was not willing to go. I made no inquiry as to why she was not going.

Q.—Did you say in the Police Court Mrs. Glendening's photo was kept back as she did not want to go.

A.—I don't remember. I may have said it. I read over my deposition and signed it.

(Deposition shown.)

I must have said this if it is there. It is there in the deposition which was read over to me by the Court Interpreter and I signed it. I made an addition after the deposition was read over to me.

The next person I heard who was to accompany me was Mrs. Parceller. She is a married woman. She is 24. Her husband is alive. I don't know

if her husband is in Bombay. She has two children. On the day I went to Bori Bunder Mrs. Parceller had come to the Home to see Sister Superior. Sister Superior told me she was not going with me. That was on the day I went to the station. When I and Mrs. Parceller went to the station Miss Coutts was there. I don't know if this was the first time Mrs. King knew that Miss Coutts was going in Mrs. Parceller's place. I don't know if Mrs. King had seen Miss Coutts before she saw her at the station.

Miss Coutts told me afterwards she was working with a lady. She told me also that she had been a nurse in two different hospitals in Bombay. She did not tell me anything else about her employment.

I did not know, but I have since heard, that before Mrs. Schultz was asked to go Mrs. King was trying to get Mrs. Rogers to go to Hoti Mardan. Mrs. Rogers is a married woman with a husband and three children in Bombay. Mrs. Glendenning may have been in Bombay, but I know Mrs. Parceller was in Bombay when Police Court proceedings were going on. Mrs. Parceller lives at the Home. She was not in the Home when it was arranged that she should go to Mardan. She came to live at the Home perhaps a month ago or more. She came some time after I returned to Bombay. There is a register showing when people come to live at the Home and when they leave. Boarders pay if they are working and are able to pay.

We went third class. We took our luggage with us. I took all the clothes with me. I took a number of dresses with me. The Chief was at the station and t was explained to me that one of the ladies was not the same as in the photo. I was not told that he expected a more elderly person than Miss Coutts. All that was explained to me was that the Chief complained that one photo agreed and one did not. I saw no photos at the waiting room.

I never said at the Police Court that I saw my photo when at the waiting room. I am sure I did not say so.

(Deposition shown.)

I see I am taken to have said this. It must be a mistake. I never saw my photo at the waiting room.

I did not say at the Police Court, "I told No. 2 I had no testimonials or certificates as I had never been in that sort of service before, and Mrs. King said it was unnecessary."

I was alone with her when we had the conversation. At the Mardan Station Mrs. King told me she had explained that the lady who ought to have come was sick, and Miss Coutts had come instead. The lady who was sick was Mrs. Schultz.

The bungalow we went to is in the bazaar—a crowded part of the town.

The bungalow is in the market. There was only one bed-room provided for me and Miss Coutts. The rooms opened out on a verandah which runs a considerable length. That verandah runs not only opposite our and King's rooms but a number of rooms let to tenants.

I never went over, but I was told by the Kings that there were many tenants. I did not see the tenants.

From our rooms we could have walked the whole length of the verandah right in front of the range of rooms. I could see the verandah from end to end. The verandah might have been a 100 yards long. We were living there four days before the chicks were put up.

They were put up on the day we left, the 30th of September. We arrived on the 25th and the chicks were not put up till the 30th. At Hoti we used to go out. We went out on two occasions. I don't remember the first. I can't say if it was Tuesday, Wednesday or Thursday. On that occasion we walked through the streets with Mr. and Mrs. King. On the first occasion we went to the garden and spent some time there. I don't know if that garden is surrounded by houses. I don't know how big it was. It is a small garden. I don't know if public are permitted in. I was told there was another garden which was public, but that this was not. We were out at 7-30 P. M. It was dark. I don't know if it was moonlight night. We walked back with the Kings. This was after the Chief had come to see us at our bungalow.

I did not find the natives gathering round and staring at us in the streets. I did complain of the natives staring at us during the day. When we were at the verandah there used to be a great crowd downstairs staring at us. We made no complaint. What I have said first about complaint was correct. Yes, we did complain.

We were told that we could get on the verandah after chicks were put up.

We did not put towels over our head to disguise the fact that we were Europeans and to prevent the crowds staring at us. They were put on for concealment so that people should not know that we were Europeans.

My letter of 28th September was posted on the same day at Mardan. I see that by Exhibit D.

I put the dash underneath and on the side of "But" in that letter. I did it with the same pen and ink. Both the underlining of "But" and dash were made by me immediately after writing the word "But" and before I wrote anything else. I put both lines with the same pen and ink. I can see no difference.

The Sister Superior had not warned me against the possibility of improper conduct on the part of the Chief.

(Exhibit F-portions read out of the letter.) I do not remember the story the Sister Superior refers to about a girl running out of the bathroom, and I do not remember what she told me when I was leaving. I don't remember what the Sister Superior refers to in her letter. I knew when I got the letter that there may be occasion for my running out of the bathroom. This is in reply to my letter with a 'But'.

The Sister Superior says the Chief must be a very honourable man and I was not to be afraid.

I don't know that that means that the Sister Superior had not drawn any adverse inference from my letter with 'But.'

The Chief came to the bungalow about 11 in the morning.

I don't know how the Chief came into the bungalow. It was 11 o'clock in the day. I don't know if there were plenty of people about. I understood him when he pointed to the hills and said, these are Malakand hills, and I understood him when he said (*words in vernacular*), "Why are you afraid?"

I understood nothing directly what the Chief said except these two things. All the rest Miss Coutts explained to me.

The Khan does not understand English. I don't suppose he knew what Miss Coutts was saying to me.

Miss Coutts said the Khan had asked, "When can I come and do as I like?"

I did not think of writing this in my letter the next day to Sister Superior. I can give no reason why I did not, beyond this, that I did not think of it.

I did not write in the subsequent letters this incident because I did not want to write.

I remained a fortnight after this bungalow incident, but I never wrote to anybody.

27th September to 11th October.

We never knew that we were going to see him before we actually saw him in the garden.

We were taken down to the street to get into the tongas. When we got down Mr. King told us the Chief was waiting to see us. We asked why we were taken to the museum. King told us the Chief was waiting to meet us. We went because we expected the Chief would not behave in the same way again.

I did not mention the whisky and brandy and merely wrote about wines because we had no particular reason for doing so.

At the bungalow the Chief never touched my person. I saw his arm across my breast. His right arm was there. There was nothing wrong with his hand or arm. He had a stick in hand.

I never noticed anything wrong with his arms, hands or legs. He appeared to be a man with full use of his limbs.

At the museum door he caught my wrist. I did not say tight.

He used no violence. He closed his hand on my wrist. He did not grasp my wrist. On both occasions at the museum he caught my wrist in the same way.

The museum is in the centre of the garden. I don't know if there are four roads meeting at the museum. It is a round room. It is a building of some sort of netting. I don't know if it is made of wooden trellis work. I don't know if people from the garden can see inside. I don't know if there are four doors to that structure.

After lunch.

In the museum I did not understand most of what the Khan said. I understood him to say he would make me a Pathani. That is what I remember best.

In the Police-Court I left it out altogether and mentioned it on the second day after my evidence was read over to me. I left it out on the day I gave the account of my interview.

I left it out because I did not remember it at the time. I understood him when he asked for my ring. He did it like this (touching the ring and passing his fingers over mine).

Q.—Did he close his fingers on the ring ?

A.—I don't understand what you mean. He made me no present of money or anything. Nor to Miss Coutts. He asked me for my gold ring and earring. When I got up he said :—

"Why don't you let me look ? I don't know what he wanted to see. I don't know whether he referred to the scarf or not."

When I told him I did not wish to stay there he said—I understood he said, "I did not want to stay there." He then asked me if he should tell Mr. King. I did not understand anything else. We came out afterwards.

Q.—You did not understand about the kiss.

A.—I did understand.

In the Police Court I said I did not understand.

I understand the word "Bosa." I did not understand it at all. He pointed out his cheek.

I did not understand what a "Bosa" (word in vernacular) meant. I understood "to me".

I understood the word "Do" (word in vernacular) give.

I don't know the Chief's language is (word in vernacular). I thought Urdu.

I went to Rawalpindi willingly. So did Miss Coutts. I never asked to go to Rawalpindi because Mrs. King was going there. She never mentioned that she was suffering from abscess and was going to Rawalpindi.

I was about 11 days at Rawalpindi before the police came. We had Rs. 112 paid to us on the day we arrived at Rawalpindi. When we left Hoti Mardan after the museum incident I told Mr. and Mrs. King I wanted to go but they said, "The Chief won't come near us for four or five months, so don't go."

On the 1st of October we had enough money to go to Bombay if we wished. We did not go because we did not see any harm then.

We went to market at Rawalpindi and brought some provisions for ourselves. We went to the Post Office to post our own letters. We also went to the Telegraph Office. We walked about in the compound.

Sometimes we walked about on the road.

There was nothing to prevent us going out whenever we wished. Rawalpindi is the principal town of the district. There are many officials there.

I don't know if there is a Roman Catholic Mission there.

I don't know if there is a Convent School.

I never saw a Church. I never went to one. I did not go and ask any one for help because I had already written to Sister.

I did not write to Sister Superior till six days after our arrival. We knew nobody at all there.

We were willing to stop at Rawalpindi and did not want to come back to Bombay as the Kings told us that the Chief would not be there for four or five months.

We were told that we were to go to Hoti back in a few days. I did not express willingness. I would not have been willing. I would not have stayed at Rawalpindi for four or five months.

I had no qualification for governess. (Shown letter of 6th October 1911, Exhibit E).

("or return back to Hoti Mardan from here" after staying at Rawalpindi till the 15th.)

I gave the Sister to understand that we were staying at Rawalpindi till the 15th and then either go to Murree for a couple of days or return direct to Hoti Mardan from there.

I don't remember if all telegrams and letters from Sister Superior were addressed to me at Hoti Mardan.

I see this telegram (Exhibit G) was addressed to me at Hoti Mardan. Letters were forwarded by King.

I received no letters from Sister Superior at Hoti Mardan. The only letter I got was forwarded to Rawalpindi by King unopened and in the original envelope addressed by the Sister herself. I wrote whatever letters I wished to the Sister Superior in Bombay. She received all my letters. I could have written to any of my friends and acquaintances I liked, or to any of my relations I liked. My parents are not alive.

As a shop girl I made friends and acquaintances in Bombay—not numerous. I wrote to two of them, Mrs. Schultz and Mrs. Palmer. I wrote to them from Rawalpindi. I don't know on what day. Might be the same day as I wrote to Sister Superior. They were not able to do anything for me, so I did not ask their assistance. I told them nothing of what I have said here. A Roman Catholic priest came with Mr. Farquhar. I don't know why he brought the priest with him. I told him that we had come as governesses. I believed that at that time. The priest said we had been brought to lead the life of sin. That was the first time I learnt this. I had never seen the priest. Superintendent of Police said he had a warrant to search for two girls. He asked us if we were willing to go, He did not say we must go. He left it to us. I told the Commissioner's wife all that had taken place. We told her that the Khan had asked when he could come and do what he liked with us. We were then kept in charge of the police. A police sentry was stationed at our door the whole time we were there. We remained in police charge till we arrived at the Home in Bombay. Police took us to the Home from the railway station. We arrived here on the 15th of October. We were in the charge of the police from 11th to the 15th of October. We have been in frequent communication with the police since.

I have spoken to my employer, Dorosha King, about my experiences in Hoti Mardan. I never told him in detail everything. I did not tell him all that the Khan had done was to put his finger on my cheek.

I did not tell him that the Khan had asked us when he could come and do what he liked. I simply told him we left because the Chief was not a good man. Never said anything about the Khan's conduct except that I told him that he did not behave as he should have.

(Exhibit J : letter, dated 9th October.) This gives a correct description of what the Khan did. It is true we kept well on our guard. The letter might imply he did not touch us, but he did.

No one was present at any of our conversations with the Kings. When King told me the Chief had said, "Save yourself and save me," no one was present except our two selves and Mr. King. My pay was Rs. 130 out of which Rs. 30 were for messing. What Mrs. Parceller was to get I don't know. Miss Coutts went in place of the sick lady and she was to get Rs. 130 a month. I was to get Rs. 115 of which Rs. 15 was for messing. It was arranged that one was to get Rs. 130 and another Rs. 115. I get now Rs. 30. I got Rs. 25 at Whiteaway's. At Shilling Stores I got Rs. 35 a month.

It is true that we were anxious to stop on in the Khan's service because we were getting good pay.

King never said the Khan was going to keep us for a month because if he sent us up at once no one else would come there. King did not say that the Khan said we were not qualified as governesses and did not suit him.

The Kings were anxious that we should continue as governesses.

Mrs. King said she was to get 200 rupees for procuring two good governesses.

She said if we went back she would lose her two hundred rupees.

From the station the Khan went away in a dog-cart. He had a syce. I don't know if he drove himself. It was a one-horse dog-cart. I did not see him get in. I did not see him after he was in the dog-cart. I saw a dog-cart at the station.

When Mrs. King came and told me the Chief was coming I had just come out of my bathroom. I was fully dressed. I had a white cotton dress on.

I put on smart clothes to come here both to-day and yesterday. I did not put on anything very smart for the Khan. I put on a silk blouse and

skirt. I would put on good clothes if I was receiving any one of importance. While in Bombay I have never lived anywhere except at the Home since I left school. Mrs. Palmer used to be at the Home. She was M ss DeSouza.

To the Court: I get board and residence for 10 rupees, and when not employed I am not charged anything.

Examined by Mr. Wadia: I never knew King till I met him at Nowshera. I did not know Mrs. King before I met her in Bombay at the Home. First time Mrs. King came to the Home was about the 12th of September. It may have been on the 15th. She was dressed dirtily. She had no hat on. She had a dressing gown on then. On the next occasion she came in European clothes. I did go to the race-course about two years ago from the Foundling Home, without the Sister Superior's knowledge. I was then employed at the Shilling Stores. I was not a constant visitor at the race-course. I went there with a gentleman friend, Cilento. Mr. King has been taking letters from my box and that is how he has come to know of things. He must have taken out some of Mr. Cilento's letters. I took letters with me in my trunk. I have not missed any. I have got those letters with me still. Cilento was engaged in a cinematograph, and I was latterly engaged to be married to him.

He left India on the 15th October 1910. I was engaged to him a year before he left. He was not a jockey. I went once or twice to the race-course. I went about with him frequently quite freely and all alone. I used to go out after my tiffin. I used to meet him very frequently. I don't know of any scandal.

In the evenings I never went with him except to the Band. I never went to Cornaglin or Morigin's. The Sister Superior knew I was keeping him company. I never lived at Parel. My name will be found in the register for the whole time I was in Bombay after I left school. I never got any letter care of the Post Office, Mazagon. I do not know Miss Annie DeGa. I knew one Rosie De Ga. She is no friend of mine. I did not tell King that I got my private letters addressed to the Mazagon Post Office which Rosie De Ga brought to me.

Rosie De Ga is an orphan. She teaches infants. I know Louis Buildings at Parel. Mrs. Palmer lives there. I don't know Cluy. Nor any one of that name. I only know Mr. Palmer.

Thursday, the 15th February 1912.

C. W. KING & Co.

Elsie Swannell, further cross-examined by Mr. Wadia: Mrs. Palmer was Miss DeSouza. She was in the convent and we were friends.

Before she married she lived with her brother at Parel. I did not live with her at Parel. I did go to Poona for the races with Mr. Cilento on one occasion only—quite sure. I stayed nowhere. I returned the same day by the 8 A.M. Express. I have never been at Poona for a month. I broke journey at Poona for a day when going to Belgaum. Never lived longer than a day at Poona. Mrs. Crawford is my grandmother at Belgaum. She is still there. I don't know that Cliento was a trainer. I don't know if he wrote in the early mornings. I never accompanied him. He was convicted of cocaine importing and was sent to jail. That was in July 1910. Two months while at Hoti I never heard anything of him. I never mentioned his name to King. I never mentioned Rosie DeGa or Louis Buildings, Fergusson Road, to him.

(*Shown X-4.*) I read the letter Miss Coutts showed me.

All letters I received came through the Sister Superior. I cannot account for what is in the letter written by King. Mrs. Palmer told me she never said anything about what is in the letter. I have a brother. I don't know where he is at present. He used to be at Lanoni. I think I last saw him in August 1910. I have not heard from him, neither have I written to him. I did not fall out with my brother about Cilento. I don't get photographed often. I was photographed twice before this time. First time it may be two years ago. Second time was in 1908 when I was at the Telephone Company, with the staff. Recently I have been photographed again, that was in January last. I gave two or three sittings on two different occasions. That was on the 6th of January last. I paid nothing for the photos. I only had three copies. Demarre said he wanted them for his studio. He used to come to the shop.

(*Shown four photos.*) These are all my photos.

(Four photos collectively—Exhibit No. 1). The dresses in which I am photographed are not expensive dresses. It is one of my good dresses. All are in one dress. Some of the drapery was the photographer's. I did not know any one of the name of Bob Alton. I knew on the day I went to Bori Bunder that Mrs. King's real name was not Henderson. That was at 11-30 or 12 noon. Mrs. King did not tell me that the Chief had asked for one young and one elderly lady. She said one was to be assistant out of the two ladies required.

I did not hear Mrs. King say at the station that she would not take Miss Coutts. I heard her ask if she was Miss Coutts. Mrs. King was busy booking our boxes. She travelled in another compartment. She had two children with her. There were some men in our compartment. At Hoti Mardan I heard the Chief speaking to Mr. King in a language I did not understand. I don't remember the Chief speaking to Mrs. King at that station. He was speaking to her in language different from ordinary Hindustani. Mr. King said Chief said my photo was all right, but the other lady's photo did not agree. I remember the exact words of the telegram from King to the Sister Superior, received on the 22nd of September. The words were :—

"Has Mrs. King left with Miss Elsie and Miss Dolly?"

I don't know who Miss Dolly was. It was arranged from the very beginning that Mrs. Schultz was to go. While at Hoti I did not go out during the daytime. We never went out during the daytime. Mrs. King, two boys and a girl were with her during the whole time we were at Hoti. I don't know if the doors of the museum were made of trellis work. I saw a door with wires something like doors at railway station, not heavy zinc but perforated.

I don't know if the house we lived in at Rawalpindi was next door to a police-station. Miss Coutts hired a sewing machine at Rawalpindi. I bought two articles of clothes. Miss Coutts bought some clothes.

Re-examined by the Advocate-General: Before I was photographed it was decided that some one should go in place of Mrs. Schultz. The Chief's hand was intentionally near my breast on the occasion he visited us at our quarters. His hand came right across to my left.

We went into the garden through a bower with vines growing over it. It was an arch with creepers growing over it. There were also oranges. There was garden all round the museum, and there was a road, not a very long one, leading to the museum. His conduct was not like that of a father. The ages of Mrs. King's children were 8 and 3, and the other was a baby.

On 20th November 1911 I went into the service of Dorosha. I told him no details. I told him when I was called out that I was to go in connection with the case of the Chief. With that exception the subject of my visit to Hoti never came up for discussion.

To the Court: The Police Superintendent told us at Rawalpindi there was no Rani. If there had been a Rani we would have stayed on. His statement that there was no Rani affected our desire, and we said we were willing to go to Bombay. Four policemen successively travelled down by the train we came by and saw us at each station.

Daisy Coutts, sworn, examined by the Advocate-General.

Note.—At this stage I asked the Advocate-General as to how this case was initiated in Bombay and under what process the two young ladies were taken charge of by the police and brought to Bombay. In the course of the discussion the Advocate-General admits that the statement of the Police Superintendent deposed to by Miss Swannell as the one which induced her and Miss Coutts to agree to come to Bombay was false.

He further admits that there were no criminal proceedings whatever taken against the third accused when he arrived in Bombay and that they were instituted against him after his arrival in Bombay.

The Advocate-General ask me to meet him and Mr. Inverarity and Mr. Raikes in the Judge's Library. I did so. There the Advocate-General informed me that he would end the proceedings if I expressed an opinion that this was not a case that should proceed any further.

I declined to express any such opinion.

The Advocate-General informs me that after very careful consideration he has come to the conclusion that he will withdraw this case, and he informs the Court on behalf of the Crown that he will not further prosecute the accused on the charges on which they are under trial.

P. C.—I direct that all the accused be discharged and that such discharge shall amount to an acquittal.

ENCLOSURE No. 8.

Order of the Honourable Sir Dinshaw D. Davar, Judge of the Bombay High Court.

CROWN SIDE.

15th February 1912.

Emperor versus *King, and two others.*

CORAM. THE HON'BLE JUSTICE SIR DINSHAW DAVAR AND COMMON JURY.

In this case I was prepared, long though the trial threatened to be, to hear the evidence up to the end and leave the case entirely to the Jury for disposal. I have studiously refrained from expressing any opinion during the three days that this case has been going on. This morning's discussion has led to this being found that so far as the Bombay Police were concerned, they have throughout these proceedings acted in a perfectly proper and legal manner. When the Khan of Hoti Mardan was sent down by the Upper India Police to appear here, before the Chief Presidency Magistrate, they took cognizance of the affair and placed the evidence at their disposal before the Magistrate.

It seems to me that in Upper India, from where he comes, the third accused has been subjected to a great many indignities and the procedure followed seems to me to be ununderstandable. The two young ladies, Miss Swannell and Miss Coutts, were for eleven days at Rawalpindi; they made no complaint whatever to the Police or to anybody else. Even assuming that the third accused tried to take liberties with them, those were liberties they did not seem to resent in any way, except by saying that they were not that sort of people. While they were there, the Police took no action whatever, no complaint was made to them. On information received by them from Bombay, which does not appear to be of an alarming nature, without any justification whatever, the Magistrate there issued a search warrant under which the Police took possession of the girls and sent them down to Bombay. Miss Swannell's evidence is clear that if the Superintendent of Police who executed the warrant had not made a statement which has been proved and is admitted to be incorrect, these girls would never have desired to come back to Bombay. They were perfectly at peace and were quite content to live at Rawalpindi or return to Hoti Mardan when the police took possession of them, kept them in their custody and then sent them down to Bombay in police custody after representing to them that there was no Begum at Hoti, a statement which is admittedly untrue. The Khan is arrested on evidently nobody's complaint, and is asked to go down to Bombay to answer a charge when there was no charge whatever pending against him. The charge sheet was prepared after he arrived in Bombay. The whole procedure seems to me to be most irregular and arbitrary. I have heard with patience Miss Swannell's evidence for the last three days; and accepting every statement she had made to be true, the only impression that can be produced on one's mind is that there were certain acts of the third accused, which she apprehended to be the acts of familiarity, but they were acts of a most trifling nature. It must be remembered that the third accused, when the two girls were at Hoti, could have taken advantage of them, but beyond being a few minutes with them on three occasions he did not interfere with their liberty. He saw them first at the Railway station, where his behaviour is admitted to have been perfectly proper and kind. He saw them in the house for a few minutes, where he never even touched either of them. The next time he met them in the public garden, and what was said to be a museum turns out to be a summer house which is admitted by Miss Swannell

to be surrounded by open trellis work, and the Khan could not have done anything improper there even if he had any desire to do so, either in the garden or in the museum house.

Under these circumstances, I can only say that the course adopted by the Advocate-General is an exceedingly proper one, and is in keeping with the usual fairness with which he has always conducted Crown cases. I direct that all the accused be discharged and that the discharge may amount to an acquittal.

I have no hesitation in saying that the third accused, as well as the humbler two, will leave this Court without a stain on their character. Nothing that has transpired in this case during the last three days has justified the smallest reflection being cast on the good character of the two young ladies.

ENCLOSURE NO. 9.

Statement of Mr. A. H. Grant, C.I.E., I.C.S., late Deputy Commissioner of Peshawar.

In December 1911 I was Deputy Commissioner and District Magistrate of Peshwar, and had been so for more than a year. On the 17th December 1911 I received from the Chief Commissioner, North-West Frontier Province, the letter from the Bombay Government, No. 9833 B., dated 8th December 1911, enclosing a statement by Miss Swannell with the endorsement—

"Transferred in original to Deputy Commissioner, Peshawar, for necessary and early action and return. G. R. K."

This letter from the Bombay Government stated that a complaint had been made to the Commissioner of Police, Bombay, that two girls, Miss L. C. Swannell, age 2), and Miss Coutts, age 22, had been abducted by a Mrs. King on the pretext that they were to be companions to the Rani of Hoti Mardan. On further enquiry, the Bombay Government had ordered that legal proceedings should be taken against Mr. King, chauffeur to Khan Bahadur Khwaja Muhammad Khan of Hoti Mardan, and his wife Mrs. King under Section 366 of the Indian Penal Code. The Bombay Government further asked that the Chief Commissioner, North-West Frontier Province, would take such notice as he might consider necessary, of the Khan of Hoti Mardan's objectionable conduct.

2. After the most careful consideration I decided that the only course open to me was to issue a warrant for the arrest of Khan Bahadur Khwaja Muhammad Khan, under Sections 366 and 109, Indian Penal Code, *i.e.*, for the abetment of the abduction of the said two girls.

3. My reasons for taking this action were—

(1) Miss Swannell's sworn statement* incriminated Khwaja Muhammad Khan as much as, if not more than Mr. and Mrs. King.

* Forwarded with the Bombay Government letter.

(2) The Bombay Government had ordered the arrest and prosecution of the Kings under Section 366, Indian Penal Code.

(3) The Bombay Government were obviously under the impression that the Khan was a Ruling Chief of sorts, and therefore not amenable to the ordinary Law.

(4) This was not so. The Khan is an ordinary rich land-owner. To accord differential treatment to the Khan merely on the ground of his wealth and position, would have been obviously a travesty of justice.

(5) I had corroborative evidence that the girls in question had actually been to Hoti.

(6) I had further corroborative evidence that the Khwaja had personally met and examined the girls at the Mardan railway station.

(7) I had further evidence that the Khwaja had no wife living for whom a female European companion could be required, and no young children for whom a governess was wanted.

(8) I had evidence that Mr. King, the Khan's chauffeur, was not in a financial position to have obtained the girls for himself and that the natural inference, therefore, was that he had acted, as allegedo under the Khan's orders in obtaining them.

This action was taken by me under Section 190-C. of the Criminal Procedure Code. I considered that the evidence detailed above was sufficient to justify the Khan's arrest, and that no other course was open to me. As regards the section under which I ordered this arrest, I was guided mainly by the fact that the Bombay Government had ordered the prosecution of the Kings under Section 366 and considered it logical, therefore, to issue a warrant against the Khan under the same Section, coupled with Section 109, abetment. I hold that the evidence before me left me no alternative but to act as I did, and this view is substantiated by the fact that it was on this evidence, mainly, that the Chief Presidency Magistrate, Bombay, subsequently commited the three accused to trial by the Bombay High Court.

5. The warrant was issued under my own hand and was given by me personally to the Superintendent of Police, with special instructions that the arrest should be effected in the most unostentatious manner by a British Police Officer, and that every consideration should be shown to the Khan. That these instructions were carried out is clear from the statement, dated 24th April 1912, of Mr. Woodhouse, Assistant Superintendent of Police, who effected the arrest on the 20th December 1911.

6. As regards bail, I very fully considered this question before issuing the warrant and came to the conclusion that I could not allow bail for the following reasons:—

(1) The offence charged was non-bailable.

(2) I considered that there were reasonable grounds for believing that th Khan had been guilty of the offence of which he was accused.

(3) Peshawar is situated on the border and offers every facility for the escape of accused persons to the asylum of Afghanistan or the tribal hills. Indeed, so common is the habit of persons absconding from justice that bail is practically never allowed on the frontier in non-bailable offences. There are many instances of rich men flying from justice to Kabul, where they usually meet with a friendly reception.

(4) The Khan was very rich and there was reason to believe that he might use his great wealth to tamper with the evidence.

The nature of the offence, the extent of the evidence, the peculiar conditions of the Peshawar border, the wealth of the accused, seemed to me to preclude the possibility of allowing bail in this case, and I would note that, although the peculiar border conditions did not exist in Bombay, the Chief Presidency Magistrate subsequently took a similar view and refused bail. I would also note that after the Khan's arrest applications for bail were duly submitted to my Court and to that of the Sessions Judge and were, after full consideration, disallowed. My reasons for disallowing bail were fully recorded in my orders of the 27th and 28th December.

7. Exception has been taken to the fact that I did not record the Khan's statement immediately after his arrest. When he was brought to my house on the evening of the 20th December I happened to be out, and after full consideration I did not think it desirable to subject him to the indignity of being brought to my Court the following day, unless it should appear that his statement would materially affect the case. To ascertain whether this could possibly be so, I deputed the Superintendent of Police to go to the jail and there record the Khan's statement. This statement, as recorded on the 22nd December by Mr. Tomkins, Assistant Superintendent of Police, showed that the Khan merely denied all connection with the matter. I, therefore, saw no object in subjecting him to further examination, and a few days later when I asked his Counsel, Mr. Grey, if he would like me to do so, he replied that this was unnecessary. As regards the Khan's treatment in jail, I would call attention to the statement by Captain Thorburn, I.M.S., then Superintendent of the Peshawar jail, which is on the file. It will be seen from this that the Khan was accorded most exceptional treatment, and given every comfort and facility for seeing his friends which was compatible with jail decipline. I issued very careful instructions to the Superintendent of the

Jail on the subject, and saw him several times to ensure that these instructions were carried out.

8. As regards the minor point of the telegrams from the Khan to His Majesty the King, the Viceroy, etc., which were sent to me by the Telegraph Department for orders as to whether they should issue or not, I replied immediately that they should issue. If there was any irregularity in the matter I was not concerned in it, but I should mention that the Khan's son, Lieutenant Muhammad Akbar Khan, came to see me the next day and explained that he strongly disapproved of the telegrams and had himself withdrawn them. Whether this was so or not I cannot say, but I assured him that I had no objection whatever to his issuing any telegrams he liked to any authority he liked, on the subject of his father's arrest, which was in accordance with the law.

9. Finally, I would note that the action taken by me was taken entirely upon my own responsibility as District Magistrate and without consultation with higher authority; that I acted *bonâ fide* and without the smallest prejudice. Indeed, it was a painful duty to me to have to order the arrest of a man of high standing in my district whom I had known for many years, but one which, in the circumstances, appeared to me imperative.

SIMLA;
The 19th June 1912.

A. H. GRANT,
Deputy Secretary to the Government of India in the Foreign Department (late District Magistrate, Peshawar).

ENCLOSURE No. 10.

Statement of Mr. N. S. Woodhouse, Assistant Superintendent of Police.

On 20th December 1911 I received a warrant issued by Deputy Commissioner, Peshawar for the arrest of Khwaja Muhammad Khan of Hoti under section 366, Indian Penal Code, to the Superintendent of Police, Peshawar, and by him endorsed to me. The warrant was non-bailable. I took it with me to the house of Khwaja Muhammad Khan and told his servants I wanted to see him. They said he was ill, but when I said my business was urgent they told him, and in a few minutes I was admitted to his room where he was lying in bed.

I told him that I had the unpleasant task to perform of arresting him and conveying him to the Deputy Commissioner, and produced the warrant. He at first replied that he was too ill to go but when I told him that if the Civil Surgeon, whom I should have to summon to examine him, certified him to be too ill to go to Peshawar, I should have to put a police guard on his house, he said that he thought he would rather go to Peshawar with me. I then said I had a tonga with me, but that if he had a phæton and he liked to use it we would drive to the station in that. As he had no phæton we drove in my tonga, his own dogcart followed with some servants and luggage.

We travelled to Peshawar in a first class carriage, Khwaja Muhammad Khan speaking about the case from time to time. On arrival at Peshawar Cantonment Station we were met by Superintendent of Police, Peshawar, who had a 1st class phæton waiting for us. I drove off with Khwaja Muhammad Khan to the Deputy Commissioner's bungalow, where written orders were handed to me to the effect that Khwaja Muhammad Khan should be placed in the jail. We accordingly drove to the jail where he was handed over to the jailor.

From the moment of his arrest to the time of his entering the jail, there was no mention or thought of the use of handcuffs, and I treated Khawaja Muhammad Khan with all the courtesy and consideration possible.

N. S. WOODHOUSE,
Assistant Superintendent of Police.

Dated the 24th April 1912.

ENCLOSURE No. 11.

Statement by Captain H. Hay Thorburn. I. M. S., Civil Surgeon, Wana, dated the 23rd April 1912.

1. I have the honour to forward herewith a statement of the treatment accorded to Khwaja Muhammad Khan during his incarceration in Peshawar jail, of which I was in charge at the time.

2. I was Superintendent of Peshawar jail when Khwaja Muhammad Khan was admitted as an under-trial prisoner. Instead of putting him in the *hawalat* with the rest of the under-trial prisoners he was put alone in a separate ward in the jail hospital. He made certain requests, and I personally went to the Deputy Commissioner to find out what concessions, if any, I was authorized to make.

The points that were discussed were as as follows :—

(*i*) What interviews with friends were to be permitted, as the jail rule is to the effect that under-trial prisoners are allowed two interviews weekly for a quarter of an hour each for two friends, in the presence of a jailor or assistant jailor. The Deputy Commissioner directed that he should be allowed an interview daily for one hour for four friends, provided it did not interfere with the jail administration.

(*ii*) He had asked for his private servant but, owing to difficulties in allowing this, I suggested that he should be allowed to choose any prisoner in the jail who would be told off to work for him. This was agreed to.

(*iii*) The jail rule is that under-trial prisoners are not allowed to have food supplied to them by their friends. Was this to be insisted on in his case? and, if so, was he to be allowed to order what he liked? He had demanded an absurdly large amount of meat, cream, etc., more than one man could eat, which would have been most injurious to him as he was suffering from gout. It was arranged that he should tell his own cook to prepare what food he wanted outside the jail and that it should be brought in to him. Also that he could get soda water, etc., as he wanted.

(*iv*) He asked for certain articles of furniture, bed, commode, fire, etc., which were allowed.

He had an attack of acute gout while in jail, so I examined him daily and prescribed for him and directed him about his diet. His general attitude was troublesome, and he refused to take the medicine prescribed for him and his food. He also made complaints about the watchmen calling to each other at night.

I explained to him that, while giving him as much law as possible, he could not be allowed to interfere with the jail administration, and I further explained that if he continued to give trouble by refusing to take his medicine and food, his interviews would be stopped, as I was afraid his health would suffer if he continued the obstinate course he had adopted.

This course had to be adopted for a day or two until he took a more reasonable point of view.

THE KING EMPEROR

versus

KHAN BAHADUR KHWAJA MUHAMMAD KHAN.

PETITION UNDER SECTION 498, CRIMINAL PROCEDURE CODE.

Sheweth :—

1. That your petitioner was on the 20th December 1911 arrested on a warrant issued by the District Magistrate of Peshawar on a charge under sections 109 and 366.

2. That your petitioner has never been brought before a Magistrate, nor has any evidence, so far as he is aware, been recorded before the District Magistrate or any other Magistrate of the Province.

3. That petitioner is informed that the warrant of arrest was based upon a statement made to the Bombay Police which has been shown to his Counsel.

4. That petitioner is further informed that a question has arisen as to whether proceedings are to be taken against him and other persons in Peshawar or in Bombay and that the delay in placing him before a Magistrate is due the consideration of this question.

5. That petitioner submits that his arrest and detention under these circumstances is illegal and unreasonable, and prays that he may be released on bail at all events until such time as some evidence has been recorded by a court of competent jurisdiction justifying the belief that he has committed any offence.

6. Your petitioner's position in Hoti is well known. He is an old man, suffering severly from gout and his health is likely to be impaired by confinement.

JUDICIAL DEPARTMENT.

CRIMINAL REVISION NO. OF 1911.

Date of hearing December 27th, 1911.

Application by Mr. Arthur Grey, Barrister-at-Law, C.I.E., and by M. Saaduddin, Pleader.

Ex parte application.

READ—Application of this date, attached by Mr. Arthur Grey, for the applicant, Khwaja Muhammad Khan, Khan of Hoti, for the release of the applicant on bail.

Noted that an application for bail has been made to and refused by the District Magistrate, and, as is understood by learned Counsel for the applicant, to the Sessions Judge, Peshawar, also.

Noted also that learned Counsel represents that owing to the closing of the District Courts during the Christmas vacation he has not been able to obtain copies of the warrant or evidence or statements against the applicant. Mr. Grey has however seen these papers in the District Magistrate's office, by the courtesy of the District Magistrate.

Noted also that counsel for the applicant states that the applicant is willing to give bail in any sum considered reasonable by the court.

Ordered under section 498 of the Code of Criminal Procedure.

That the record be sent to this court by the District Magistrate of Peshawar at his earliest convenience. The application will be taken into consideration by this court as soon as the record is received, when the District Magistrate should arrange that the Crown be represented if it is considered desirable that the application should be opposed. As Mr. Grey states that he is compelled to leave Peshawar to-night, this court will be obliged if the action directed can be taken this day, if this be possible. This court notes the contents of the second paragraph of the application before it to the effect that the applicant has not yet been produced before a Magistrate although he was arrested on December 20, 1911.

(Sd.) A. L. P. TUCKER,

Judicial Commissioner.

The 27th December 1911.

A copy of the foregoing proceeding, with the application, in original, to be returned, is forwarded to the District Magistrate, Peshawar, for favour of very early action.

(Sd.) A. L. P. TUCKER,

27th December 1911. *Judicial Commissioner.*

I have seen the District Magistrate regarding these proceedings.

I learn that the application for bail will be opposed; that time is required for the instruction of Counsel· that the applicant will be placed before a Magistrate having jurisdiction to-morrow. In these circumstances I suspend my order calling for the record of the case. The application can be renewed when the proceedings are more complete.

(Sd.) A. L. P. TUCKER,

27th December 1911. *Judicial Commissioner.*

Mr. Arthur Grey, Barister-at-law
Mr. Saaduddin, Pleader } for applicant.

READ—Order by the District Magistrate, Peshwar, dated December 27, 1911.

Proceedings in the court of the Sub-Divisional Magistrate of Mardan of the 28th idem.

Order by the District Magistrate of the same date.

Copy of statement attached to the first mentioned order.

Ordered under section 498 of the Code of Criminal Procedure that the applicant, Khwaja Muhammad Khan, of Hoti, Khan Bahadur, be admitted to bail on his own bond for rupees fifteen thousand, with one surety for the same amount, to appear when called upon to answer the charge, before the court of the Sub-Divisional Magistrate. Mardan, or any other court by which cognizance may be lawfully taken of the case against him.

As to the order under section 185 which I have been moved to issue, learned Counsel for the applicant not objecting, I cannot take action at present. When copies of the Magisterial proceedings and evidence recorded in Bombay are available, this court should be applied to again. No doubt it may be an advantage if there be only one trial, more particularly if the co-accused King and Mrs. King should be European British subjects. But at the present stage the information before me is not sufficient to justify the issue of the order. The Sub-Divisional Magistrate of Mardan, before whom the case is now pending, should issue remand orders from time to time, as may be necessary, until the question of jurisdiction is settled.

(Sd) A. L. P. TUCKER,

28th December 1911. *Judicial Commissioner.*

A copy of the foregoing order is forwarded for information and necessary action to the District Magistrate, Peshawar. The record is returned, the original bail application to this court and the copy of the statement of Miss E. Swannell being retained.

A copy of the order is forwarded for information to M. Saaduddin Pleader, for applicant.

(Sd.) A. L. P. TUCKER,

29th December 1911. *Judicial Commissioner.*

ENCLOSURE No. 13.

No. 83, dated the 1st March 1912.

From—The Revenue Secretary to Government, Punjab,
To—The Chief Secretary to the Government of Bombay.

I AM desired by the Lieutenant-Governor to address you, with a view to the correction of certain statements of fact made recently in the Bombay

High Court with reference to the conduct of the Rawalpindi Police in connection with the case against the Khan of Hoti Mardan and others for abducting two girls from Bombay.

2. It will be seen from the copy of the telegram dated the 9th October 1911, from the Bombay Criminal Investigation Department to the Superintendent of Police, Rawalpindi, that the Bombay Police alleged that the two girls had been taken from the Foundling Home at Mazagaon, ostensibly to attend on the Rani of Hoti Mardan, but that it appeared from letters received that there was no Rani and that the girls had been taken away for immoral purposes. The Sister Superior expressed a wish that the girls might be interviewed. It was possible that they were being kept under restraint. If willing, they should be returned to Bombay.

3. On this information the Superintendent of Police, Rawalpindi, thinking it probable on the information received, that the girls were actually being kept under restraint, very properly obtained a search warrant from the District Magistrate under section 100, Criminal Procedure Code, and interviewed the two girls. The girls stated that they had, on one or two occasions, asked for the Rani but had not yet seen her, whereupon the Superintendent of Police informed them of the statement in the telegram from the Bombay Police to the effect that there was no Rani. The girls were then placed in a hotel under a police guard, to prevent their being molested, and the Bombay Criminal Investigation Department were informed of the facts.

From the telegram from the Bombay Criminal Investigation Department, dated the 11th October, it then appears that the Superintendent of Police was requested to entrain the girls for Bombay, the Railway Police being made responsible for their safe custody. The Superintendent of Police, Rawalpindi, complied with this request and his connection with the case ends here.

4. It will thus be seen that the action of the Superintendent of Police, Rawalpindi, was throughout correct. The Superintendent of Police merely complied with the wishes of the Bombay Police, and was thanked by them for the prompt action which he took in the matter.

5. The remarks made by the Hon'ble Mr. Justice Davar and by the Advocate General in the course of the trial, appear to Sir Louis Dane to have put an entirely different construction on the action of the Rawalpindi Police. It was not correct to say that the girls were arrested. The Railway Police were merely directed, at the request of the Bombay Criminal Investigation Department, to see them safely on their way. Nor was any complaint made by the Rawalpindi Police, who merely reported the circumstances of the discovery of the girls and repeated to them the allegations of the Bombay Police.

The Rawalpindi Police had nothing whatever to do with the sending of the Khan of Hoti Mardan to Bombay. His Honour further considers that it is a grave injustice to the Superintendent of the Rawalpindi Police, to say that he induced the girls to leave Rawalpindi by a statement which is proved and is admitted to be incorrect. The Superintendent of Police merely repeated the allegation of the Bombay Police that from letters received by them it appeared that there was no such lady as the Rani. If this allegation was incorrect, the fault surely lay with the Bombay Police who had made it.

6. I am now to request that, if His Excellency the Governor sees no objection, the Advocate General may be moved to mention the matter in the High Court with a view to the correction of what His Honour can only regard as a wrong presentation of the facts of case. His Honour considers that a public declaration of this nature in open court is the best of amends to meet the case. If this is not possible a communiqué by the Bombay Government, if His Excellency approves, might be sufficient.

ENCLOSURE No. 14.

Statement of Khwaia Muhammad Khan of Hoti, made before the Superintendent of Police, Peshawar, on 22nd December 1911.

I was informed at the "Id-ul-Zuha" fair that there were two European girls with Mr. King, my motor driver, and that they had come the night before. I sent for Mr. King and asked him who the girls were and why they

had come. He said that the girls were related to him and had been called by him to look after his children. I told him to send them back because the bazar was not a good place for them to live. I also told him to send off his wife somewhere else. He said that he would send them that evening. On the same night I heard that they had left. On cross-examination :—I did not know about the arrival of the girls. I went to the railway station to receive Rai Ram Chand, who had to come to Mardan that night. At the railway station I received a wire from Rai Ram Chand that he would not come. The wire was first sent to my house for delivery and was brought to me at the railway station. I then returned home. The train had not then come. I was not present at the station at the arrival of the train. Two or three days after this I heard that there were two girls with Mr. King. King gets Rs. 150 per mensem and free food and lodging from me. In the days of Durbar when I was at Delhi, some police officer came and enquired about King. The policeman had a wire with him for the arrest of King and his wife, but but they were not arrested. I had informed King that the police were searching for him. I thought it was a matter about an assault on the two girls, but King told me that he had got letters from the girls (some there and some at home) asking him to send for them again. I have stated all that I remember. No money is due to King from me. He had long intended leaving my service and going over to some other Nawab. Bawa Prem Singh told me about this.

THE KHAN OF HOTI AND THE PESHAWAR ISLAMIA COLLEGE.

Translation of a letter, dated 5th April 1911, from Sirdar Mir Alam Khan Sahib, E.A.C., Peshawar, and Moulvi Ghulam Hassan Khan, Sub-Registrar and Honorary Magistrate, Peshawar, Members of the Deputation for collecting funds for the proposed Islamia College, Peshawar.

To Khan Bahadur Khwaja Muhammad Khan of Hoti.

RESPECTED SIR—Greetings! Mr. Ghulam Samdani Khan came here to-day and related the facts. He will deliver to you personally message about the matter known to you already.

Sirdar Mir Alam Khan and myself have given due consideration to the present state of affairs and have devised a plan for your benefit. First of all, we assure you that there is no other motive but that your reputation may be enhanced, and that the misunderstandings and the dark clouds which are hanging over your honour and position may be removed. The uppermost idea in the mind of the Chief Commissioner at present is that some one may come forward to help him in establishing the Islamia College and there are good many things about it which cannot be described at present. But this much is certain, that if any respectable and wealthy gentleman may come forward to give him his hearty support in this cause there is not a shadow of doubt that the Chief Commissioner will try his level best to raise the dignity and position of that gentleman. Although we know it very well that you are personally against the scheme of establishing this College, yet you should act in subjection to the present circumstances, keeping aside all your personal feelings at present.

Very little of your life is left and if in your lifetime you spend somethnig by your own hand out of what God has granted you, in a cause by which your good name may remain behind you, it would be better than if your property falls to those hands whom you do not wish to spare a single pie at present. And if portion of your riches is spent by you in deeds of charity, it would affect you very little. Otherwise your accumulated wealth cannot be used to any noble purpose which may be the cause of your real happiness. If having made up your mind you send a letter to the Chief Commissioner promising therein that you would pay the cost of the plot of land required for the College premises, out of your own pocket, this would be the best prescription to remove many suspicions existing about your

person. This act on your part will not only be advantageous to you, but even your descendants will continue to be benefitted to a great extent. Good many wise and far-sighted gentlemen are spending lots of money in this manner, and though the sum which you shall have to spend will be nothing in comparison with your status and position, but as you will be the first man in the province to come forward for this call, therefore, your rank and position will be far preferable to that of the gentlemen who will only follow your suit. You may also bear in mind that though people know very little about this at present, many of them would be coming forward with such requests ultimately. In our opinion this will be the best chance for you. If you agree with us in the matter then please write to the Commissioner directly on the subject, losing no time and inform us only about your wish.

(Sd.) MIR ALAM KHAN, GHULAM HASSAN.

BEHIND THE SCENES IN THE CASE AGAINST THE CHIEF OF HOTI.

So far we have dealt with the proceedings in the Court of the District Magistrate of Peshawar, and we have seen the kind of law and procedure that is to be found in the Frontier Province. But the interest displaying in this case by the administration was quite exceptional. The Khan was admitted to bail by the Judicial Commissioner of the Frontier Province and he proceeded to Bombay to meet the charge which was not prepared until after his arrival there. As soon, however, as the case came up before the Chief Presidency Magistrate of Bombay the Khan came under the jurisdiction of that Court, and all connection between him and the Frontier Province Administration ceased. The warrant issued by the District Magistrate, Peshawar, became inoperative and mere waste paper and the Khan ceased to be answerable to the Courts of the Frontier Province. Instead of realising this and letting the Khan alone the Administration sent down three police officers, one Assistant Superintendent and two Inspectors, to Bombay to help the prosecution. It is impossible to conjecture what help these officers could have given. The charge was abduction and abetment of abduction, and the offence was alleged to have been committed in Bombay. It was not denied that the girls had gone to Mardan. What evidence could these Frontier police officers give, and how would their evidence be relevant? It was sheer waste of public money and displayed quite an extraordinary and unaccountable zeal in a case with which that Administration had no concern. At Peshawar no lawyer would take up the Khan's case, and he had to take Counsel from Lahore. The Khan was rightly anxious that the case should be tried at Bombay. When the case did come up in Bombay the Frontier police had nothing further to do with the case. In the Frontier Province there is not such an array of police force even in cases of murder, which are quite common, but in a case of abduction which had taken place at Bombay and with which the Bombay police were quite competent to deal, no less than three police officers including a European officer were sent down to watch and help the proceedings.

We have referred to the zeal displayed in this case as extraordinary and unaccountable. Extraordinary it certainly was but not accountable, for it seems that the authorities of the Frontier Province had not a good opinion of the Khan. On the 17th February the *Indian Daily News* wrote:—'The Muhammadan community all over India has been watching the Hoti-Mardan case with intense anxiety because it was pretty generally known to them that it was a false charge, and the failure of the Khan to subscribe to the Islamia College, Peshawar, had a good deal to do with it.' It should be mentioned here that the Khan had been acquitted by the Bombay High Court on the 15th February. What are the facts about this Islamia College business? It is a known fact that Sir George Roos Keppel, the Chief Commissioner of the Frontier Province, is very keen about the establishment of this College and his object is very laudable. For reasons into which we need not inquire, the Khan of Hoti holds a different view on this subject and he has not subscribed to the funds of the College. *In April 1911 the Khan received a letter inviting him to subscribe to the College. The letter bears no date but the postal marks on the cover are April 5, Peshawar, and April 6,*

Hoti. It is signed by Mir Alam Khan, Extra Assistant Commissioner and Revenue Officer, Peshawar, and Moulvi Ghulam Hassan Khan, Sub-Registrar and Honorary Magistrate, Peshawar. The letter is in Urdu and a rough translation will be found in another place. In this letter it is distinctly hinted that the Khan is under a cloud and that this cloud will be removed if he subscribes to the College. Of course there is no suggestion that there is any connection between this matter and this case, but the Khan knew and others knew that he was not in favour with the authorities.

It must be remembered that, so far as we are concerned, it is quite immaterial whether the Khan, is a rich or a poor man. All men are equal in the eyes of the law and the grievances of every man are entitled to ventilation, if they are of the nature of a public grievance. If therefore we mention the social or personal position of the Khan, it is not with the intention of investing him with an undue importance. But we think that every humane person will be disposed to sympathise with an old man of seventy, almost infirm and suffering from an incurable disease, who is thus harassed without cause and put to heavy expense to defend himself. A man of seventy is nearly at the end of his life, and it is not unreasonable to inquire what kind of character he has borne throughout his career. The Khan was never accused of any offence in his life, he belongs to one of the highest families in his district, he has taken measures to ensure the safety of his numerous tenants, Hindu and Muhammadan, and he holds the highest testimonials from numerous officials. He got a certificate from the Viceroy on the 1st January 1877, in recognition of his valuable services in political matters connected with the people of Swat. Sir Lewis Pelley acknowledged his assistance when he was conferring with the Envoy from Kabul in the same year. Every Commissioner and Assistant Commissioner gave him high credentials. Lieutenant A. H. MacMahon, now Sir Henry McMahon, Foreign Secretary to the Government of India, wrote in the highest terms of the Khan. He said :—'I look upon Khwaja Muhammed as a personal friend, and hope to hear nothing but good of him.' He was made a Khan Bahadur and an Honorary Magistrate. He received complimentary and congratulatory letters from Sir Mackworth Young, Sir Louis Dane (then Chief Secretary to the Punjab Government), and officials of the Frontier Province. He presented a number of horses to Lumsden's Horse when the troop went to South Africa for the Boer War.

How does it then happen that he lost all this favour? To this only one answer can be found, though it is a most startling answer. In 1901 Major G. Roos-Keppel, Political Officer, Khyber Pass, brought out a book called *A Manual of Pushtu*. Major Roos-Keppel is now Sir George Roos-Keppel. In this book there are lessons on colloquial Pushtu with English translations enabling the learner to sustain a conversation in Pushtu. To give a local colour, local subjects are introduced. And one of the persons mentioned in the course of the different conversations is unmistakably the Khan of Hoti. A little introductory explanation is necessary. The Khan of Hoti is not on good terms with Khan Bahadur Ibrahim Khan, another landholder in Mardan. This was known even to Sir Henry McMahon who, in the course of the letter already quoted, wrote :—"The unfortunate faction between him and Ibrahim Khan, Khan Bahadur, still exists, but I am happy to say I was not troubled by it in any way during my time at Mardan, and factional feelings, owing to the admirable self-control of Khwaja Mahomed Khan, have not been allowed to work up again." Now, in this Pushtu Manual (pages 202 and 302) there is high praise of Ibrahim Khan in the fragmentary colloquial sentences. Immediately below them comes the following :—"That fat man is the Khan's enemy. He has bribed all the police and Tahsil officials, who make up cases against the Khan." The Khan of Hoti is a stout man and the reference here is to him. But there are other sentences which do not admit of any doubt or equivocation. On page 213 is the following :—"Whose house is that? It is Khwaja's house, where his father fed guests. He would never give a piece of bread to any one. All the people dislike him very much. He is stout and a miser." Only one man in the Frontier Province is known as Khwaja, and that is Khwaja Muhammad Khan of Hoti. But the identity becomes clear and more unmistakable as we proceed to other passages. On page 217 occur the following passages :—"Who is that fat man? He is the Khan of Hoti. He is owner of ten thousand jaribs of irrigated and fifteen thousand of unirrigated land.....His village is situated on the left bank of the stream. He has two water-mills, two mosques, and three guest-houses. But no one gets any food

out of him." Finally, on page 231 :—"Who is that stout Khan? He comes from the Mardan Tahsil. His cultivators call him a great tyrant." The Khan himself knew nothing of these passages until the book was put in his hands by a European in Bombay while the trial was going on.

Here again of course there is no connection between the book and the case, but it is not difficult to imagine what an amount of prejudice the foregoing passages must have created against the Khan. Every officer in the Province has to read this book, and every officer must be beliving what is set down against the Khan of Hoti. Sir George Roos-Keppel did not even know the Khan when the book was written. And of course he is safe from the law of libel in his own Province. But the effect that these passages have produced is that the Khan has advertised his property for sale, and has decided to leave the home of his ancestors and pass the few years of life left to him in peace somewhere in the Punjab.

ENCLOSURE No. 16.

Extract from a letter from the Secretary to the Government of India, Home Department, to the Honourable the Chief Commissioner and Agent to the Governor-General, North-West Frontier Province, No. 662, dated 22nd April 1912.

I am directed to forward a copy of three questions in Parliament on the subject of the abduction charge against Khwaja Muhammad Khan of Hoti-Mardan.

ENCLOSURE No. 17.

No. 337-P., dated Peshawar, the 2nd May 1912.

From—The HONOURABLE LIEUTENANT-COLONEL SIR GEORGE ROOS-KEPPEL, K.C.I.E., Chief Commissioner, North-West Frontier Province.

To—V. DAWSON, ESQ., Under-Secretary to the Government of India, Home Department.

I have the honour, with reference to your letter No. 662 of the 22nd April, in which you ask for a report on the subject of the questions asked by Mr. MacCallum Scott in the House of Commons, to state that the charges raised by him appear to be—

(1) that Khan Bahadur Khwaja Muhammad Khan of Hoti was arrested and imprisoned without sufficient cause, that he was subjected to many indignities and that the procedure in the case was irregular and arbitrary;

(2) that a letter was sent to Khwaja Muhammad Khan on the 5th of April 1911 by a Government servant and an Honorary Magistrate, asking him with menaces in the name of the Chief Commissioner to subscribe to a fund for the proposed Islamia College at Peshawar; also that Khwaja Muhammad Khan refused to subscribe to the scheme, and that shortly afterwards he was arrested, etc.;

(3) that I had written a book called the "Manual of Pushtu" in which I made offensive personal allusions to Khwaja Muhammad Khan.

2. I have, I think, completely disposed of questions (1) and (3) in my letter No. 317-P of 25th April 1912, to the Secretary to the Government of India in the Home Department. There remains, therefore, only the question of the letter of Messrs. Mir Alam Khan and Maulvi Ghulam Hassan to the Khan.

My first information that such a letter had ever been written was derived from the Press and, when I saw in the English papers the questions asked by Mr. MacCallum Scott, I directed the Deputy Commissioner of Peshawar to call upon the two gentlemen who were supposed to have written the letter for an explanation, which I have now received and forward herewith. I also attach a copy* of *The Tribune* giving what purports to be a translation of the letter in question.

* Enclosure No. 15.

You will notice that the article in *The Tribune*, which is headed "The Khan of Hoti and the Peshawar Islamia College," begins with the words :—

> "Translation of a letter, *dated the 5th of April 1911*, from Sirdar Mir Alam Khan Sahib, Extra Assistant Commissioner, Peshawar, and Maulvi Ghulam Hassan Khan, Sub-Registrar and Honorary Magistrate, Peshawar, members of the deputation for collecting funds for the proposed Islamia College, Peshawar, to Khan Bahadur Muhammad Khan of Hoti."

Although, in a leading article in the same newspaper on the subject of this letter, the words occur :—

> "The letter bears no date, but the postal marks on the cover are April 5th, Peshawar, and April 6th, Hoti."

3. It now appears that the letter in question was written in the spring of 1910, and not in 1911, and that either the date has been erased or suppressed in order to suggest that the letter is connected with the recent case of King-Emperor *versus* Khan Bahadur Khwaja Muhammad Khan, or else that the letter was really undated, which is possible, though not probable. The statements of the two signatories are corroborated by my own enquiries and by the sequence of events. Khwaja Muhammad Khan's possession of an envelope bearing a date of last year is accounted for by the fact that he was then in active correspondence with Maulvi Ghulam Hassan in the latter's capacity as a priest, on the subject of the marriage of one of his relatives. After careful enquiries I have no hesitation in accepting the statement of the writers that this letter was written in 1910.

4. It has been assumed throughout this correspondence that the inception of the Islamia College, Peshawar, was due to me, and I should be glad indeed could I claim the credit. This is, however, entirely due to the generosity, racial patriotism and public sprit of a small band of gentlemen of position, leaders of the Muslim community of this Province, who approached me in 1909 with a suggestion that something should be done to bring the education of Muslim boys of the frontier into line with that of other great communities in India. I received their suggestion with pleasure and assured them that I would encourage them in this good work in the same way as I have always encouraged education, whether conducted by Missionaries, Muhammadans, Hindus, Sikhs or by the Arya Samaj. I pointed out, however, that their proposals were very nebulous and that, before I could make any recommendation to the Government of India on their behalf, they must show, by preparing a definite scheme and by raising subscriptions, that they were really in earnest. At this stage I left for England in November 1909, after commending the cause of education in general and of this great project in particular to my successor, who I knew would sympathize with anything tending to increase the prosperity—material and moral—of the people.

In the spring of 1910 my successor received a deputation from the promoters of the Islamia College. He discussed the matter with them and answered them much in the same terms as I had, that is to say, he informed them that he could do little or nothing to help them until they had gone beyond the stage of discussion and could show something definite, either in the shape of land for a site or of subscriptions, as earnest of their desire to help themselves. I may add that Khwaja Muhammad Khan was a member of this deputation.

5. At that time no rules were in existence forbidding Government servants to collect subscriptions for philanthropic institutions ; indeed, it had been quite common throughout India for even the highest officials to head such appeals. Maulvi Ghulam Hassan, who, I may remark, is not a Government servant, though he draws a small stipend as registrar, was a personal friend of Khwaja Muhammad Khan and was in constant correspondence with him through Ghulam Samdani Khan, the Khan's agent, on the subject of the marriage to which the first paragraph of the letter refers. I do not doubt that he wrote the letter in good faith and with the view of benefiting Khwaja Muhammad Khan in the eyes of the public and of the authorities. Sirdar Mir Alam Khan happened to be in Peshawar at the same time and, being a great personal friend of his, also signed the letter to strengthen his persuasions.

6. After my return from England on the 30th October 1910, I was repeatedly visited by deputations regarding the college and their proposals showed signs of taking defin te shape. It was not until April 1911 that a committee was formed to collect subscriptions and, although the scheme had no official origin or "imprimatur," I was careful to warn the committee to do nothing which could suggest to the people any kind of official pressure. In fact I foresaw and explained to the committee that any connection of Government with the scheme would doom it to failure, as this would arouse the ever ready suspicions of the priestly class, who always suspect Government of some ulterior motive. This the committee fully understood and they agreed that their first care should be to obtain the support of the Mullahs, as without it their scheme could not succeed. In this and in the collection of subscriptions they were extraordinarily successful. The committee sent deputations to different parts of the Frontier Province to collect subscriptions and in each place the Mullahs were at the head of the movement, a clear proof, if any were needed, that the local authorities had nothing to say to it. Only about two-thirds of the province has yet been visited, and amongst the remaining third is the subdivision of Yusufzai, in which is situated the home of Khwaja Muhammad Khan. Thus by a curious accident he has yet had no opportunity of refusing to subscribe towards the fund, of which he was one of the initiators, nor has he been addressed by any member of the committee since its formation. He did not reply to the letter sent him by Maulvi Ghulam Hassan and Mir Alam Khan two years ago.

7. There are in existence in this province, according to the closing statement of March 1912, 273 Government schools and 70 private schools and colleges, the latter of which are managed by committees and collect subscriptions. Of these, in a province which is 94 per cent Muhammadan, thirty-three Muhammadan schools receive in all Rs. 4,271 per annum as grants-in-aid from Government, while ten Hindu schools receive Rs. 8,377, two Arya Samaj schools Rs. 824, eight Sikh schools Rs. 453 and eight Christian Mission schools Rs. 17,313. So I do not think that it can be said that the cause of Muhammadan education has hitherto been unduly favoured.

I have the honour to request that the enclosures to this letter may be returned to me or may be carefully preserved as I have no duplicates.

We most respectfully beg to submit—

(1) So far as we can remember we did write some letter to Khan Bahadur Khwaja Muhammad Khan, in which we made a mention about the Islamia College.

(2) We did not keep any copy, and unfortunately none can be produced.

(3) We have seen a version of this letter in *The Tribune* of Lahore, and in *The Advocate* of Mian Wali, and we are afraid that the letter as reproduced there has been misrepresented to a great extent.

(4) We will at once admit that we have never had any authority or even suggestion from the Honourable the Chief Commissioner or any person in position to use his name in any way in connection with Islamia College.

(5) So far as we can recall this matter to our memory, the real facts are somewhat as follows :—

That immediately after Mr. Merk had taken over charge of the Chief Commissionership of this Province, a deputation of the Moslem community had the honour to wait upon, and it was submitted to him that the community of the Province proposed to establish a college in Peshawar and earnestly looked for some encouragement and sympathy from the benign Government.

Mr. Merk received this proposal with the utmost sympathy and promised every help that was in his power legitimately to give.

After some proceedings in the matter, he directed the members of the deputation to select some suitable site for the proposed college. There were at that time three sites available, one being at Nowshera, which was being offered free of cost by Khan Bahadur Mian Rahim Shah, but after inspecting all these spots they were all considered to be unsuitable for one reason or other, and Mr. Merk was informed about this matter accordingly. On this occasion, he made certain remarks from which we gathered that if any liberal-minded member of the community came forward with an offer of either gifting a suitable site or paying for its cost, he would be very much pleased to hear it, as then there would be something tangible to go upon.

It would be observed that in those days the only question exercising the minds of the community was the finding of a suitable site and its cost. No attempt at collecting subscriptions was then in contemplation as the scheme had hardly assumed any definite shape.

While writing to the Khan about his private affairs we made mention about the college under the above circumstances and at the time the securing of a site being the uppermost thing in the mind of every true Muhammadan.

We understand from the newspaper reports that the letter itself is undated, but that the cover is said to bear Post Office marks of 5th and 6th April 1911. To the best of our memory this letter or a letter to this effect was not written in the year 1911; on the other hand, so far as we can recollect, it was written in the earlier part of 1910. What seems to have been done by Khan Bahadur Khwaja Muhammad Khan is this:

He wanted to arrange for the second marriage of his son in Peshawar, and to that purpose there was a correspondence between him and one of us (Muhammad Ghulam Hassan) which continued up to probably the middle of 1911. Most probably, in order to work out his purpose, he has picked up an envelope out of this correspondence and connected it with the letter in question.

6. It is generally known among officials, and there is a universal impression among the community of this district, that Khan Bahadur Khwaja Muhammad Khan is opposed to their religion, moral and social progress, even though he nominally belongs to it. Though we cannot remember exactly what were the words used by us, yet from the version of the letter given in the papers, we see that words like "tariki" (ignorance) and "badgomani" (wrong impression) are said to have been used by us. The second and succeeding paragraphs if carefully read would clearly show that we were trying to explain to him the position of the community according to the circumstances of the time, and that there were many wrong impressions about him as to his good will towards Moslems.

In other words what we meant to say was this; that by this benevolent act of his all those false rumours about his faith and ideas about communal matters would be dispelled. We never threatened him.

Though Khan Bahadur Khwaja Muhammad Khan was himself a member of one of the deputation which waited upon the Honourable the Chief Commissioner (Mr. Merk), yet he in his private conversation expressed ideas from which we gathered that he was not very much in favour of the scheme, and this is one of the facts noted in the letter.

(7) This being a work of public utility, any gentleman showing liberality in such like scheme would be sure of his publicspiritedness being recognised by the Government, as we have already noted above that Mr. Merk was in complete sympathy with this scheme. Thus when we used the words if we used them at all, that if he would accept our proposal the Chief Commissioner would no doubt try to raise his position, we simply expressed our belief in the consequences of his generosity and the way in which it was sure to be received by the authorities. It had certainly never been our idea to impress upon him that we were speaking with any authority. We made this suggestion simply as members of the community and residents of this province; and above all as well-wishers of the scheme on the one hand and as his intimate and confident friends on the other.

(8) As Mr. Merk suggested that he would be glad to hear if some one among us would come forward with the offer of a site or defraying the cost of a site (and from Khan, considering where his estate was situated we could not ask for a site), we thought that in case the Khan agreed with us, it would shorten everything and would directly inform the Chief Commissioner about it, and this is what the concluding portion of the letter means.

(9) We need say nothing about the first paragraph of the letter, as it relates to an entirely different matter, viz., the proposed marriage of his son.

ENCLOSURE NO. 18.

Extract from a letter from the Honourable the Agent to the Governor-General and Chief Commissioner, North-West Frontier Province, to the Secretary to the Government of India, No. 317-P.,—Confidential, dated the 25th April 1912.

The book called the "Manual of Pushtu" written by me in 1900 and published in 1901, of which I forward a copy herewith, consists of three

parts, of which Part III consists of the whole of the papers of colloquial sentences set in the Higher Standard Pushtu Examination of the previous fifteen years, rendered into idiomatic Pushtu (*vide* page vii of the introduction) for the publication of which I explicitly acknowledged my obligation to the Punjab Government (*vide* page ix of the introduction). Of the passages referred to paragraphs 5 and 6 on pages 187 and 188 were published in the Examination paper for the Higher Standard Pushtu for April 1888. Paragraph 12 on page 203 was published in October 1889; paragraphs 2 and 3 on pages 211-12 and paragraph 8 on page 213 were published in the Examination Paper of October 1890; paragraphs 3, 4 and 5 on page 217 were published in the Examination Paper of April 1891; paragraph 6 on page 231 was published in the Examination Paper of October 1892.

I entered the Army as a Lieutenant in the Royal Scots Fusiliers in 1886, and at the time the abovementioned examination papers were set I was serving with that regiment and could of course have had no connection with the setting of the papers. In 1901 when I published my book I had recently been appointed Political Agent in the Khyber. All the examination papers are full of fictitious names, as the object of the colloquial sentences in a Pushtu Examination is to get as near a real conversation as possible. In 1901 I had not heard of Khwaja Muhammad Khan.

From—The HON'BLE SIR CHARLES STEWART-WILSON, K.C.I.E., Director-General of Posts and Telegraphs,

To—The Secretary to the Government of India, Home Department.

With reference to Government of India, Home Department letter No. 865, dated the 1st of June 1912, I have the honour to report that the multiple telegram in question addressed amongst others to His Imperial Majesty the King and His Excellency the Viceroy was tendered at the Peshawar Telegraph Office by a messenger from the Khan of Hoti or his Agent. The subject of the telegram was apparently the treatment of the Khan in jail and, as its language was considered by the Telegraph Master to be derogatory to the Head of the local Administration, he referred it to the Deputy Commissioner, Peshawar, who decided that it might be sent on. The telegram was received back at the Telegraph Office within half an hour, but, not having been paid for, it could not be transmitted. As the messenger had meanwhile left the office, the telegram was put aside and is now not to be found. On the return of the Deputy Commissioner to Peshawar—he is now on tour—possibly a copy of the telegram may be available, and, if so, it will be forwarded at once. The Telegraph Master concerned is on leave at present.

2. In referring the telegram to the Deputy Commissioner, the Telegraph Master, Peshawar, acted correctly under Rules 15 and 156 of the Telegraph Guide; but in raising this question prior to the booking of the telegram, his action was irregular and reprehensible and was contrary to the instructions given in Traffic Instructions, Article 114.

OFFICE MEMORANDUM BY THE INSPECTOR OF SCHOOLS, BURDWAN DIVISION.

UNIVERSITY MATRICULATION EXAMINATION, 1913.

PRIVATE STUDENTS.

1. *Private students* are those who have not attended any recognized or unrecognized high English school for at least one year previous to the examination. The term "private students" includes *school masters*.

2. Private students must appear at the test examination of one of the following institutions on the dates mentioned against it :—

Those from the	At the test examination of	Date of commencement of test examination.
1	2	3
1. Howrah district	Howrah Zilla School ...	16th December 1912.
2. Bankura „	Bankura ditto ...	16th „ „
3. Birbhum „	Birbhum ditto ...	9th „ „
4. Midnapore „	Midnapore Collegiate School ...	9th „ „
5. Hooghly „	Uttarpara Government School	16th „ „
	Hooghly Branch School ...	2nd January 1913.
6. Burdwan „	Burdwan Raj Collegiate School (with the Principal's permission).	14th December 1912.

Each private student will pay a fee of Rs. 2 to the head of the institution at which he appears for the test examination. The balance, after payment of expenses (stationery, etc.), will go as remuneration to the examiners. No private student will be admitted to the test examination, unless he is accompanied, for the purpose of identification, by some person known to the head master of the institution at which he appears.

3. Applications for permission to appear must be sent in time to reach *this office* not later than the 28th October. The information to be given and the documents to be appended in original are the following :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the head master of the school in which he last read; or

(*c*) in the case of a candidate who previously appeared at the Entrance examination the Registrar's receipt (in original) for the fee paid.

(*d*) Age of the candidate not required in cases of (*b*) and (*c*). No candidate who has not completed the age of 16 years on the first day of the Matriculation examination will be allowed to appear at it. The original horoscope and an affidavit made by the guardian in a court, also a copy of the birth register if procurable, should also be sent.

(*e*) In the case of school masters, a certificate of good conduct from the Secretary or proprietor of the school in which the candidate is serving.

(*f*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation examination held in March 1912.

(*g*) The names of subjects in which the candidate wishes to be examined.

4. The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission *to the test examination*.

5. The head master of an institution (one of those named above) should direct private students who satisfy the test to appear before him in due time with their applications for admission to the Matriculation examination and

to sign them in his presence. He will then grant the necessary certificates, and forward the applications to this office for countersignature, which should reach this office positively on or before the 11th of January 1913, after which they will be sent by the Inspector *direct* to the candidates.

6. *In no circumstances should the fee for the Matriculation examination be sent to this office.* It should be sent to the Registrar by the candidates themselves, together with the countersigned applications.

7. Private students must understand that the test examination of any schools other than those named above will not be accepted by this office.

8. The address of each private student should be supplied to this office.

9. The Matriculation examination in 1913 will be held on the 3rd March 1913 and following days. Applications and fees for admission must reach the office of the Registrar on or before the 18th January 1913.

INTERMEDIATE AND B.A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* masters of English schools who have served as such for the full period of three academical years preceding the examination will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B.A. examinations must produce certificates of character and length of service from the Secretaries of their respective schools Candidates for the B.A. examination must forward with their applications their F.A. certificates, and those for the Intermediate examination their Entrance certificates. Those candidates who have been admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, the candidates for the Intermediate and B.A. examinations are requested, in the first instance, to apply for and obtain the permission of the Senate. Their applications will not be accepted, unless they are supported by the permission of the Senate. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully filled in and submitted to this office, *on or before the 13th January 1913*. together with other papers as mentioned in rules 2 and 3, after which no applications will be received.

5. The Intermediate and B.A. examinations in 1913 will be held on the 17th March 1913 and following days. The applications and fees for admission must reach the office of the Registrar on or before the 1st February 1913.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates situate in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 25th September 1912, corresponding with 9th Aswin 1319 B.S. The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchasers of these estates will be considered as the proprietors of the estates, and the entire proprietary right of Government in such estates will be transferred to them, subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Signals to be made by vessels approaching Defended ports when inconvenienced by searchlights.

No. 434 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 995 of 1912), are republished:—

Any vessel approaching a defended port in the Union of South Africa when searchlights are being worked, and finding that they interfere with her safe navigation, may make use of the following signals, either singly or combined:—

(*a*) By flashing lamp, *four short* flashes followed by *one long* flash.
(*b*) By whistle, siren, or fog-horn, *four short* blasts followed by *one long* blast.

Whenever possible, both flashing lamp signals and sound signals should be used.

On these signals being made, the searchlights will be worked so as to cause the least inconvenience, being either doused, raised, or their direction altered.

The signals should not be used without real necessity, as unless the vessel is actually in the rays of the searchlight it is impossible to know which searchlight is affected.

Note.

These signals are designed to assist mariners and do not render the Government liable in any way.

New bar cutting, Brisbane river.

No. 421 (third publication).—The Portmaster, Brisbane, has given Notice (No. 8 of 1912) that on and after 1st October 1912, the dredged cutting giving entrance to the Brisbane River hitherto will be abandoned, and the new cutting will be open to use. This new cutting is on the same alignment as the cutting from the West Beacon inwards past Luggage Point. Its bearing is S. 23° W. magnetic.

The new cutting has a bottom width of 400 feet and a net depth of 24 feet at low-water springs.

It will be marked by five red triangular beacons to starboard and five square black beacons to port when entering; the outermost beacons are on a depth of 9 feet at low water, and all beacons are 150 feet off the edge of the cutting. The marks to indicate the centre line will be two lighthouses on Bulwer Island, transferred from Fisherman Islands. By night a white light will be shown from the back tower and a red light from the front or nearer tower, these lights being the same as those marking the present entrance cutting. In addition the small floating white light now marking the outer end of the present cutting will be transferred to mark the outer end of the new cutting, and will be moored on the west side thereof in a depth of 24 feet at low water, distant 450 feet from the line of lights. It will bear N. 72° E., distant 1¾ miles from the Pile Lighthouse.

The main light and the tidal signals shown from the Pile Lighthouse will be continued as hitherto until the new Pile Lighthouse is erected, of which due notice will be given.

The small white light shown from the west beacon will be discontinued.

DIRECTIONS.

By Day.—Vessels from seaward will steer for the Pile Lighthouse as hitherto until the floating lightboat is plainly visible, when a course is to be steered to pass 450 feet to eastward of it, bringing the two lighthouses on Bulwer Island bearing S. 23° W. in line ahead. Keep them so passing six red beacons to starboard, including the present west beacon, and five black beacons to port, after which continue on the same line until past Luggage Point and the floating lightboat is neared, when proceed as before.

By Night.—Vessels from seaward will steer for the Pile Light as hitherto until the small floating white light at the outer end of the cutting is visible, when steer to pass it on the starboard hand 450 feet distant, and bring the red and white lights on Bulwer Island bearing S. 23° W. in line ahead. Keep them so passing Luggage Point until the small floating light marking the turn into the Pelican Bank Cutting is approached, when proceed as before.

The New Pile Light will bear N. 62½° E., distant 13,800 feet from the existing Pile Light, and will be 450 feet to the eastward of the line of marks for the new cutting, in a depth of 30 feet at L.W.S.

During erection wooden piles will be driven, from which at night two green lights vertical will be exhibited.

REPORT ON THE ADMINISTRATION OF THE SALT DEPARTMENT IN BENGAL DURING THE YEAR 1911-12.

NOTIFICATION.

No. 244T.—S.R.—The 11th September 1912.—The following extracts from the report of the Commissioner of Excise and Salt, Bengal, on the administration of the Salt Department in the Presidency of Bengal during the year 1911-12, and from the letter of the Board of Revenue reviewing the report, are published for general information.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

No. 3732B., dated Calcutta, the 25th July 1912.

From—M. G. HALLETT, ESQ., I.C.S., Offg. Secretary to the Board of Revenue, L. P., Miscellaneous Revenue Department,

To—The Secretary to the Government of Bengal, Financial Department.

I AM directed to submit the accompanying report, received from the Commissioner of Excise and Salt, Bengal, on the administration of the Salt Department in the year 1911-12. The report relates to the Presidency of Bengal as constituted after the

Member in charge:
THE HON'BLE MR. D. J. MACPHERSON, C.I.E., I.C.S.

territorial redistribution on the 1st April 1912, and includes within its scope the preventive operations in the saliferous districts of the Province, which were under the control of the Commissioner of Excise and Salt, and the importations and issues of salt under the control of the Customs authorities.

* * * * * * *

3. **Credit system of payment of duty on Salt.** * * * The salt credit system continued to be popular in Calcutta, and very extensive advantage was taken of it by the salt merchants during the year under review. It is reported that securities to the amount of Rs. 26,12,500 were deposited by them during the year, and the quantity of salt issued under the system rose to the high figure of 4,915,766 maunds. Although the system was in force in Chittagong, it was not taken advantage of by any salt merchants there.

4. **Salt bonding arrangements in Calcutta and Chittagong.** * * * The revised scheme for the construction of seven additional *golas* on the Sulkea foreshore, at a total estimated approximate cost of Rs. 4,50,000, received the administrative approval of the Government of India, and detailed plans and estimates were submitted by the Board in February 1912. Revised plans and estimates for a stacking shed and one additional turntable in the compound of the salt *golas* at Sulkea, at a total estimated cost of Rs. 27,858, also received the administrative approval of the Government of India in February 1912. A second revised estimate, amounting to Rs. 4,08,345, for constructing salt *golas* at Chittagong, including an expenditure of Rs. 14,400 on quarters for the Salt Inspector and Assistant Inspector, has been sanctioned by the Government of India in the Public Works Department in their letter No. 562B., dated the 2nd May 1912. A supplementary estimate, amounting to Rs. 51,333, which will include certain additional works, is being prepared by the Public Works Department and will shortly be submitted to Government for sanction.

5. **Imports.** * * * The imports into the port of Calcutta show an increase of over 15 lakhs of maunds as compared with the previous year, and the importations into the port of Chittagong an increase of nearly 5 lakhs or 113·1 per cent. Of the several countries which exported salt to Calcutta, the United Kingdom supplied the largest quantity, while Aden was the largest exporter to Chittagong. As regards Calcutta, it is reported that the salt trade generally was brisk and more vessels than usual were employed in it. The large increase in the import from Aden into Chittagong is attributed to the reopening by a Bombay firm of their business at Chittagong, which they had previously closed pending the erection of their salt factory at Aden, while the increased exports by other foreign countries to Chittagong are explained by the fact that more tonnage was available for the carriage of salt during the year under report than in the previous year.

6. **Consumption and prices.** * * * The total quantity of salt which passed into consumption in the Province of Bengal as constituted in 1911-12 was 9,258,319 maunds, and that which passed into consumption in Eastern Bengal and Assam during the year was 5,173,274 maunds. The figures for the total consumption of salt in the territories now constituting the Presidency of Bengal are not available as yet. There was an increase of 3 annas 1 pie in the average wholesale price per maund of salt, which is attributable to the high prices of imported salt in the Calcutta and Chittagong markets. The average retail price for the Province was 10⅝ pies a seer against 9¾ pies in the previous year. Exclusive of duty, the average wholesale price of Liverpool salt per 100 maunds as sold from the ship's side in Calcutta rose from Rs. 45-11-11 in 1910-11 to Rs. 64-7-1·4. The rise in price is attributed generally to high freight and to the formation of a combine with the object of maintaining prices at a high level and of obviating the cutting of rates to which competition gives rise.

7. * * * There was a slight increase in the number of seizures of illicit salt and in the number of prosecutions under the Salt Law (Act XII of 1882) in the districts of Midnapore, Howrah and the 24-Parganas during the year, as compared with the previous year, but the total number of cases was very small. No cases were reported in Khulna, Noakhali and Chittagong, and no cases were sent up under section 5 of Act VII (B.C.) of 1864. The absence of salt crime is attributed to the effective patrol of salt officers, the cheapness of licit salt, the wide distribution of shops for the sale of licit salt and the prosperous condition of the people generally.

8. **Receipts and charges.** * * * The financial results of the year, as compared with those of 1910-11, show an increase of over 11 lakhs or 9·3 per cent. in receipts, and a decrease of Rs. 28,721 or 8·06 per cent. in expenditure, the net revenue exceeding that of the previous year by 9·8 per cent.

* * * * * * *

No. 1698., dated Calcutta, the 29th June 1912.

From—JAMES DONALD, ESQ., M.A., I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Board of Revenue, L. P.

I HAVE the honour to submit the following consolidated report on the administration of the Salt Department for the year 1911-12. The report deals with preventive operations in the saliferous districts of the existing province of Bengal, which were under the control of the Commissioner of Excise and Salt, and the importation and issues of salt under the control of the Customs authorities.

2. **Charge of Department.**—The Hon'ble Mr. Oldham was throughout the year in charge of the department in the province of Bengal as constituted during the period. Major Kennedy held charge of the department in Eastern Bengal and Assam from the 1st April to the 3rd September 1911, and I was in charge for the rest of the year.

CHAPTER I.—GENERAL.

* * * * * * *

8. **Non-use and sale of the temporary golas at Sulkea.**—The temporary *golas* at Sulkea were not used at all during the year, and their condition became such as not to warrant money being spent on their repairs. They were therefore sold recently for Rs. 1,325.

* * * * * * *

CHAPTER II.—STOCKS, IMPORTS AND CLEARANCES.

10. **Accounts of stocks and issues.**—The stocks, imports and clearances of the salt warehouses for the year 1910-11 and 1911-12 are shown below :—

Stocks, imports, etc.	1910-11.	1911-12.
	Mds.	Mds.
Total of all stocks at the commencement of the year	2,835,140	1,871,881
Total quantity imported during the year	12,313,780	14,317,055
Excess found in the *golas*	3,359	8,398
Total ...	15,152,279	16,197,334

Stocks, imports, etc.	1910-11.	1911-12.
	Mds.	Mds.
Quantity on which duty was paid during the year	12,917,862	13,484,205
Quantity which passed free of duty for the manufacture of glazed stone-ware, etc.	4,020	3,504
Quantity of non-duty-paid salt removed under bond to warehouses in Assam and Orissa	176,382	195,475
Quantity written off during the year for wastage or otherwise ...	182;134	126,775
Total ...	13,280,398	13,809,959
Balance at the close of the year ...	1,871,881	2,387,375

The stocks in all the *golas*, both public and private, at the commencement of the year were less by nearly 10 lakhs of maunds than on the 1st April 1910. The receipts, however, exceeded those of the previous year by over 20 lakhs of maunds. The salt trade generally was brisk, and a greater number of vessels than usual were employed in bringing salt. The clearances were also in excess of those of the previous year by more than 5½ lakhs of maunds. In addition to the closing balance of 2,387,375 maunds, there were at the close of the year 157,563 maunds of salt lying afloat in the port of Calcutta as compared with 114,356 maunds on the 31st March 1911.

11. **Imports.** * * * The total importations in Calcutta, although they did not reach the figures of the exceptional year 1908-09, were higher than in any other year during the past five years, and show an increase of 12·7 per cent. over those of 1910-11. The receipts in Calcutta were mainly from the United Kingdom. Spain, Salif, Aden, Port Said, Germany, Bombay, Massowah and Tunis were the next largest exporters in the order named. Tunis salt came into the Calcutta port after a number of years. No salt was imported by sea from Madras during the year, but it is understood that there is every probability of an early importation of salt from that Presidency.

There was a great increase in the importations into the port of Chittagong, the receipts being 113·1 per cent. in excess of the previous year. Aden supplied the largest quantity, and the large increase from this source was due to the reopening by a Bombay firm of their business at Chittagong, which they had previously closed pending the erection of their salt factory at Aden. Other foreign countries—the United Kingdom, Spain and Germany—also exported salt to Chittagong in increased quantities, which is explained by the fact that more tonnage was available for the carriage of salt during 1911-12 than in the previous year. There was very little salt in the Government warehouses at Chittagong in the third quarter of the year, due to high freights and to difficulty in chartering steamers to bring salt to the port. As a result the salt merchants brought 348 tons duty-paid and 1,000 tons non-duty-paid salt from Calcutta.

Out of the total importations of 13,391,708 maunds into the port of Calcutta, 9,587,845 maunds, or 71 per cent., were bonded in the Sulkea and Kidderpore *golas* during the year as against a percentage of 67 in the previous year. The advantages of direct delivery from shipboard are recognized to a large extent, and the importers are offering great inducements to merchants taking their salt in this way.

12. **Sales of imported salt from shipboard and bond.** * * * In Calcutta the sales direct from shipboard show an increase of 2·7 per cent., while those from bond show an increase of 4·9 per cent. In Chittagong the sales direct from ship exhibit an increase of 34·7 per cent., while those from bond an increase of 1·9 per cent. There was an increase of 3·8 per cent. in the total sales of imported salt. All the vessels carrying salt to Calcutta were steamers.

13. **Transactions in the golas.**—The total transactions at the *golas* in Calcutta and Chittagong for the past five years are given below :—

Years.	Calcutta. Mds.	Chittagong. Mds.
1907-08	19,286,421	1,851,040
1908-09	19,575,642	1,719,182
1909-10	16,732,270	1,454,034
1910-11	16,974,317	994,315
1911-12	18,916,765	1,460,568

The transactions in Calcutta show a large increase over those in the two previous years and approach nearly to those of the first year of the quinquennium. The transactions in Chittagong recovered and exceeded those of 1909-10.

The quantity of salt handled at Sulkea was 15,982,266 maunds against 15,200,034 maunds in the preceding year, and that at Kidderpore 2,934,499 maunds against 1,774,283 maunds.

* * * * * * *

15. **Inland bonded warehouses.**—There were 9 private bonded warehouses in the Province against 13 in the previous year, 2 at Narainganj (Dacca), 1 at Bhairab Bazar (Mymensingh), 1 at Madaripur (Faridpur), 4 at Jhalakati (Bakarganj), and 1 at Chandpur (Tippera). One warehouse at Narainganj, 1 at Bhairab Bazar, 1 at Kamalaghat, and 2 at Chandpur were closed, while a new *gola* was opened at Jhalakati. The quantity of salt despatched to these warehouses from shipboard and *golas* in the ports of Calcutta and Chittagong was 750,448 maunds against 858,406 maunds in the previous year, showing a decrease of 12·5 per cent. The quantity of salt despatched from shipboard to the two bonded warehouses at Chandbali in the district of Balasore, in the province of Bihar and Orissa, and to the warehouse at Balaganj, in Assam, was 128,500 maunds and 66,975 maunds, respectively, against 132,430 maunds and 43,952 maunds, respectively, in the previous year, showing an aggregate increase of 19,093 maunds, or 10·8 per cent.

* * * * * * *

CHAPTER III.—CONSUMPTION AND PRICES.

18. **Consumption.**—The total quantity of salt which passed into consumption in the Province of Bengal as constituted during the year 1911-12 was 9,258,319 maunds. This is exclusive of 4,247,312 maunds, the net export by land, but inclusive of 21,426 maunds educed from saltpetre (excluding 400 maunds of *sitta* or impure salt). The total quantity of salt which passed into consumption in Eastern Bengal and Assam during the year was 5,173,274 maunds.

19. **Prices of salt in Bengal generally.** * * * There was an increase of 3 annas 1 pie in the average wholesale price as compared with the previous year, which is attributable to the high prices of imported salt in the Calcutta and Chittagong markets. The retail prices in the saliferous districts remained generally the same as in the previous year, the price per seer ranging from 9 pies to 1 anna 3 pies. The Collector of Chittagong reports that at Nillah, in the Cox's Bazar Circle of the district, the price stood at 1 anna 6 pies per seer during the first half of the year and that during the quarter ending September 1911 the price in the Teknaf Bazar in that circle rose to the same figure. This rise in price was due to a shortage of stock.

Exclusive of duty, the average wholesale price of Liverpool salt per 100 maunds as sold from the ship's side in the port of Calcutta was Rs. 64-7-1·4 against Rs. 45-11-11 in 1910-11. From a statement furnished by the Collector of Customs, Calcutta, showing the prices of salt as given in the weekly price lists, it appears that at the end of the year 1910-11 prices

showed an upward tendency after a period of depression. This officer reports that a combine was formed with the object of maintaining prices at a high level and of obviating the cutting of rates to which competition gives rise. The result was that prices ruled high and there was a temporary holding off on the part of purchasers until more normal conditions obtained. In December 1911 an importation of Aden salt was introduced into the market and the combine was forced to lower its prices in its endeavour to exclude the intruder. Liverpool, Hamburg and Salif salt dropped as much as Rs. 30 per 100 maunds in the course of a fortnight. Heavy clearances and large speculative purchases were the natural result, and it was not until early in February last that the market made a recovery and at the end of the year it closed steady. The rates for steamer freights were high throughout the year, and they remained so at its close. The market at Chittagong was not disturbed by any similar causes, and the price of salt was considerably higher than in Calcutta.

* * * * * * *

CHAPTER V.—FINANCIAL RESULTS.

24. **Receipts and charges.**—The financial results of the administration of the Salt Department during the year, as compared with the preceding year, * * * show an increase of Rs. 11,06,979, or 9·3 per cent. in receipts and a decrease of Rs. 28,721, or 8·06 per cent. in the charges. The net revenue was Rs. 1,26,51,681, which exceeds that of the previous year by Rs. 11,35,700, or 9·8 per cent. The increase in the receipts occurred mainly under the head "Import duty on salt." The charges do not include any share of the cost of the Customs Preventive Service, which is largely employed in safeguarding the salt revenue.

* * * * * * *

CHAPTER VI.—MISCELLANEOUS.

25. **Trade in Saltpetre Salt.**—The quantity of salt educed in the manufacture or refinement of saltpetre during the year, and removed on payment of duty from the refineries in Bihar and in Calcutta, was 21,426 maunds (exclusive of 400 maunds of *sitta*) against 21,740 maunds (exclusive of 455 maunds of *sitta*) in 1910-11.

26. **Saltpetre refineries and Soda factory.**—There were only two licensed refineries, at Soorah and Kakurgachi, under the control of the Commissioner of Salt, Bengal. A factory for the manufacture of sulphate of soda by artificial heat was opened at Tangra during the year.

The quantity of refined saltpetre produced in the two refineries was 7,329 maunds against 6,163 maunds in the previous year. The quantity of salt educed in the process of refinement of saltpetre increased from 548 maunds to 806 maunds, and the quantity of *sitta* (impure salt) left in the course of refinement from 794 maunds to 1,059 maunds. The increase in the outturn was due to greater activity at the Kakurgachi refinery.

Eight hundred and forty maunds of educed salt and 400 maunds of *sitta* were sold during the year against 503 maunds and 455 maunds, respectively, in the previous year, the duty realized being Rs. 1,040 as against Rs. 730. The license fees realized from the two saltpetre refineries and from the newly opened factory for the manufacture of sulphate of soda were Rs. 100 and Rs. 2, respectively.

GANGES TRAINING WORKS.

No. 4377*I.*

GOVERNMENT OF BENGAL.

PUBLIC WORKS (IRRIGATION) DEPARTMENT.

IRRIGATION.

Dated Calcutta, the 16th September 1912.

THE following brief report on the action taken to keep the main channel of the Ganges open for large river steamers between Digha Ghat and Goalundo is published for general information.

F. A. A. COWLEY,
Dy. Secy. to the Govt. of Bengal.

PREVIOUS to the year 1902-03 the India General Navigation and Railway Company and the Rivers Steam Navigation Company combined at their own expense to improve the channels of the Ganges where necessary in the dry season between Buxar and Damukdia. In the years 1902-03 to 1904-05 Government undertook on a representation made by the Managing Agents, India General Navigation and Railway Company and Rivers Steam Navigation Company backed by the strong recommendation of Mr. O. C. Lees, Superintending Engineer, to carry on the conservancy of the Ganges and in these three years a sum of about one lakh of rupees irrespective of supervision charges was spent in "bandel" works for the improvement of certain channels during the dry season. The results of the work undertaken by Government was described by Mr. Arnott, now Officiating Chief Engineer, Bihar and Orissa, in May 1905 in the following words :—

"Except for a few days at Rampore Boalia, when the channel was changing throughout the whole season, a uniform average depth of 5 feet over all shoals has been maintained. If more work is done in the way of closing up all minor loops that dissipate some of the water, but are not sufficiently big to affect the main channel, it will be possible, I consider, to increase this depth to 6 feet. This, on the other hand, will increase the cost of the operations by about 25 per cent. and it does not seem justifiable. The India General Navigation and Railway Company restricted their steamer draught to 4 feet 6 inches this year and of course would like to load to 5 feet 6 inches."

2. In June 1909, Sir Edward Baker, then Lieutenant-Governor of Bengal, gave orders that the conservancy of the Ganges should be again taken up in order to maintain a depth of 5 feet over shoals, and that the necessary provision should be made in the budget estimate of the year 1910-11. A special Public Works subdivision was accordingly formed in October 1910 under the direction of the Executive Engineer, Nadia Rivers Division, and the services of Captain Patterson of the India General Navigation and Railway Company were obtained by special arrangements with that Company to supervise the work of training by bandels. In the season 1910-11, seven shoals were successfully trained and the least depth of water over the 16 shoals which were reported upon by the Pilot Superintendent of the India General Navigation and Railway Company was 6 feet.

3. In the year 1911-12, Government again decided to continue the operations, as the results of the previous year had been so favourable, and as in the previous year a Special Training Works subdivision was again formed from 15th October 1911. In this year the number of shoals successfully trained was eight and the least depth of water throughout the season was 6 feet. Some difficulty was experienced with the Birpur channel between Patna and Mokameh in January, February, but in April 1912 there was 13½ feet of water over this shoal, although the river gauge at Dinapur shews the water level to have been 7 feet lower than on the 1st April 1911. The result of this year's work and the general benefit to trade is summed up in the attached report of the Ganges Superintendent of Messrs. India General Navigation and Railway Company and Rivers Steam Navigation Company.

4. The cost to Government of these two years' operations has been Rs. 42,000, exclusive of establishment charges, and this sum would have been considerably increased but for the fact that the materials for training works have been carried free of cost by the steamer companies interested in the work.

Copy of report made by the Ganges Superintendent of Messrs. India General Navigation and Railway Company and Rivers Steam Company, (Digha), 30th May 1912, to the Executive Engineer, Nadia Rivers Division.

GANGES TRAINING WORKS.

IN continuation of my letter No. 723, of the 11th instant, and in reference to your memorandum No. 4296, of the 8th idem, I have the honour to submit the following remarks on the working of the Ganges Steamer Service during the period December 1911 to March 1912:—

December 1911.

The corresponding month of 1910 was not dealt with in my report dated the 1st April 1911, but for comparative purposes I now give traffic figures.

With an equal number of steamers on service sailings were—in 1910, 24 steamers and 3 flats; in 1911, 27 steamers and 7 flats.

Maundage, 1910 ... 118,988 | Maundage, 1911 ... 122,904.

The Ganges is primarily a service of single-handed despatch steamers; but, notwithstanding the extra flat towages of 1911, arrivals to time were greater *pro rata* than in 1910. There was no draft limit during the month.

January 1912.

Sailings from Digha—Patna, were 25 steamers with 7 flats, against 30 steamers with 10 flats in 1911. Maundage landed in Goalundo totalled 166,000 compared with 195,000 maunds in January 1911. Thus whilst the tonnage engaged was less by some 60,000 maunds, actual freight carried dropped 29,000 maunds only—a striking example of what can be done with a systematised training of channels.

Despite the heavy fogs which prevailed during this month the majority of steamers ran to time, three only having exceeded to any extent the schedule.

Maundage carried, it will be noticed, during the period January—March 1912, decreased throughout. This is due largely to the poor potato season.

February 1912.

Twenty-one sailings with 5 flats, against 27 sailings with 7 flats during 1911.

Maundage 143,000 as compared with 187,000 maunds for the corresponding month last year.

Tonnage employed was less by some 66,000 maunds, whilst actual decrease of freight shows 44,000 maunds only. The figures speak for themselves. Vessels were allowed to load to their fullest capacity. Under the circumstances the failure of the potato crop was singularly unfortunate.

Slight trouble was experienced with the Beerpur channel and Ramdiri shoal during the month but due to the attention given by the officer in charge of the training works a restriction of draft was avoided.

Arrivals to time were well maintained, only three steamers and these with flats in tow, exceeded the scheduled timing beyond two days, one was four days late, two were three days late.

March 1912.

There were 26 sailings with 5 flats as compared with 30 sailings with 12 flats in 1911. Maundage carried totalled 148,990, against 182.743 maunds for March last year. A decrease of 33,753 maunds only, whilst the tonnage employed was less by some 90,000 maunds, which exemplifies to an even greater extent than the preceding months the value of the training works under able supervision.

Twenty-two steamers arrived to time, two were one day late and two (one with flat in tow) two days late.

It is essential in the interests of trade that this state of efficiency be maintained, enabling the fullest advantage being taken of the country's natural means of transport. There is no doubt that the training works of the past two seasons have been of great benefit to the public in improving transport on the river in the dry season. It is unfortunate that the volume of traffic was affected during the period under review by the shortage in the potato crop, the absence of demand for food-stuffs to be moved from Bihar to Eastern Bengal owing to the plentiful nature of the crops grown in the latter district, and the scarcity in Western India which drew a good deal of the production of Bihar in that direction.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 16th September 1912.

Summary.—During the week under report the rainfall was generally light throughout the province but more rain is wanted for the growth of winter rice in places in the Presidency and Burdwan Divisions. Harvesting of autumn rice and transplantation of winter rice are nearing completion. Weeding of winter rice is going on and prospects are good. Harvesting of jute is in progress. The average price of common rice is gradually falling. Outbreaks of cattle-disease are reported from five districts, but are confined to particular localities.

POLITICAL DEPARTMENT.

POLICE.

NOTIFICATIONS.

No. 497&P.—The 24th September 1912.—The following revised rules for the recruitment of Sub-Inspectors of Police, which have been provisionally sanctioned by Government in supersession of all previous rules on the subject, are published for general information :—

RULES FOR THE RECRUITMENT OF SUB-INSPECTORS OF POLICE, BENGAL.

A.—BY DIRECT APPOINTMENT.

1. Every Superintendent of Police will maintain a list of candidates for direct recruitment as Sub-Inspectors.

2. The list will comprise the names of all candidates recommended by—

(1) The Divisional Commissioner.
(2) The District Magistrate.
(3) The District Judge.
(4) The Inspector-General of Police.
(5) The Deputy Inspector-General of Police.
(6) The Superintendent of Police.
(7) The Director of Public Instruction.
(8) Inspectors of Schools.
(9) Principals of Government Colleges.

3. These officers may recommend only persons resident or domiciled within their respective jurisdictions. The province will be considered as the jurisdiction of the Deputy Inspector-General in charge of the Criminal Investigation Department, and Railway and River Police. Principals of colleges may recommend only past or present students of their colleges.

Persons who have not passed the Matriculation Examination may be recommended, provided they have a fair working knowledge of English and are otherwise specially qualified (*vide* rule 20).

4. Such recommendations may be made at any time. They should be submitted in the form of the nomination roll (form of application) appended to these rules.

On receipt of the roll, if it is in order, the Superintendent will file it and enter the name of the nominee in the list.

5. In August each year, the Inspector-General of Police will intimate to each Range Deputy Inspector-General of Police and Superintendent of Police the number of nominations required from each district, and any limitation to be observed in the number to be selected from any particular section of the population.

6. The Range Deputy Inspector-General will thereupon instruct each Superintendent of Police to publish freely in his district a notice inviting applications for the post of Sub-Inspector of Police. The notice should be sent to local associations, heads of schools, colleges, etc., and should also state that applications will be received by the Superintendent of Police up to the end of August, that printed application forms can be obtained from the office of the Superintendent of Police, free of cost, that candidates must possess the qualifications specified in rule 20; and that after filling in the application form, he must appear with it and his certificates, if any, before the Superintendent of Police, by whom he will be measured. The Superintendent of Police will then issue a verification roll and it shall be verified by an officer of rank not below that of Inspector. The Superintendent of Police will, if satisfied with the result of the verification and the candidate's physical and educational qualifications, send the candidate to the District Magistrate, and with his approval enter his name in the list of candidates as eligible.

7. The Range Deputy Inspector-General will communicate a similar notice to any reputable local newspaper, and freely seek the help and interest of heads of schools and colleges in securing candidates of a good class.

8. A list of candidates will be kept by the Superintendent of Police and the names of all candidates will be entered in it. Against those who are not passed as eligible, the word "Rejected" will be clearly written, and they will be debarred from presenting themselves again for selection and should be informed accordingly.

9. Those candidates who are considered eligible will be warned that they will have to appear before the Nomination Committee, consisting of the District Magistrate and Superintendent of Police, on a date in October or November to be subsequently fixed and communicated to them.

10. Selection in districts will be made by the Superintendent of Police and District Magistrate, who will call up the eligible candidates and will select the number for whom nominations have been called for under rule 5.

The District Committee will ordinarily nominate only candidates domiciled in its own district. Hindus and Muhammadans shall be selected, if eligible candidates are available, in the proportion which each class bears to the total population of the district. The Superintendent shall require selected candidates to produce health certificates in the form attached from the Civil Surgeon on payment of a fee of Rs. 4, and shall then submit to the Range Deputy Inspector-General a list of candidates selected, in order of selection, stating against each their qualifications and grounds of selection, and with this list, which should bear the District Magistrate's countersignature, he will also send—

(*i*) The list of candidates.
(*ii*) The applications of candidates with their certificates and testimonials and recommendations in original.
(*iii*) The verification rolls of candidates.
(*iv*) The health certificates of candidates.

11. On receipt of the list of nominees, the Range Deputy Inspector-General shall examine the papers and see that the rules have been observed. He will then after interviewing the candidates of his range at convenient centres, on dates which should be duly notified, nominate such candidates as he may think fit for admission into the Training School. He may also nominate candidates other than those chosen by the District Magistrates and Superintendents. If the number of candidates in any district falls short of requirements, he may make good the deficiency by selection among candidates of other districts.

12. The Range Deputy Inspector-General will then prepare a list of candidates nominated by him and forward it to the Inspector-General of Police not later than the 15th November each year, together with all the papers received by him from the District Magistrates and Superintendents of Police and also the application forms of candidates chosen by him other than those chosen by the District Magistrates and Superintendents.

13. The nomination of candidates to fill vacancies in the Railway and River Police will be made by the Superintendents of Railway and River Police, respectively, in consultation with the Magistrates of the districts to which the candidates belong, and the nomination rolls submitted by them to the Deputy Inspector-General in charge of the C. I. D., Railway and River Police. Except that the candidates may be residents of any districts in the province, the remaining rules will apply *mut tis mutandis* to the appointments of Sub-Inspectors of the Railway and River Police.

14. The final selection will be made by the Inspector-General of Police, who may accept the nominations made by the Deputy Inspector-General of Police or may call for fresh nominations or may select candidates other than those nominated by the Deputy Inspectors-General, District Magistrates and Superintendents of Police.

15. The candidates selected will undergo a course of instruction at the Police Training School.

A detailed list of such candidates will be sent to the Principal, Police Training School, together with their nomination and verification rolls and health certificates. These rolls will form part of the cadet's appointment papers, and will be sent to the Superintendents of Police of the districts to which the cadets are subsequently posted. The health certificates will be attached to the first pay bill.

16. Each selected candidate must be revaccinated before joining the Police Training School and must produce before the Principal a certificate from a Civil Surgeon showing the date on which this has been done.

(NOTE.—The Civil Surgeon should give the certificate of revaccination after the operation has been performed without fee.)

17. During the period of instruction they will be subject to the rules and regulations of the school and will receive Rs. 25 a month as salary. On being passed out of the Training School they will receive the full salary of the grade to which they are appointed.

18. The name of no candidate shall remain on the Superintendent's list for more than two years, unless the District Magistrate and Superintendent, when making their annual selection, consider that any particular candidate may be allowed to compete for a third year.

19. At their annual selection, the District Magistrate and the Superintendent should strike off the name of any candidate whose chance of success is hopeless, and such candidates shall not be again nominated.

20. The qualifications which a candidate for direct appointment must possess are the following:—

(*a*) He must be of good social standing and respectable parentage, and must ordinarily be a native of the division.

(*b*) He must be of good moral character.

(*c*) He must be over 21 and under 25 years of age on the 1st September.

(*d*) He must have passed the Entrance or Matriculation Examination of an Indian University or the Final B or C class examination of a zilla or high school. He must have a fluent knowledge of English.

(NOTE.—Preference will be given to graduates and under-graduates. A limited number of applicants who have obtained the B. L. degree will be appointed to a higher grade, and if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the rank of Court Inspector. Of the candidates selected 5 per cent. will ordinarily be appointed in higher grades for special reasons, such as exceptional education or social status or for standing first in the final examination.)

(*e*) He must be free from disease, constitutional affection or bodily infirmity unfitting him or likely to unfit him for Police duties.

(NOTE.—Stuttering or stammering is a defect which renders an applicant ineligible.)

(*f*) He must be not less than 5 feet 3 inches in height and 30 inches round the chest, and must have been vaccinated.

B.—BY PROMOTION OF HEAD-CONSTABLES.

21. Not more than 15 per cent. of the appointments of Sub-Inspectors made each year, exclusive of those of the Armed Reserve, may be filled by promotion from the rank of head-constables. The officers selected for promotion will ordinarily go through the prescribed course at the Training School along with the cadets who have been appointed direct, and will, during the perid of training, receive Rs. 25 a month as salary. The appointment of Sub-Inspectors of the Armed Reserve will ordinarily be made by promotion from amongst head-constables.

22. On the 1st January each Superintendent will submit to the Deputy Inspector-General of the Range, the names of not more than two head-constables serving in his district, whom he recommends for promotion to the rank of Sub-Inspector.

23. The Deputy Inspector-General of Police, when inspecting districts, will interview the head-constables thus recommended for promotion and will examine their Service Sheets and the District Orders concerning each.

He will then make a list of those whom he considers qualified for such promotion.

24. In August the Inspector-General of Police will intimate to the Deputy Inspector-General of each Range the number of promotions to be made in his Range, and the latter will submit the requisite number of recommendations before the 15th November.

The Inspector-General of Police may accept the recommendation of the Deputy Inspectors-General or may call for fresh nominations.

25. Head-constables recommended for promotion should ordinarily be over 30 and under 40 years of age. They must have served with credit for three full years in the department, and except in the case of Sub-Inspectors, required for the Armed Reserve or except for other special reasons, they must be sufficiently well educated to profit by the instruction given at the Training School.

PART I A.

Orders and Notifications by the Government of India.

The following order, issued by the Government of India, Home Department, published in the *Gazette of India* dated the 14th September 1912. is republished for general information.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

JUDICIAL.

Simla, the 13th September 1912.

No. 1728.—The following draft of certain rules which it is proposed to make in exercise of the powers conferred by sections 3 and 6 of the Indian Airships Act, 1911 (XVII of 1911), is published, as required by section 13 (1) of the said Act, for the information of persons likely to be affected thereby, and notice is given that the draft will be taken into consideration by the Governor-General in Council on or after the 15th October 1912.

2. Any objections or suggestions which may be received from any person with respect to these draft rules before the date fixed will be considered by the Governor-General in Council.

Draft rules.

1. These rules may be cited as the Indian Airship Rules, 1912.

2. In these rules, the "Act" means the Indian Airships Act, 1911, and "License" means a license granted under these rules.

3. No person shall possess or use an airship save under and in accordance with the conditions of a license granted under these rules.

4. The authority empowered to grant a license shall be—

(*a*) in any Presidency-town or Rangoon, the Commissioner of Police;
(*b*) in Aden, the Assistant Resident of Aden;
(*c*) in any other place, the Magistrate of the district.

5. Every applicant for a license shall furnish the particulars set forth in Form I in the Schedule.

6. On receipt of an application in accordance with the provisions of Rule 5 the licensing authority may, if it thinks fit, grant a license in Form II in the Schedule.

7. Any license may be cancelled by the authority which granted it if such authority is satisfied that such license was obtained by fraud or misrepresentation.

8. Any license may be cancelled by any authority empowered to grant such license if the license-holder contravenes the provisions of the Act or these rules or any condition contained in the license.

9. Subject to the provisions of the Act and of Rules 7 and 8, a license shall be valid throughout British India for a period of one year.

10. On the expiration of a license the same may from time to time be renewed for any period not exceeding one year by any authority empowered to grant a license. The renewing authority shall signify the fact of the renewal by an endorsement on the original license.

11. When any license is cancelled under Rule 7 or 8, the licensee shall deliver over the same to the authority cancelling it.

12. Any order made by any licensing authority under these rules shall be subject to revision by the local Government.

13. The carrying of any explosives, arms or ammunition or wireless telegraphic apparatus on any airship is prohibited.

14. The carrying of any carrier-birds or photographic apparatus on any airship is prohibited; provided that the local Government may, subject to such conditions and restrictions as it may impose, grant permission to the licensee of an airship to carry carrier-birds or photographic apparatus thereon.

15. Every licensee shall produce his license and produce or account for the airship covered by such license when called upon to do so by any Magistrate, or any Police officer not below the rank of a Sub-Inspector, or, if no Magistrate or Police officer of such rank is present, any commissioned officer of His Majesty's Royal Navy, Royal Indian Marine or land forces in India.

16. Any Magistrate or officer empowered under rule 15 may—

(*i*) enter, inspect and examine any place, carriage or vessel in which an airship is possessed or used under a license or in which he has reason to believe that an airship has been or is possessed or used in contravention of the provisions of the Act, or of these rules;

(*ii*) search for airships therein;

(*iii*) seize, detain and remove any airship which he has reason to believe is possessed or used in contravention of the Act or these rules; and

(*iv*) search any airship for explosives, arms, ammunition, carrier-birds, photographic or wireless telegraphic apparatus, and seize, detain and remove any such things found therein in contravention of the Act or these rules.

17. Any licensee contravening Rule 11 or 15 shall be punishable with imprisonment which may extend to one month or with fine which may extend to Rs. 200 or with both.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

MAURITIUS.

Signals to be made by vessels approaching Defended ports when inconvenienced by searchlights.

No. 439 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1013 of 1912), are republished:—

Any vessel approaching a defended port in the Colony of Mauritius when searchlights are being worked, and finding that they interfere with her safe navigation, may make use of the following signals, either singly or combined:—

(*a*) By flashing lamp, *four short* flashes followed by *one long* flash.
(*b*) By whistle, siren, or fog-horn, *four short* blasts followed by *one long* blast.

Whenever possible, both flashing lamp signals and sound signals should be used.

On these signals being made the searchlights will be worked so as to cause the least inconvenience, being either doused, raised, or their direction altered.

The signals should not be used without real necessity, as unless the vessel is actually in the rays of the searchlight it is impossible to know which searchlight is affected.

Note.

The signals are designed to assist mariners and do not render the Government liable in any way.

Authority.—Colonial Office, 2nd August 1912.

CEYLON.

Signals to be made by vessels approaching Defended ports when inconvenienced by searchlights.

DARJEELING, THE 17TH SEPTEMBER 1912.

RESOLUTION No. 211J.D.

READ—

A letter No. 298M.M., dated the 13th June 1912, from the Inspector-General of Registration, submitting (1) rules for the guidance of the Permanent Committee for the supervision of Muhammadan Marriage Registrars appointed under Bengal Act I of 1876 and Kazis appointed under Act XII of 1880, and (2) proposals for the constitution of a Permanent Committee for the new Bengal Presidency.

Resolution dated the 31st May 1884, regarding the establishment of a Permanent Committee for the supervision of Muhammadan Registrars and Kazis in Bengal.

Resolution No. 2698G., dated the 12th July 1907, recorded by the late Government of Eastern Bengal and Assam on the formation of a Permanent Committee for the supervision of Muhammadan Registrars and Kazis in that Province.

PREVIOUS to the amalgamation of the Province of Eastern Bengal and Assam with Bengal, there was a separate Permanent Committee for each

Province with separate rules for its guidance. The recent redistribution of Provinces necessitates the adoption of a revised set of rules for the guidance of the Permanent Committee for the Bengal Presidency as now constituted, as well as the formation of a new Permanent Committee for that Presidency.

The revised rules of which a draft has been submitted by the Inspector-General of Registration appear to be suitable with the exception of the rule which relates to the inspection by the members of the Permanent Committee of the offices of Muhammadan Marriage Registrars. The District Registrars and the Inspectors of Registration personally inspect those offices, and it is unnecessary to provide for a further inspection by the members of the Committee. It is also considered desirable that the functions of the Permanent Committee should be restricted to giving advice in such matters as may be placed before it by the President of the Committee. The following amended rules for the guidance of the Permanent Committee for the supervision of Muhammadan Registrars and Kazis in the Bengal Presidency are approved by Government :—

1. The Committee shall consist of five or more members appointed by the Local Government, the appointments being notified in the *Calcutta Gazette*. The Inspector-General of Registration for the time being shall be *ex-officio* President of the Committee. Three members will form a quorum. In case of death, resignation, inability (from any cause) to act of any member, the President shall submit a fresh nomination for the consideration of Government. Members shall hold office for a term of three years and shall be eligible for re-appointment on the expiry of the term.

2. The Committee shall meet at a place and time to be appointed by the President as often as may be found necessary for the transaction of business. Due notice of the matters to be laid before the Committee shall be circulated beforehand. In case of any urgent business or upon the requisition of three members, the President shall call a special meeting of the Committee for the consideration of such business.

3. The Committee shall deal with the following matters :—

(1) The consideration of all nominations to the post of Muhammadan Registrar or Kazi.

(2) Recommendations for suspension, dismissal and removal of Muhammadan Registrars and Kazis.

(3) And such other matters as the President may desire to place before the Committee for advice.

4. The Governor in Council also directs the constitution of a Permanent Committee for the Bengal Presidency which will be composed of the gentlemen named below :—

1. The Inspector-General of Registration, President—*ex-officio*.
2. Nawab A. F. M. Abdur Rahman, Khan Bahadur.
3. Nawab Serajul Islam, Khan Bahadur.
4. Maulvi Muhammad Abdullah.
5. „ Najmuddin Ahmad.
6. „ Muhammad Tahir.
7. Shamsul Ulama Maulvi Abu Nasr Muhammad Waheed.
8. „ „ „ Kamaluddin Ahmed.
9. The Hon'ble Nawab Syed Nawab Ali Chaudhry.
10. The Hon'ble Nawab Khaja Muhammad Yusuf, Khan Bahadur.
11. The Hon'ble Nawab Syed Hussam Haider Chaudhry, Khan Bahadur.
12. Mr. Z. R. Zahid.

ORDER.—Ordered that this Resolution be published in the *Calcutta Gazette*.

Ordered also that copies of the Resolution be forwarded to the Inspector-General of Registration, and to all District Registrars, for information and guidance.

By order of the Governor in Council,

A. H. CUMING,
Offg. Secy. to the Govt. of Bengal.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR AUGUST 1912.

I. *Character of the season.*—During the month under review the rainfall was below the normal throughout the province except in the districts of Midnapore, Dinajpur, Darjeeling, Rangpur, Bogra, Mymensingh, Tippera and Cooch Behar. The fall was markedly excessive in Dinajpur and Rangpur, where 8·65 and 6·05 inches, respectively, are reported to have been in excess of the normal, while Chittagong, Noakhali, Hooghly and Khulna report a decrease of 7·44, 5·76, 5·59 and 4·44 inches, respectively. The statement showing the rainfall in the several districts of the province is appended.

II. *Progress of agricultural operations.*—Harvesting of autumn rice was nearly finished and that of jute was in progress. Transplantation of winter rice was well forward, but more rain was still wanted in some districts for the operation, while towards the end of the month excessive rain impeded the transplantation in parts of the Rajshahi Division.

III. *State of standing crops.*—Condition of rice, jute and other standing crops was generally good.

IV. *Prospects and probable outturn of harvests.*—Prospects of jute and other *bhadoi* crops were on the whole fair, but insufficient rain affected the prospects of jute in places in the early part of the month.

V. *Damage to crops.*—Some damage was reported to have been done by insects to winter rice and jute in the early part of the month from places in the Presidency Division. Slight damage was also done by floods in the beginning of the month to crops on low lands in places of Rajshahi.

VI. *Condition of agricultural stock.*—Condition of agricultural stock was on the whole fair. Cattle-disease was reported to be prevalent in the districts of Nadia, Murshidabad, Jessore, Khulna, Burdwan, Malda and the Chittagong Hill Tracts, but were confined to particular localities.

VII. *Failure of pasturage and fodder.*—The supply of fodder was sufficient throughout the province except in parts of Tippera.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of common rice rose in 11 districts, fell in four and remained stationary in the rest. It varied from 6¼ seers a rupee in Darjeeling and the Chittagong Hill Tracts to 11$\frac{1}{16}$ seers in Faridpur.

IX. *Condition of agricultural people.*—The condition of agricultural people continued to be good.
